PROPOSED RULES WITH PREAMBLE TO BE SUBMITTED TO THE TEXAS REGISTER. THIS DOCUMENT WILL HAVE NO SUBSTANTIVE CHANGES BUT IS SUBJECT TO FORMATTING CHANGES AS REQUIRED BY THE TEXAS REGISTER.

ON OCTOBER 3, 2006, THE TEXAS WORKFORCE COMMISSION PROPOSED THE BELOW RULES WITH PREAMBLE TO BE SUBMITTED TO THE TEXAS REGISTER.

Estimated Publication Date of the Proposal in the Texas Register: October 20, 2006
Estimated End of Comment Period: November 20, 2006

The Texas Workforce Commission (Commission) proposes the repeal of Chapter 809, relating to Texas Workforce Commission Child Care and Development Rules, in its entirety.

The Commission proposes new Chapter 809 as follows:

Subchapter A. General Provisions
Subchapter B. General Management
Subchapter C. Eligibility for Child Care Services
Subchapter D. Parent Rights and Responsibilities
Subchapter E. Requirements to Provide Child Care
Subchapter F. Fraud Fact-Finding and Improper Payments
Subchapter G. Appeal Procedures

PART I. PURPOSE, BACKGROUND, AND AUTHORITY
PART II. EXPLANATION OF INDIVIDUAL PROVISIONS
PART III. IMPACT STATEMENTS
PART IV. COORDINATION ACTIVITIES

PART I. PURPOSE, BACKGROUND, AND AUTHORITY

Texas Government Code §2001.039 requires that each state agency review and consider for readoption each rule adopted by that agency every four years. The Commission's Child Care and Development Rules, Chapter 809, were reviewed in 2005 with the goals of:
—removing administrative and operational procedures that have become unnecessary or are contained in other rules;
—updating terminology and definitions;
—including recent statutory requirements;
—removing obsolete provisions;
—streamlining and simplifying rule language; and
—promoting integrated support services for workforce services.

Some provisions in Chapter 809 were established when the Texas Department of Human Services—now consolidated within the Texas Health and Human Services Commission
(HHSC)—administered child care services. Other provisions were written when child care operated as a separate department within the Agency. As a result, Chapter 809 contains administrative procedures that subsequently have been included in other chapters of this title.

The purpose of the repeal of Chapter 809 and proposed new Chapter 809 is to:
—simplify and clarify rule language and definitions;
—remove obsolete provisions;
—promote operational efficiencies;
—include new policy initiatives; and
—include new statutory language.

Where possible, the rules remove administrative or procedural language that may be duplicated in:
—other chapters of this title;
—the Agency-Local Workforce Development Board (Board) Agreements;
—the Financial Manual for Grants and Contracts; and
—other procedural or administrative documents.

Repealed Chapter 809 contains 13 subchapters and 75 sections. New Chapter 809 reorganizes, consolidates, and streamlines the child care rules to 7 subchapters and 46 sections. The consolidation and reorganization of the child care rules is designed to create subchapters based on the five primary parties involved in the subsidized child care system:

1. The Commission, as the lead agency for the federal Child Care and Development Fund (CCDF)
2. The Local Workforce Development Boards and child care contractors that administer and manage the system
3. The children who are receiving child care services
4. The parents who are eligible for child care services
5. The child care providers who receive the child care subsidies

The Commission has retained many of the provisions in the repealed rules. However, in many cases, the provisions have been consolidated into different subchapters. For example, the repealed rules have three separate subchapters relating to the eligibility requirements for child care services. The new rules retain many of these provisions, however, they are consolidated into one subchapter related to the eligibility for child care. Similarly, the repealed rules have two separate subchapters relating to the requirements for child care providers; the new rules consolidate the requirements into a single subchapter.

Because of the reorganization of the child care rules, these changes are better accomplished by the repeal of the current rules and adoption of new rules.

The chart on the following pages provides a summary of the proposed rule changes.

PART II. EXPLANATION OF INDIVIDUAL PROVISIONS

SUBCHAPTER A. GENERAL PROVISIONS
The Commission proposes new Subchapter A, General Provisions, as follows:

Subchapter A contains the general provisions of the Child Care Services rules, which include the short title and purpose; definitions of terms used throughout Chapter 809; and the provisions related to requesting a waiver of the child care rules.

§809.1. Short Title and Purpose
Section 809.1(a) states that the short title of this chapter may be cited as the "Child Care Rules." Repealed Chapter 809 provides the short title as the "Child Care and Development Rules." The Commission removes the words "and Development" from the title of the rules to emphasize that these rules govern the use of any Commission funds used for child care, not simply the child care funds from CCDF.

Section 809.1(b) states that the purpose of the rules is to interpret and implement the requirements of state and federal statutes and regulations governing Commission-funded child care services, including quality improvement activities. This purpose remains the same as the purpose stated in repealed Chapter 809.

Section 809.1(b) also states that the Commission funds governed by the rules include CCDF funds allocated to local workforce development areas (workforce areas) through the allocation formula described in §800.58 of this title. Additionally, the child care rules govern the use of private donated funds; public transferred funds; and public certified expenditures that are used as state match for CCDF federal matching funds. The rules also govern the use of CCDF funds used for child care for children receiving protective services. In addition, these rules govern the use of other funds that are used for child care services allocated to workforce areas under Chapter 800 of this title.

Section 809.1(b) specifically lists the funds governed by this chapter to emphasize that the intent of the child care rules is to govern the use of any Commission-funded child care, including donated funds and certified expenditures used as state match for federal CCDF matching funds, as well as funds allocated by the Commission, such as Workforce Investment Act funds or other funds that may become available to the Commission and allocated to the workforce areas.

Finally, §809.1(c) provides that the rules contained in this chapter shall apply to the Commission, Boards, their child care contractors, child care providers, and parents applying for or eligible to receive child care services.

The new rules do not include provisions contained in repealed Subchapter A relating to the application of the rules in a workforce area in which there is no certified Board. These provisions were included in the rules when child care services were transferred from the Texas Department of Human Services (now the Texas Health and Human Services Commission) and are no longer necessary because each workforce area currently has, and is expected to maintain, a certified Board.
Additionally, the provisions in repealed Subchapter A relating to the Train Our Teachers (TOT) Award are not retained as the program is no longer funded by the Commission.

Texas Labor Code §302.006 directs that the TOT program is a permissible rather than a required program of the Commission. The Commission no longer funds TOT in order to maximize the amount of funds available for direct child care services.

§809.2. Definitions

Section 809.2 sets forth the definitions for terms used throughout new Chapter 809. It incorporates certain definitions found in other subchapters of repealed Chapter 809; certain definitions found in the CCDF State Plan; and new terms and definitions that are used throughout Chapter 809.

Attending a job training or educational program
The CCDF regulations at 45 C.F.R. §98.16(f)(3) require that the CCDF State Plan set forth how the state defines "attending" in regard to an individual's attendance in a job training or educational program. The CCDF State Plan states that an individual is "attending a job training or educational program" if the individual:
— is considered by the program to be officially enrolled in the job training or educational program;
— meets all attendance requirements established by the program; and
— is making progress toward successful completion of the program as determined by the Board.

Therefore, §809.2(1) includes the definition of "attending a job training or educational program," consistent with the CCDF State Plan.

Child
Section 809.2(2) defines a "child" as an individual who meets the general eligibility requirements in this subchapter for receiving child care. This definition is not changed from the repealed definition, except that the repealed definition contains the requirement that the child must reside with the parents. This requirement is set forth in new Subchapter C related to the General Eligibility for Child Care.

Child care contractor
Section 809.2(3) defines "child care contractor" as an entity or entities under contract with the Board to manage child care services. The term is retained from repealed Chapter 809, however, it is now defined. By defining "child care contractor," the Commission intends to include one or more entities that may be contracted by the Board to manage one or more functions related to the delivery of child care services. This includes contractors involved in determining eligibility for child care services, contractors involved in the billing and reimbursement process related to child care subsidies, as well as contractors involved in the funding of quality improvement activities as described in §809.16.
**Child care services**
Section 809.2(4) defines "child care services" as child care subsidies and quality improvement activities funded by the Commission. This definition is designed to incorporate child care subsidies and reimbursements paid to providers on behalf of eligible parents for direct child care for eligible children, as well as eligible child care quality improvement activities funded by the Commission. The intent is to provide in rule a general term that may be applied to both direct child care subsidies and quality activities that a parent or provider may receive.

