

TRADE ADJUSTMENT ASSISTANCE

2017 ANNUAL REPORT

Introduction

The Trade Adjustment Assistance (TAA) program helps trade-affected workers transition into long-term suitable employment. The number of participants receiving services and benefits varies based on the specific TAA-related certification. This report describes the services and outcomes for TAA-certified workers who participated or completed training in the TAA program during State Fiscal Year 2017 (SFY'17).

TAA-certified workers covered in this report were certified under and subject to the rules of the Trade Act of 1974, the Trade Act of 2002, the Trade and Globalization Adjustment Assistance Act of 2009, the Trade Adjustment Assistance Extension Act of 2011, or the Trade Adjustment Assistance Reauthorization Act of 2015 (TAARA 2015).

TAA Overview and Petition Process

TAA is a federal program that assists U.S. workers who have lost or may lose their jobs as a result of foreign trade. TAA seeks to provide adversely affected workers with opportunities to obtain the skills, credentials, resources, and support necessary to become reemployed. TAA services and benefits are administered by the Texas Workforce Commission (TWC) in cooperation with Texas' 28 Local Workforce Development Boards.

The first step to receiving TAA benefits and services is to file a petition online or by mail with the U.S. Department of Labor (DOL). Petitions can be obtained online or at Workforce Solutions Offices and can be filed by:

- three or more workers in the same firm or subdivision
- the workers' employer
- a union official or other duly authorized representative of the workers
- designated TWC or Workforce Solutions Office staff

Upon receiving a petition, DOL initiates an investigation to determine whether the circumstances of the layoff meet the group eligibility criteria established by the Trade Act of 1974, as amended.

TAA Program Eligibility

A TAA petition identifies a specific worker group at a firm and potentially covers all individuals in that group. If a worker is laid off, a petition must be submitted within one year of the layoff for that worker to be covered and certified under a DOL-approved petition.

A group of workers may be eligible for TAA if their jobs are lost or threatened due to trade-related circumstances as determined by DOL investigation. These circumstances may include:

- increased imports of articles or products;
- shift in production to or an acquisition of services or articles from any foreign country by the worker group's company
- employer's loss of business from a customer with TAA-certified workers
- employer identified as trade-injured by the International Trade Commission

After investigation, DOL determines group eligibility to apply for TAA benefits and services. Once a determination is issued by DOL, TWC contacts the employer to secure individual worker eligibility, which is predicated on separation due to lack of work (layoff). Workers are notified by TWC of their potential eligibility, at which time they may apply for services at Workforce Solutions Offices.