**Child care subsidies**
Section 809.2(5) defines "child care subsidies" as Commission-funded child care reimbursements to an eligible child care provider for the direct care of an eligible child. The Commission's intent is to distinguish in rule language, when necessary, the difference between Commission-funded child care services for direct child care and Commission-funded child care services for quality improvement activities.

**Child with disabilities**
Section 809.2(6) defines a "child with disabilities" as a child who is mentally or physically incapable of performing routine activities of daily living within the child's typical chronological range of development. A child is considered to be incapable of performing the routine activities of daily living if the child requires assistance in performing tasks (major life activities) that are within the typical chronological range of development, including but not limited to, caring for oneself; performing manual tasks; walking, learning, talking, seeing, hearing, breathing; and working.

The new definition, especially as it relates to activities of daily living is based on the definition of "major life activities" found in the U.S. Department of Education regulations at 34 C.F.R. §104.3(j).

**Educational program**
CCDF regulations at 45 C.F.R. §98.16(f)(4) require the state to provide in the CCDF State Plan how the state defines a "job training and educational program" for the purposes of determining eligibility for a parent who is attending a job training or educational program. The Commission defines the term "educational program" separately from the term "job training program" in order to allow for the provision of time limits for parents participating in educational programs as set forth in §809.41, A Child's General Eligibility for Child Care Services, which will not be applied to parents attending job training programs.

The definition of an "educational program" is based on the definition provided in the CCDF State Plan. Section 809.2(7) defines "educational program" as a program that leads to:
— a high school diploma;
— a General Educational Development (GED) credential; or
— a postsecondary degree from an institution of higher education.

**Family**
For purposes of determining family size and family income in order to determine a parent's eligibility for child care services and to assess the parent share of cost, §809.2(8) defines the term
"family" as the unit composed of a child eligible to receive child care services, the parents of that child, and household dependents. This definition of a "family" is identical to the definition in the repealed rules.

*Household dependent*
Section 809.2(9) defines the term "household dependent" as an individual living in the household who is one of the following:
— an adult considered as a dependent of the parent for income tax purposes;
— a child of a teen parent; or
— a child or other minor living in the household who is the responsibility of the parents.

Although similar to the repealed definition, the new definition clarifies that the adult must be a dependent of the parent.

*Improper payments*
Section 809.2(10) defines "improper payments" as payments to a provider or Board's child care contractor for goods or services that are not in compliance with federal or state requirements or applicable contracts. This definition is consistent with the definition provided in the CCDF State Plan.

*Job training program*
CCDF regulations at 45 C.F.R. §98.16(f)(4) require the state to provide in the CCDF State Plan how the state defines a "job training program." Therefore, the Commission bases the definition of a "job training program" on the definition provided in the current CCDF State Plan. Section 809.2(11) defines a "job training program" as a program that provides training or instruction leading to:
— basic literacy;
— English proficiency;
— an occupational or professional certification or license; or
— the acquisition of technical skills, knowledge, and abilities specific to an occupation.

*Listed family home*
Section 809.2(12) defines a "listed family home" as an unregulated family home that is listed with, but not regulated by, the Texas Department of Family and Protective Services (DFPS) pursuant to Texas Human Resources Code §42.052(c). This term is used, but not specifically defined, in repealed Chapter 809. The Commission includes the definition of such homes because the new rules contain the provision that Boards may choose to include a listed family home as an eligible provider (as long as the Board ensures health and safety requirements are met).

*Military deployment*
Section 809.2(13) defines "military deployment," as it relates to the continuity of care for children with parents in the military, as the temporary duty assignment away from the permanent military installation or place of residence for reserve components of the single military parent or the dual military parents of a child enrolled in child care. This includes deployed parent(s) in the regular military, military reserves, or National Guard.
This definition is modified from the repealed rules to include any military deployment away from the parent's military installation or place of residence, not just combat deployment as provided in the repealed rules. The intent is to encompass parents in the military who have been assigned combat deployment as well as to parents who have military assignments to assist in national emergencies.

**Parent**

Section 809.2(14) defines a "parent" as an individual who is responsible for the care and supervision of a child and is identified as the child's natural parent, adoptive parent, stepparent, legal guardian, or person standing *in loco parentis* (in place of the parent). Unless otherwise indicated, the term applies to a single parent or both parents, and the term parent and parents are used interchangeably.

The definition is similar to the repealed definition of a parent except for the addition of the phrase "or person standing *in loco parentis.*" The repealed definition of a parent requires legal guardianship, which is determined though a court order and may involve the termination of parental rights of the natural parent. The Commission recognizes that situations exist in which the child's natural parent (or adoptive parent or stepparent) may become involuntarily separated from the child, making it necessary for the child to be cared for by an individual who is not the legal guardian. For example, the parent may be in the active duty military stationed away from the home and have placed the child under the temporary care of a relative. The parent also may be incarcerated and place the child under the temporary care of a relative. In these cases, the individuals caring for the child may require child care in order to work. However, the parent has not terminated, and does not intend to terminate, parental rights and the relative does not intend to become the child's legal guardian.

Therefore, the Commission includes the phrase "or person standing *in loco parentis*" in order to allow individuals who are caring for a child while the child's parent is absent to meet the definition of a parent for child care eligibility purposes. CCDF regulations at 45 C.F.R. §98.16(f)(9) require states to define "*in loco parentis*" in the CCDF State Plan and the Commission intends to amend the CCDF State Plan to do so. This will provide the Commission with flexibility in modifying and expanding the specific cases in which a person who is standing in for the parent may meet the definition of a parent and be eligible for child care services.

In developing the definition of *in loco parentis* for the CCDF State Plan, the Commission intends to focus on situations similar to those mentioned previously related to parents in military deployment and incarcerated parents. Other situations include cases in which a state or federal child welfare or child protective entity is involved and recommends that placing the child with another adult is in the best interest of the child. However, the Commission is aware that there are instances in which the parent leaves the child with a relative or friend for an indeterminate amount of time. The Commission is mindful that this may be considered child abandonment, which is better addressed through Child Protective Services. The definition of *in loco parentis* must balance the immediate needs of the caregiver with what is in the long-term best interest of the child.
Protective services

CCDF regulations at 45 C.F.R. §98.16(f)(7) require the state to provide in the CCDF State Plan how the state defines the term "protective services" as it relates to the provision of child care. The CCDF State Plan defines "protective services" as services provided when:
— the child is at risk of abuse or neglect in the immediate or short-term future and the child's family cannot or will not protect the child without the intervention of Child Protective Services (CPS);
— the child is in the managing conservatorship of DFPS and residing with a relative or a foster parent; or
— the child has been provided with protective services by DFPS within the prior six months and requires services to ensure the stability of the family.

Therefore, §809.2(15) defines "protective services" as set forth in the CCDF State Plan.

Provider

Section 809.2(16) defines the term "provider" as a:
— regulated child care provider;
— relative child care provider; or
— at the Board's option, a listed family home subject to health and safety requirements.

The general term "provider" is used in the new rules to signify the provisions that will apply to every eligible child care provider type. The repealed rules stipulate that a "provider" must have a "Provider Agreement" with the Board (or the Board's child care contractor). The repealed rules also include a definition of a "self-arranged provider." Self-arranged child care (SACC) providers do not require a Provider Agreement. Therefore, the Commission has removed from the rules the distinction between providers with an agreement and SACC providers.

However, the new rules retain the distinction between regulated child care providers and unregulated relative child care providers. The Commission retains this distinction in order to emphasize that parents have the choice of provider types allowed under the CCDF regulations, including eligible relatives.

Regulated child care provider

Section 809.2(17) defines a "regulated child care provider" as an entity that is:
— licensed by DFPS;
— registered with DFPS;
— licensed by the Texas Department of State Health Services as a youth day camp; or
— operated and monitored by the United States military services.

This definition sets forth the same minimum requirements for providers as in repealed Chapter 809.

Relative child care provider

Section 809.2(18) defines a "relative child care provider" as an individual who does not reside in the same household as the eligible child, is at least 18 years of age, and is, by marriage, blood relationship, or court decree, one of the following:
— the child's grandparent;
— the child's great-grandparent;
— the child's aunt;
— the child's uncle; or
— the child's sibling.

The new list of eligible relative child care providers is based on the list of eligible providers in federal regulations at 45 C.F.R. §98.2. Federal regulations require that the child's sibling must not reside in the same household as the eligible child. However, 45 C.F.R. §98.30(e)(1)(iv) also allows states to establish limitations on child care services provided in the child's own home. Therefore, the rules limit child care services provided in the child's own home to relatives who do not reside with the eligible child. The Commission intends that child care funds be maximized to the greatest extent possible in order to serve parents who require child care in order to work or attend a job training or educational program. The Commission contends that a relative who resides with the child should not be eligible to receive a subsidy in order to care for the child, because the relative is available in the child's home to care for the child while the parent is working or attending a job training or educational program. The Commission believes that the limited resources to fund child care must not be used to subsidize individuals who are in the child's household and are available to care for the child. Rather, the funds should be used to provide child care services to parents who require child care and do not have access to care.

**Residing with**
The CCDF regulations at 45 C.F.R. §98.16(f)(5) require the state to provide in the CCDF State Plan how the state defines "residing with" as it relates to the federal requirement that the child is residing with an eligible parent. The CCDF State Plan states that the child is "residing with" the parent if the child's primary place of residence is the same as the parent's primary place of residence. Section 809.2(19) defines the term "residing with" as set forth in the CCDF State Plan of Texas.

**Teen parent**
Section 809.2(20) defines a "teen parent" as an individual 18 years of age or younger, or 19 years of age and attending high school or the equivalent, who has a child. This definition is the same as in the repealed rules.

**Working**
The CCDF regulations at 45 C.F.R. §98.16(f)(6) require the state to provide in the CCDF State Plan how the state defines "working" as it relates to the federal requirement that the parent of the child is "working" (or attending a job training or educational program). The CCDF State Plan defines "working" as:
— an activity for which one receives monetary compensation such as a salary, wages, tips, and commissions; or
— an activity to assist individuals in obtaining employment including on-the-job training, job creation through wage subsidies, work experience, and community service programs.
Section 809.2(21) defines "working" as set forth in the CCDF State Plan. The new definition includes job search activities. Additionally, §809.41(d) establishes certain limitations on the provision of child care during job search activities.

Finally, the definitions of "Board" and "TANF" are not included in the new rules because each is defined in Chapter 800.2 of this title; therefore, it is duplicative to redefine the terms in this chapter.

**§809.3. Waiver Request**
Section 809.3 retains the provision in repealed Chapter 809 allowing the Commission to waive child care rules upon request from a person directly affected by the rule. The criteria for granting the waiver request also remain the same. The Commission may grant the waiver if the Commission determines that the waiver benefits a parent, child care contractor, or provider, and the Commission determines that the waiver does not harm child care or violate state or federal statutes or regulations.

**SUBCHAPTER B. GENERAL MANAGEMENT**
The Commission proposes new Subchapter B, General Management, as follows:

Subchapter B contains the general management provisions required for a Board to plan, manage, and administer child care services. Similar to repealed Subchapter B, new Subchapter B contains rule provisions related to Texas Workforce Development Board Plans (Board plans), policies, coordination of services, consumer education, quality improvement activities, and the rules for securing local match for CCDF. Subchapter B also combines many of the provisions related to Board management of child care services found throughout repealed Chapter 809. These provisions include the maintenance of a waiting list for child care services, assessing the parent share of cost, and provider reimbursements.

**§809.11. Board Responsibilities**
Section 809.11 identifies the specific responsibilities of a Board in administering child care services.

Section 809.11(a) states that a Board is responsible for the administration of child care. The Commission retains this provision from repealed Chapter 809, but removes the identification of a Board as "certified" and the phrase "with a local plan approved by the Governor" as this language is included in the definition of a Board in Chapter 800 of this title.

Section 809.11(b) requires a Board to ensure that access to child care services is available through all Texas Workforce Centers within a workforce area. This provision and purpose is retained from repealed Chapter 809 with an additional clarification that a Board shall ensure access to child care services through Texas Workforce Centers.

Section 809.11(c) identifies child care services as support services for workforce employment, job training, and services under Texas Government Code, Chapter 2308 and Chapter 801 of this title. This provision and purpose is retained from repealed Chapter 809, however, the
Commission adds language stating that child care is a "support service" for employment and workforce services. The Commission's intent is to emphasize that child care is not a workforce and job training service in itself, but is an important support for individuals participating in those services.

Section 809.11(d) requires a Board to give the Commission, upon request, access to child care administration records and submit any related information for review and monitoring pursuant to Commission rules and policies. This provision and purpose is retained from repealed Chapter 809 without change.

§809.12. Board Plan for Child Care Services
Section 809.12 identifies the requirements and goals of a Board's plan for child care services. In repealed Chapter 809, this section is titled "Board Planning and Policies for Child Care Services" and includes subsections related to Board planning, Board policies, and Board coordination activities with other child care and early development programs. The new rules maintain the same purpose but delineate these provisions into three sections.

Section 809.12(a) states that a Board shall develop, amend, and modify the Board plan to incorporate and coordinate the design and management of the delivery of child care services with the delivery of other workforce employment, job training, and educational services. These provisions are the same as in the repealed rules.

Section 809.12(b) provides the goal of the Board plan. The goal, as in the repealed rule, is to coordinate workforce training and services, to leverage private and public funds at the local level, and to fully integrate child care services for low-income families with the network of workforce training and services under the administration of the Boards.

Section 809.12(c) requires Boards to design and manage the Board plan to maximize the delivery and availability of quality child care services to assist families who are seeking to become independent from, or who are at risk of becoming dependent on, public assistance while parents are either working or attending job training or educational programs. This provision is unchanged from the repealed rules.

§809.13. Board Policies for Child Care Services
Section 809.13 relates to a Board's policies for child care services.

Section 809.13(a) requires Boards to develop, adopt, and modify policies for the design and management of the delivery of child care services in accordance with the provisions in Chapter 801 of this title. Section 801.51 requires that Boards adopt policies in a public process in accordance with the requirements of the Open Meetings Act (Texas Government Code, Chapter 551). This requirement is retained from repealed Chapter 809. The Commission emphasizes the importance of public input and access to Board policies, especially as they relate to the Board's eligibility requirements, parent reporting and documentation requirements, and the requirements for child care providers.
Section 809.13(b) requires a Board to maintain written copies of the policies that are required by federal and state law, or as requested by the Commission, and make such policies available to the Commission and the public upon request. The purpose of this provision is unchanged from the repealed rules.

Section 809.13(c) requires a Board to submit any modifications, amendments, or new policies to the Commission no later than two weeks after adoption of the policy by the Board. This language is identical to the language in the repealed rules. The intent of this provision is to allow the Commission to maintain a complete record of Board child care policies in order to research current practices of the Boards and to include current Board policies, as necessary, in applicable federal or state reports. It is not the intent of the Commission to approve Board policies.

Section 809.13(d) lists required Board policies and the specific child care rule requiring the policy. The policies relate to:

1. how the Board determines that the parent is making progress toward successful completion of a job training or educational program as described in §809.2(1);
2. the maintenance of a waiting list as described in §809.18(b);
3. assessing a parent share of cost as described in §809.19, including the reimbursement of providers when a parent fails to pay parent's share of cost;
4. the maximum reimbursement rates as provided in §809.20, including policies related to reimbursement of providers who offer transportation;
5. family income limits as described in Subchapter C (related to Eligibility for Child Care Services);
6. the provision of child care services to a child with disabilities up to the age of 19 as described in §809.41(a)(1)(B);
7. minimum activity requirements for parents as described in §809.48, §809.50, and §809.51;
8. time limits for the provision of child care while the parent is attending an educational program as described in §809.41(b);
9. the frequency of eligibility redetermination as described in §809.42(b)(2);
10. Board priority groups as described in <*<809.43(a);
11. the transfer of a child from one provider to another as described in §809.71(b)(2);
12. provider eligibility for listed family homes as provided in §809.91(b), if the Board chooses to include listed family homes as eligible providers;
13. attendance standards and procedures as provided in §809.92(b)(3), including provisions consistent with §809.54(f) (relating to Continuity of Care for custody and visitation arrangements);
14. providers charging the difference between their published rates and the Board's reimbursement rate as provided in §809.92(d); and
15. procedures for investigating fraud as provided in §809.111.

Required Board policies are found throughout the repealed rules with no single place in rule that itemizes the required policies. New §809.13(d) provides a complete list of required child care policies cited throughout the chapter.
§809.14. Coordination of Child Care Services
Section 809.14 relates to the coordination of child care services in order to identify entities that a Board must coordinate with when developing its Board plan and policies to design and manage child care services.

Section 809.14(a) requires a Board to coordinate with federal, state, and local child care and early development programs and representatives of local governments in developing its Board plan and policies for the design and management of the delivery of child care services, and to maintain written documentation of coordination efforts. This provision is unchanged from the repealed rules.

Section 809.14(b) requires that a Board shall coordinate with school districts and Head Start and Early Head Start program providers to ensure, to the greatest extent practicable, that full-day, full-year child care services are available to meet the needs of low-income parents who are working or attending a job training or educational program.

The Commission includes this provision in order to implement the intent of the 78th Texas Legislature, Regular Session (2003) enacted in Senate Bill (SB) 76 and by the 79th Texas Legislature, Regular Session (2005) in SB 23. These two actions of the Legislature created, then subsequently amended, §29.158 of the Texas Education Code to require coordination of services among the Commission's subsidized child care system and school districts and local Head Start or Early Head Start programs.

Although it is a new provision in rule, it is not a new requirement placed on Boards. In December 2003, the Commission issued a Workforce Development (WD) Letter requiring Boards to coordinate with school districts and local Head Start or Early Head Start programs, to the greatest extent practicable, to provide full-day and full-year child care services to meet the needs of low-income working parents.

§809.15. Promoting Consumer Education
Section 809.15 relates to Promoting Consumer Education and provides the consumer education information that Boards are required to provide parents pursuant to federal CCDF regulations at 45 C.F.R. §98.33. This section retains the provisions from the repealed rules without substantive changes.

Section 809.15(a) requires a Board to promote informed child care choices by providing consumer education information to parents who are eligible for child care services; parents who are placed on a Board's waiting list; parents who are no longer eligible for child care services; and applicants who are not eligible for child care services.

Section 809.15(b) requires that the consumer education information include—at a minimum—information about the Texas Information and Referral Network/2-1-1 Texas (2-1-1 Texas); the Web site and telephone number of DFPS to allow parents to obtain information on health and safety requirements; a description of the full range of eligible child care providers; and a description of programs available in the workforce area relating to school readiness and quality rating systems.
Section 809.15(c) requires Boards to cooperate with HHSC to provide 2-1-1 Texas with information on child care services.

**§809.16. Quality Improvement Activities**

Section 809.16 relates to allowable quality improvement activities. The provisions in this section are retained from the repealed rules without substantive changes.

Section 809.16(a) provides that nondirect care quality improvement activities shall be used only for collaborative reading initiatives; school readiness, early learning, and literacy; or local-level support to promote child care consumer education provided by 2-1-1 Texas. The language also stipulates that this section applies to CCDF funds allocated by the Commission pursuant to §800.58 of this title, and includes local public transferred funds and local private donated funds.

Section 809.16(b) states that allowable quality activities may include professional development and training for child care providers, or the purchase of curriculum and curriculum-related support resources for child care providers.

Section 809.16(c) states that allowable quality activities may be designed to meet the needs of children in any age group eligible for child care services, including children with disabilities.

Section 809.16(d) states that in funding quality improvement activities, a Board may give priority to child care facilities that are participating in the integrated school readiness models developed by the State Center for Early Childhood Development (State Center); implementing components of school readiness curricula as approved by the State Center; or participating in or voluntarily pursuing participation in Texas Rising Star Provider certification.

Section 809.16(e) states that expenditures certified by a public entity as provided may include expenditures for any quality improvement activity described in 45 C.F.R. §98.51.

**§809.17. Leveraging Local Resources**

Section 809.17 relates to leveraging local resources to match federal funds. The section identifies the types of funds that are acceptable as match and provides instructions on certifying, monitoring, and submitting matching funds to the Commission. The provisions in this section—with the following exception—have not changed substantially from the repealed rules.

The Commission does not include language from the repealed rules that requires a Board to secure private and public funds. The Commission encourages rather than requires Boards to secure local match in order for Boards to receive all available federal matching funds. Boards are not required to secure local funds in order to receive certain child care funds. However, a certain amount of federal matching funds allocated to a Board is available to the Board only if it secures the necessary local matching funds; otherwise, the funds will be deobligated from the Board and reallocated to Boards that are able to secure the necessary matching funds.

Section 809.17(a) encourages Boards to secure local public and private funds for the purpose of receiving matching federal funds. Subsection (a) also encourages Boards to secure additional
local funds in excess of the amount required to match federal funds allocated to the Boards in order to maximize their potential to receive additional federal funds should they become available. Finally, this subsection states that a Board's performance in securing and leveraging local funds for match may make the Board eligible for incentive awards.

Section 809.17(b) relates to the types of funds the Commission accepts as local match. Section 809.17(b)(1) states that the Commission accepts as local match funds from a private entity that are donated without restrictions that require their use for a specific individual, organization, facility, or institution; or an activity not included in the CCDF State Plan or allowed under this new chapter. Additionally, the funds cannot revert back to the donor's facility or use; cannot be used to match other federal funds; and must be certified by both the donor and the Commission as meeting these proposed requirements. These provisions mirror the federal match requirements for CCDF in 45 C.F.R. §98.53(e)(2).

Section 809.17(b)(2) relates to the Commission's acceptance of funds from a public entity that are transferred without restrictions requiring their use for an activity not included in the CCDF State Plan or allowed under this chapter. Additionally, the funds cannot be used to match other federal funds, and cannot be federal funds unless the funds are authorized by federal law to be used to match other federal funds. These provisions mirror the federal match requirements for CCDF in 45 C.F.R. §98.53.

Section 809.17(b)(3) relates to the Commission's acceptance of funds by a public entity that certifies that the expenditures are for an activity included in the CCDF State Plan or allowed under this chapter; are not used to match other federal funds; and are not federal funds unless the funds are authorized by federal law to be used to match other federal funds. These provisions mirror the federal match requirements for CCDF in 45 C.F.R. §98.53(e)(1).

Section 809.17(c) states that a Board must submit private donations, public transfers, and public certifications to the Commission for acceptance, with sufficient information to determine that the funds meet the requirements of subsection (b) of this section.

Section 809.17(d) relates to completing the local match process. This subsection requires a Board to ensure that private donations and public transfers of funds are submitted and paid to the Commission and that public certifications are considered to be complete when a signed written instrument is delivered to the Commission that reflects that the public entity has expended a specific amount of funds on eligible child care services.

Section 809.17(e) states that a Board shall monitor the funds secured for match.

§809.18. Maintenance of a Waiting List
Section 809.18 relates to the maintenance of a waiting list to provide child care services, and the requirement that policies be established to maintain the list.

Section 809.18(a) states that a Board shall ensure that a list of parents waiting for child care services, because of lack of funding or lack of providers, is maintained and available to the Commission upon request. This provision is retained from the repealed rules except for the
removal of "self-arranged providers" as a category of providers. In addition, the requirement to specify the reason for being on the waiting list is not included because the Commission contends that it is unnecessary.

Section 809.18(b) requires that Boards establish a policy for the maintenance of a waiting list. Section 809.18(b)(1) states that a Board shall establish a policy for the maintenance of a waiting list that includes the process for determining that the parent is potentially eligible for child care services before placing the parents on the waiting list. The Commission believes that it is important to ensure that parents have a reasonable expectation that they could be eligible for child care services if funding becomes available. The Commission contends that placing parents on the Board's waiting list without conducting a basic, but informal, review of the potential eligibility of the parent may lead to a false expectation that if the parent is placed on the waiting list, then the parent is eligible for child care services.

The process for reviewing the potential eligibility of a parent prior to placing the parent on the waiting list is to be determined by the Board. The Commission does not require that the eligibility screening include verifying or documenting eligibility. The Board's screening process may simply require the parent to provide an estimate of family income and family size, the age of the child needing care, and the parent's work, training, or educational situation. Additionally, the Commission encourages Boards to partner with their local 2-1-1 Texas provider to coordinate the screening of potential eligibility for child care services.

Section 809.18(b)(2) requires that a Board establish a policy for the maintenance of a waiting list to identify the frequency with which the parent information is updated and maintained on the waiting list. The Commission contends that a Board should develop such a policy in order to inform parents that information regarding their interest in child care and assessing for basic eligibility may be required to be updated on a regular basis.

§809.19. Assessing the Parent Share of Cost

Section 809.19 relates to assessing the parent share of cost to identify the criteria that a Board must use when assessing, reducing, and providing exemptions from the parent share of cost. These provisions are largely retained from the repealed rules.

Section 809.19(a)(1) states that for CCDF funds allocated by the Commission pursuant to its allocation rules in §800.58 of this title, including local public transferred funds and local private donated funds, a Board shall set a parent share of cost policy that results in a parent share of cost being assessed to all parents, except for the exemptions set out in paragraph (2) of this subsection. Additionally, the rules state that the parent share of cost should be a sliding fee scale based on the family's size and gross monthly income, and it may also consider the number of children in care. However, the parent share of cost cannot exceed the cost of care.

These provisions are largely retained from the repealed rules. However, the Commission has inserted the words "sliding fee scale," which were omitted from the repealed rules. The Commission adds this provision in the parent share of cost in order to align Commission rules with federal Child Care and Development Block Grant (CCDBG) law and federal CCDF regulations.
Federal child care law at 42 U.S.C. 9858c(c)(5) requires states to "establish and periodically revise, by rule, a sliding fee scale that provides for cost sharing by the families that receive child care services" under CCDBG. The CCDBG law, 42 U.S.C. 9858n(12), defines a sliding fee scale as "a system of cost sharing by a family based on income and size of the family." This requirement is implemented in CCDF regulations at 45 C.F.R. §98.42(b), which states that the "sliding fee scale(s) shall be based on income and the size of the family and may be based on other factors as appropriate."

The repealed Commission rules include the federal requirement that a Board's parent share of cost policies be based on family income and family size as well as allow consideration for the number of children in care. The rules, however, do not specify a sliding fee scale as stipulated in the federal CCDBG law and CCDF regulations. Most Boards use a relatively flat percentage of family income—typically nine percent—to determine the parent share of cost for one child. Most Boards increase this percentage to 11% of the family income when two or more children are in care. Furthermore, most Boards do not include family size as a factor unless the family size is seven members or more.

The Commission acknowledges that the Boards' parent share of cost policies have been in the approved CCDF State Plan for several years. Therefore, the Commission is not requiring Boards to change their parent share of cost policies as a result of this rule change. The rule change is designed to align the language in Commission rules with the federal regulatory language.

However, the Commission is concerned that improvements be made to the parent share of cost policies. The Commission contends that the intent of requiring a sliding fee scale is to ensure that families at very low incomes pay a lower percentage of their income than families at the higher end of the income eligibility limit. Additionally, the Commission contends that increasing the share of cost for families at the higher income levels will better prepare these families to pay for child care if they experience wage increases that would make them ineligible for child care services.

Basing the parent share of cost on a relatively flat percentage of income, and starting that percentage at 11% for two children in care, may be particularly burdensome for families transitioning off Choices. For example, because Commission rules exempt Choices families from paying a parent share of cost, a former Choices family will transition from paying nothing for child care while participating in Choices to paying up to 11% of the family income once the family is no longer eligible for Choices child care. As a result, many former Choices parents may forego Transitional child care services and may become more at risk of returning to TANF.

However, the Commission understands that requiring Boards to adopt more gradual sliding fee schedules could affect the Commission's performance measures related to the average cost per child by potentially decreasing the total amount of parent share of cost that a family at low income would pay. Additionally, the change would require substantial changes to the child care automation systems. Therefore, the Commission has determined that further analysis of the impact of such a change in rule should be conducted before Boards are required to modify their
parent share of cost policies to align more closely with the sliding fee scale based on family income and family size requirements.

The Commission will work closely with Boards to determine and analyze the potential impact of using a gradual sliding fee schedule, specifically as it affects:
—family resources and self-sufficiency;
—the Commission's legislative cost per child performance measures; and
—the Commission's child care automation systems.

The Commission notes, however, that new §809.19(b) retains the provision in the repealed rules that child care funded through non-CCDF sources shall include a sliding fee scale that may be the same or different from the scale in §809.19(a).

Section 809.19(a)(2) states that parents who are participating in Choices, in Food Stamp Employment and Training (FSE&T) services, or parents who have children who are receiving protective services are exempt from paying a parent share of cost.

Section 809.19(a)(3) provides that teen parents (who are not in a group that is specifically exempted from a parent share of cost) are assessed a parent share of cost. The rule also contains the provision in the repealed rules that the teen parent's share of cost is based solely on the teen parent's income. However, the proposed rules add language to state that the parent share of cost also be based on the teen's family size as defined in §809.2(8). This provision is also added to clarify that the income and family size of the parents of the teen parent are not included in assessing the teen parent's share of cost.

Section 809.19(b) provides that for child care services funded from sources other than CCDF, a Board shall set a parent share of cost policy based on a sliding fee scale. The fee may be the same as or different from the provisions contained in §809.19(a). This provision is retained from the repealed rules.

Section 809.19(c) states that a Board shall establish a policy regarding reimbursement of providers when parents fail to pay the parent share of cost. This provision is retained from the repealed rules.

Section 809.19(d) states that a Board or its child care contractor may review the assessed parent share of cost for possible reduction if there are extenuating circumstances that jeopardize a family's self-sufficiency. The Board or its child care contractor may reduce the assessed parent share of cost if warranted by these circumstances.

Section 809.19(e) states that the Board or its child care contractor cannot waive the assessed parent share of cost under any circumstances. The rule also clarifies that this provision does not apply to parents who are exempt from being assessed a parent share of cost as described in §809.19(a)(2).

Section 809.19(f) states that if the parent share of cost based on family income and family size is calculated to be zero, the Board or its child care contractor must not charge the parent a
minimum share of cost. This is a new provision in rule. However, it is not a new requirement. The policy is based on previous Commission guidance provided to the Boards through a WD letter. This language is added to clarify that although all parents should be assessed a parent share of cost based on income and family size, if that assessment is calculated to be zero because the family has no allowable documented income, then the parent should not be required to pay a minimum parent share of cost. Parents, especially teen parents and students who have no documented income, are not receiving Temporary Assistance for Needy Families or participating in Choices and, therefore, are not exempt from the parent share of cost, are most at risk of going on public assistance. The Commission contends that charging these parents a parent share of cost will place an undue hardship on the family and make the family more vulnerable to going on public assistance.

§809.20. Maximum Provider Reimbursement Rates
Section 809.20, relating to maximum provider reimbursement rates, specifies the criteria to be used in establishing maximum reimbursement rates for child care providers. The provisions in this section are retained from the repealed rules.

Section 809.20(a) requires that Boards establish maximum reimbursement rates based on local factors, including a market rate survey provided by the Agency. The Commission retains the provision that maximum reimbursement rates should be set at a level to ensure that the rates provide equal access to child care in the local market and in a manner consistent with state and federal statutes and regulations governing child care.

Section 809.20(b) provides that Boards shall establish graduated reimbursement rates for child care providers participating in integrated school readiness models developed by the State Center and Texas Rising Star Providers.

Section 809.20(c) provides that the minimum reimbursement rates established under §809.20(b) must be at least five percent greater than the maximum rate established for providers not meeting the requirements of §809.20(b) for the same category of care up to, but not to exceed, the provider's published rate.

Section 809.20(d) states that a Board or its child care contractor must ensure that providers who are reimbursed for additional staff or equipment needed to assist in the care of a child with disabilities are paid a rate up to 190% of the provider's reimbursement rate for a child of that same age. In addition, a Board is required to ensure that a professional, who is familiar with assessing the needs of children with disabilities, certifies the need for the additional rate. The Commission further adds that the higher rate also may be paid in order that a provider may obtain equipment necessary for the care of a child with disabilities.

Section 809.20(e) allows a Board to determine whether to reimburse providers who offer transportation.

Additionally, §809.20(f) states that the provision that the combined total of the provider's published rate, plus the transportation rate, is subject to the maximum reimbursement rate established in subsection (a) of this section.
§809.21. Determining the Amount of the Provider Reimbursement
Section 809.21 states the actual reimbursement that the Board or the Board's child care contractor pays to the provider shall be the Board's maximum rate or the provider's published rate, whichever is lower, less the parent share of cost assessed and adjusted when the parent share of cost is reduced; and any child care funds received by the parent from other public or private entities. These provisions are retained from the repealed rules.

Repealed Provisions Related to General Management and Board Responsibilities
The Commission removes the requirement that a Board must ensure parental choice by recruiting, training, and maintaining a sufficient number of providers to offer parents a full range of categories of care and types of providers of child care. The Commission further removes the requirement that Boards must recruit and train providers. The Commission contends that recruitment and training does not ensure parent choice. It is the Commission's intent that making consumer education information available to parents, as required in §809.15, ensures that parents have available to them the full range of provider types and child care options.

The Commission also removes the requirements related to procurement, management of finances, information management and reporting, performance standards, and timely billings as these provisions are included generally in Chapter 800, specifically in Subchapter C. Performance and Contract Management, and in the Agency-Board Agreement; therefore they are unnecessary in this chapter.

SUBCHAPTER C. ELIGIBILITY FOR CHILD CARE SERVICES
The Commission proposes new Subchapter C, Eligibility for Child Care Services, as follows:

Subchapter C of the child care rules contains the provisions related to determining initial and continued eligibility for child care services; provisions related to general eligibility requirements, priority of services, and calculating income; and the eligibility requirements for Choices child care, TANF Applicant child care, FSE&T child care, and Transitional child care. Additionally, Subchapter C contains the child care eligibility requirements for children living at low incomes, including child care for children with disabilities and teen parents, as well as provisions related to child care for children served by special projects. Finally, the subchapter contains the continuity of care provisions related to continued eligibility for child care services.

§809.41. A Child's General Eligibility for Child Care Services
Section 809.41 relates to a child's general eligibility for child care services.

Section 809.41(a)(1) states that, except for a child receiving or needing protective services, a child may be eligible for child care services if the child is under 13 years of age or, at the option of the Board, a child with disabilities under 19 years of age.

Additionally, §809.41(a)(2) states that the child must reside with a family whose income does not exceed the income limit established by the Board, not to exceed 85 percent of the state
median income for a family of the same size. The child must also reside with a parent who requires child care in order to work or attend a job training or educational program.

The general eligibility requirements in §809.41(a) are similar to the repealed provisions with additional language to clarify that the age and residency requirements for a child needing or receiving protective services are provided in §809.49. The provisions related to a child's general eligibility mirror the CCDF requirements in 45 C.F.R.§98.20.

Section 809.41(b) retains the provision from the repealed rule requiring a Board to establish policies, including time limits, for the provision of child care while the parent is attending an educational program.

Additionally, §809.41(c) provides the requirement that child care must be available to a parent for four years, if the parent is enrolled in an associate's degree program that will prepare the parent for a job in a high-growth, high-demand occupation as determined by the Board.

Section 809.41(c) reflects the legislative requirement contained in the Commission's general appropriations requiring that child care services must be continued for a period "not to exceed" four years, if the parent wishes to acquire an associate's degree that will prepare him or her for a job in a high-growth, high-demand occupation with an upward path. Currently, the Commission complies with this legislative requirement through Commission guidance to the Boards in a WD Letter. The legislative requirement states that child care shall continue for a period "not to exceed four years." However, that language could be interpreted to mean that Boards can place time limits of fewer than four years. The Commission contends that the legislative intent is to ensure that child care is available for working parents who are enrolled in certain associate's degree programs for a sufficient amount of time for the parents to complete the program. These programs typically require two years of full-time attendance. Therefore, in order to work and attend school, working parents may require additional time to complete the program. Section 809.41(c) clarifies the time limit as intended by the Legislature by specifically requiring that child care be available to parents enrolled in an eligible associate's degree program for four years.

The Commission notes that the proposed definition of a parent's attendance in an educational program at §809.2(1)(C) includes the stipulation that the individual is making progress toward successful completion of the program as determined by the Board. Therefore, although §809.41(c) provides that child care services shall continue for four years for parents enrolled in certain associate degree programs, a parent's continued receipt of child care services is contingent upon the parent's successful progress toward completion of the degree.

Finally, §809.41(d) sets forth the requirements for the provision of child care in order for the parent to conduct job search activities. As in §809.2(21), the definition of "working," job search is included as an allowable work activity. The Commission's Choices rules at §811.27(b) limit job search for Choices participants to four consecutive weeks and a total of six weeks in a federal fiscal year. The Commission's FSE&T rules §813.31 have a similar provision. Additionally, the proposed child care rules limit Transitional child care during job search to four weeks for former TANF recipients who are not employed at the time their temporary cash assistance expires.
However, other Commission rules do not address job search time limits for other Commission-funded child care.

Therefore, §809.41(d) states that unless otherwise subject to job search limitations as stipulated in other Commission rules (specifically §811.27(b) for Choices participants and §813.31 for FSE&T participants), for child care funds allocated by the Commission pursuant to its child care allocation rules in §800.58 of this title (CCDF), a child currently receiving child care services may be eligible for continued services for four weeks within a federal fiscal year in order for the child's parent to search for work because of interruptions in the parent's employment. The rules also stipulate that for child care services funded by the Commission from sources other than those specified in §800.58 of this title (non-CCDF sources), child care services during job search activities are limited to four weeks within a federal fiscal year. Establishing a job search limitation on a federal fiscal year basis is consistent with the Commission's current Choices and FSE&T rules.

§809.42. Eligibility Determination and Verification
Section 809.42 relates to eligibility determination and verification for child care services.

Section 809.42(a) states that a Board shall ensure that its child care contractor verifies eligibility for child care services prior to authorizing child care.

Section 809.42(b) requires that eligibility for child care be redetermined:
—anytime there is a change in family income or other information that could affect eligibility to receive child care; and
—with established frequency, at the Board's discretion.

Section 809.42(a) and 809.42(b), regarding the verification of eligibility prior to authorizing child care and provisions of eligibility redetermination, are similar to the repealed sections.

Section 809.42(c) requires Boards to ensure that a public entity certifying expenditures for direct child care determines and verifies that the expenditures are for child care provided to an eligible child. At a minimum, the public entity shall verify that the child is under 13 years of age, or—at the option of the Board—be a child with disabilities under 19 years of age. The public entity should also verify that the child resides with:
—a family whose income does not exceed 85% of the state median income for a family of the same size; and
—a parent who requires child care in order to work or attend a job training or educational program.

CCDF matching fund regulations at 45 C.F.R. §98.53(c)(2) require that state expenditures used to match CCDF funds, including public certified expenditures, be for allowable services or activities that meet the goals and purposes of CCDF. Section 809.42(c) is a new requirement designed to clarify that public child care expenses that are certified as CCDF match represent expenses for child care services that meet the minimum CCDF eligibility requirements in 45 C.F.R. §98.2.
The Commission notes that public certified expenditures that represent expenditures for quality improvement activities may be for any quality improvement activity allowed by CCDF regulations in 45 C.F.R. §98.51. This provision also is included in §809.16(e) relating to Quality Improvement Activities.

**§809.43. Priority for Child Care Services**

Section 809.43 relates to priority for child care services. CCDF regulations at 45 C.F.R. §98.44 require states to give priority to:

—children in families with very low income; and
—children with special needs.

The priority in §809.43 reflects the above CCDF priority groups.

Section 809.43(a) states that a Board shall ensure that child care services are prioritized among three priority groups. The first priority group provided in §809.43(1) reflects the federal priority for children in families with very low incomes. Child care services are assured for children in the first priority group and includes parents eligible for:

—Choices child care;
—TANF Applicant child care;
—FSE&T child care; and
—Transitional child care.

The first priority group in §809.43(1) is similar to the first priority group in the repealed rules. The Commission specifically includes TANF Applicant child care as a first priority group to align with the continuity of care provisions. The Commission retains this continuity of care provision and, therefore, includes TANF Applicant child care as a first priority group.

Additionally, child care for parents participating in FSE&T is listed as a priority for service in Board contracts. If child care is not provided, Boards may not sanction FSE&T participants who require child care to participate in services. Therefore, the Commission includes parents participating in FSE&T as a first priority group for child care services.

Section 809.43(2) sets forth the second priority group, which reflects the federal priority group related to serving children with special needs. The second priority group is served subject to the availability of funds and includes, in order of priority:

—children who need to receive protective services child care;
—children of a qualified veteran;
—children of a foster youth;
—children of teen parents; and
—children with disabilities.

Children who need to receive protective services are included in the second priority group under the repealed rules. The Commission adds children of teen parents and children with disabilities to the second priority group as these groups are defined in the CCDF State Plan as children with special needs. Therefore, inclusion of these children as a priority reflects the federal priorities in CCDF regulations 45 C.F.R. §98.44.
Additionally, the 79th Texas Legislature, Regular Session (2005), enacted House Bill (HB) 2604, which added §302.014 to the Texas Labor Code. The new section of the Texas Labor Code requires that veterans receive priority of service for training or assistance under a job training or employment assistance program or service, and applies to services funded in whole or in part by state funds. Additionally, the 79th Texas Legislature, Regular Session (2005), enacted SB 6, which added, among other actions, §264.121 to the Texas Family Code, which directs the Commission and Boards to prioritize and target services to meet the needs of foster youth and former foster youth.

Therefore, in order to implement HB 2604 and SB 6, the Commission adds veterans and foster youth to the second priority group for child care services.

Section 809.43(3) states that the third priority group includes any other priority adopted by the Board. This provision is the same as in the repealed rules.

Further, §809.43(b) states that a Board shall not establish a priority group based on the parent's choice of individual provider or provider type. This new provision prohibits a Board from establishing a priority group based on a provider or a type of provider. It is the Commission's intent that parents be allowed to choose the child care option that best meets their needs. Allowing Boards to establish priority for parents based on parent choice of a particular provider or provider type influences a parent's choice of providers and may unduly limit parent choice.

### §809.44. Calculating Family Income

Section 809.44 relates to calculating family income for determining eligibility. The proposed list of income inclusions is intended to be income sources that are verifiable and easily documented.

Section 809.44(a) states that, unless otherwise required by federal or state law, family income for purposes of determining eligibility includes the monthly total of the following items for each member of the family (as defined in §809.2(8)):

- **Total gross earnings**
  - Section 809.44(a)(1) includes as income gross earnings including wages, salaries, commissions, tips, piece-rate payments, and cash bonuses earned. This provision is similar to that in the repealed rules.

- **Net income from self-employment**
  - Section 809.44(a)(2) includes as family income the net income from self-employment. Net income includes gross receipts minus business-related expenses from a person's own business, professional enterprise, or partnership, which result in the person's net income. Net income also includes gross receipts minus operating expenses from the operation of a farm. Including net income from self-employment is retained from the repealed rules.

The Commission simplified the language from the repealed rules by including net income from both farm and non-farm self-employment into one provision related to self-employment. Furthermore, the Commission simplified the language by removing examples of business-related
expenses that are deducted from the gross receipts from self-employment. The Commission determined that these deductions should not be specified in the rule language and may be determined by the Board. The Commission notes, however, that a Board should consider deducting business-related expenses that are allowable under tax deductions as provided by U.S. Department of Treasury Internal Revenue Service and itemized in Schedule C related to Profit or Loss From Business and Schedule F related to Profit or Loss From Farm.

Pensions, annuities, insurance, and retirement income
Section 809.44(a)(3) includes pensions, annuities, and retirement income (including Social Security retirement benefits and veteran's pensions) in the income calculation. Payments include any cash benefit paid to retirees or their survivors by a former employer, or by a union, either directly or through an insurance company. This also includes payments from annuities and life insurance. This provision is comparable to that in the repealed rules.

Taxable capital gains, dividends, and interest
Section 809.44(a)(4) includes taxable capital gains, interest, and dividends including capital gains from the sale of property and earnings from dividends of stock holdings, and interest on savings or bonds. This is a slight modification to the repealed rules, which describe capital gains only in relation to the sale of property.

Rental income
Section 809.44(a)(5) includes rental income consisting of net income from boarders or lodgers, rental of a house, homestead, store, or other property. This provision is retained from the repealed rules.

Public assistance payments
Section 809.44(a)(6) includes public assistance payments including TANF cash assistance, refugee assistance, Social Security Disability Insurance, Supplemental Security Income, and general cash assistance (such as from a county or city). Although similar to language in the repealed rules, the Commission adds language in order to specify that Social Security Disability Insurance and Supplemental Security Income are included in the income calculation.

Income from estate and trust funds
Section 809.44(a)(7), as in the repealed rules, includes income from estates, trust funds, inheritances, or royalties.

Unemployment compensation
Section 809.44(a)(8), as in the repealed rules, includes unemployment compensation payments from private or governmental unemployment insurance and strike benefits while a person is unemployed or on strike.

Workers' compensation income, death benefit payments or other disability payments
Section 809.44(a)(9), as in the repealed rules, includes income from workers' compensation payments. These payments include compensation received periodically from private or public sources for on-the-job injuries. The proposed language clarifies that worker's compensation death benefit payments are included as income.
Spousal maintenance or alimony
Section 809.44(a)(10) includes spousal maintenance or alimony including any payments made to a spouse or former spouse under a separation or divorce agreement. This provision mirrors content in the repealed rules, however, the Commission adds a brief description of the income included.

Child support
Section 809.44(a)(11), similar in content to the repealed rules, includes court-ordered or informal child support cash payments, maintenance, or allowance used for current living costs provided by a parent for a minor child. The Commission clarifies that this does not include the value of noncash or in-kind support such as diapers, baby formula, or other items for the child. The Commission contends that determining the value of these items would place an undue burden on the child care contractor and the parent.

Court settlements or judgments
Section 809.44(a)(12) includes a new provision to count court settlements or judgments as income, including awards for exemplary or punitive damages, non-economic damages, and compensation for lost wages or profits. The Commission contends that this income source meets its goal of including documented and verifiable income sources. The Commission also proposes that family income not include compensatory damages that are awarded to reimburse individuals for personal physical injury or physical sickness because these awards are typically awarded to pay for medical bills or ongoing medical expenses and are not retained by the individual as income.

As provided in the repealed rules, the Commission states in §809.44(b) that income to the family that is not included in §809.44(a) is excluded in determining the total family income.

Section 809.44(b) specifically excludes the following income sources:

Food stamps
Section 809.44(b)(1), consistent with the repealed rules, excludes food stamps from the income calculation.

Certain monetary allowances for children of Vietnam veterans
Section 809.44(b)(2), consistent with the repealed rules and federal guidelines, also excludes monthly monetary allowances for children of Vietnam veterans born with certain birth defects.

Educational scholarships, grants, and loans
Section 809.44(b)(3) excludes from the income calculation all educational scholarships, grants, and loans. The repealed rules specifically named only federal scholarships, grants, and loans (e.g., Pell Grants, Perkins Loans) as excluded.

Earned Income Tax Credit (EITC)
Section 809.44(b)(4) excludes the Earned Income Tax Credit (EITC) and the Advanced EITC. While EITC may be a large amount of income, including it as income may discourage working
families from applying for the tax credit. EITC and Advanced EITC are not a required inclusion in the repealed rules, thus this provision is consistent with those rules.

*Individual Development Account (IDA) withdrawals*
Section 809.44(b)(5) excludes IDA withdrawals as income. IDAs are not a required inclusion in the repealed rules and excluding these payments encourages the use of IDAs, which supports asset-building for low-income families.

*Tax refunds*
Section 809.44(b)(6) excludes tax refunds from the income calculation as this is simply a refund of a parent's income that was overpaid in taxes. This is not a change from the repealed rules, as tax refunds are not a required inclusion.

*VISTA and AmeriCorps stipends*
Section 809.44(b)(7) excludes VISTA and AmeriCorps living allowances and stipends. This is consistent with Food Stamp benefits eligibility, which also excludes these allowances and stipends. The repealed rules do not require these payments to be included in the income calculation.

*Noncash or in-kind benefits in lieu of wages*
Section 809.44(b)(8) excludes noncash or in-kind benefits received in lieu of wages, such as reduced rent if a parent works as a part-time maintenance person for an apartment complex. Verifying and placing a value on noncash benefits increases the administrative burden on Board contractors. The repealed rules do not require this provision to be counted as income.

*Foster care payments*
Section 809.44(b)(9) excludes foster care payments as income. These are payments from DFPS to foster parents to reimburse the individuals for caring for foster children. DFPS disregards the income of foster parents when authorizing care for foster children. However, foster parents also may need child care for their own children. Foster care payments intended to support the foster child should not be counted as income when determining eligibility for the foster parents' own children. This is a change from the repealed rules, which include foster care payments.

*Special military pay or allowances*
Section 809.44(b)(10) excludes from income special military pay or allowances, which include subsistence allowances, housing allowances, family separation allowances, or special allowances for duty subject to hostile fire or imminent danger. While the repealed rules include "armed forces pay," it is not clear if this includes special military pay and allowances such as housing allowances and combat pay. This change allows for the inclusion of basic pay, but specifically excludes the special military pay and allowances.

§809.45. Choices Child Care
Section 809.45 sets forth provisions for a parent to be eligible to receive Choices child care.

Section 809.45(a) states that a parent is eligible for Choices child care if the parent is participating in the Choices program as stipulated in Chapter 811 of this title. The proposed
eligibility for Choices child care is similar to the provisions in the repealed rule. However, the new language is intended to simplify the eligibility requirements. The repealed language includes references to the parent receiving TANF and participating in Choices. Because Choices is the employment and training program for TANF recipients, the reference to the receipt of TANF is extraneous language and has been removed.

Additionally, the repealed rules include a provision for child care for children of conditional and sanctioned families who must demonstrate cooperation prior to the resumption of TANF assistance. Because these families must continue to participate in Choices as part of their effort to demonstrate cooperation, the reference to conditional and sanctioned families is not necessary. As long as the parent is participating in Choices—regardless of the parent's TANF status—the child is eligible for Choices child care.

Section 809.45(b) states that a parent who has been approved for Choices, but is waiting to enter an approved initial component of the program, may receive up to two weeks of child care services when child care services will prevent loss of the Choices placement, and if child care is available to meet the needs of the child and parent. This provision is retained from the repealed rules.

§809.46. Temporary Assistance for Needy Families Applicant Child Care

Section 809.46 relates to a parent's eligibility for TANF Applicant child care. The provisions in this section are largely unchanged from the repealed rules. However, these provisions are located in the section entitled "Workforce Orientation Applicant Child Care" of the repealed rules. The name change is intended to clarify that this type of child care is provided to TANF applicants who, prior to TANF certification, become employed or have increased earning that would make them ineligible for TANF. The reference to Workforce Orientation for Applicants (WOA) in the repealed rules implies that the child care is for parents while they are attending the required WOA activities. However, this is not the case. TANF Applicant Child Care is intended to provide child care in order to enable TANF applicants to accept employment or increased wages and thus, avoid having to go on public assistance.

Section 809.46(a) states that a parent is eligible for TANF Applicant child care if the parent receives a referral from HHSC to attend a WOA but locates employment or has increased earnings prior to TANF certification and needs child care to accept or retain employment. Although similar to the repealed rules, new §809.46(a) removes extraneous language regarding criteria for eligibility. Subsection (a) also adds language to include individuals who not only become employed prior to TANF certification, but also have increased earnings prior to TANF certification, which would make them ineligible for TANF.

Section 809.46(b) provides that to receive TANF Applicant child care, the parent shall be working and not have voluntarily terminated paid employment of at least 25 hours a week within 30 days prior to receiving the referral from HHSC to attend a WOA—unless the voluntary termination was for good cause connected with the parent's work. This provision is retained from the repealed rules, but modified from 30 hours to 25 hours in order to align the language with the 25 hour minimum activity requirement for Transitional and at-risk eligibility.
Section 809.46(c) states that subject to the availability of funds and the continued employment of the parent, TANF Applicant child care must be provided for up to 12 months or until the family reaches the Board's income limit for eligibility under any provision contained in the provisions related to at-risk child care, §§809.50–809.52, whichever occurs first. This provision is the same as in the repealed rules.

Section 809.46(d) states that parents who are employed less than 25 hours a week at the time they apply for temporary cash assistance are limited to 90 days of TANF Applicant child care. TANF Applicant child care may be extended to a total of 12 months, inclusive of the 90 days, if before the end of the 90-day period, the applicant increases the hours of employment to a minimum of 25 hours a week. This provision is modified from the repealed rules, which require a minimum of 30 hours a week. This provision is changed to align with the minimum activity hours required for at-risk child care.

Section 809.46(e) provides that, subject to the availability of funds, a parent whose time limit for TANF Applicant child care has expired may continue to be eligible for child care provided the parent is otherwise eligible under any provision contained in §§809.50-809.52 (related to at-risk child care). This provision is retained from the repealed rule.

§809.47. Food Stamp Employment and Training Child Care
Section 809.47, relating to a parent's eligibility for FSE&T child care, states that a parent is eligible to receive child care services if the parent is participating in FSE&T in accordance with the provisions of 7 C.F.R. Part 273, and whose case plan remains open. This provision is unchanged from the repealed rule.

§809.48. Transitional Child Care
Section 809.48 relates to a parent's eligibility for Transitional child care.

Section 809.48(a) states that a parent is eligible for Transitional child care services if the parent has been denied TANF because of increased earnings, or has been denied temporary cash assistance within 30 days because of the expiration of TANF time limits. Additionally, the parent must need child care to work or attend a job training or educational activity for a combination of at least 25 hours per week for a single-parent family or 50 hours per week for a two-parent family, or a higher number of hours per week as established by a Board.

Section 809.48(a) includes a new provision that requires parents receiving Transitional child care to be engaged in work, education, or training activities for at least 25 hours per week (50 hours per week for two parents). The intent of this provision is to align the activity requirements for Transitional child care with the requirements for at-risk child care.

Section 809.48(b) allows Boards to establish an income eligibility limit for Transitional child care that is higher than the eligibility limit for children in families at risk of becoming dependent on public assistance, provided that the higher income limit does not exceed 85% of the state median income for a family of the same size. This provision is retained from the repealed rules.
Section 809.48(c) states that Transitional child care shall be available for a period of up to 12 months from the effective date of the TANF denial; or a period of up to 18 months from the effective date of the TANF denial in the case of a former TANF recipient who was eligible for child caretaker exemptions pursuant to Texas Human Resources Code §31.012(c) and voluntarily participates in the Choices program. This provision is contained in the repealed rules; however, the Commission includes language related to the caretaker exemptions in order to reference the Texas Human Resources Code. This reference to the Texas Human Resources Code clarifies that the caretaker exemption refers to parents caring for a physically or mentally disabled child or parents caring for a child under the age of one.

Section 809.48(d) states that former TANF recipients who are not employed when TANF expires, including recipients who are engaged in a Choices activity except as provided under §809.48(e), shall receive up to four weeks of Transitional child care in order to allow these individuals to search for work as needed. This provision is retained from the repealed rules.

Section 809.48(e) states that former TANF recipients who are engaged in a Choices activity and are denied TANF because of receipt of child support, shall be eligible to receive Transitional child care services until the date on which the individual completes the activity, as defined by the Board. This provision mirrors the repealed rules and reflects the requirements in Texas Human Resources Code §31.012(e).

§809.49. Child Care for Children Receiving or Needing Protective Services
Section 809.49 relates to eligibility for children needing protective services. Boards are required to ensure that determinations of eligibility for children needing protective services are performed by DFPS. Boards also must ensure that child care continues as long as authorized and funded by DFPS. These provisions are retained from the repealed rules.

Section 809.49(a) states that DFPS may authorize child care for a child under court supervision up to age 19. The provision allowing DFPS to authorize child care for a child under court supervision up to age 19 is a new provision included to align with the CCDF State Plan. Additionally, this language mirrors the language in CCDF regulations at 45 C.F.R. §98.20 regarding a child's eligibility for CCDF child care.

Section 809.49(b) ensures that requests made by DFPS for specific eligible providers are enforced for children in protective services. This provision is retained from the repealed rules.

§809.50. Child Care for Children Living at Low Incomes
Section 809.50 relates to child care services for children living at low incomes. The provisions in this section are retained from the repealed rules without substantive changes.

Section 809.50(a) states that a parent is eligible for child care services under this section if the family income does not exceed the income limit established by the Board, provided that the income limit does not exceed 85% of the state median income for a family of the same size. Further, child care must be required in order for the child's parents to work or attend a job training or educational program for a minimum of 25 hours per week for a single-parent family
or 50 hours per week for a two-parent family, or a higher number of hours per week as established by the Board.

Section 809.50(b) allows a Board to reduce the requirement in §809.50(a) if a parent's documented medical disability or need to care for a physically or mentally disabled family member prevents the parent from participating in the activities for the required hours per week.

Section 809.50(c) states that for purposes of meeting the activity requirements in §809.50(a), each credit hour of postsecondary education will count as three hours of education activity per week.

§809.51. Child Care for Children with Disabilities

Section 809.51 relates to eligibility for child care services for a child with disabilities. The provisions in this section are retained from the repealed rules without substantive changes.

Section 809.51(a) provides that a child with disabilities is eligible for child care services if:

— the child resides with a family whose income, after deducting the cost of the child's ongoing medical expenses, does not exceed the income limit established by the Board; and
— child care is required in order for the child's parents to work or attend a job training or educational program for a minimum of 25 hours per week for a single-parent family or 50 hours per week for a two-parent family, or a higher number of hours per week as established by a Board.

Section 809.51(b) states that a Board may allow a reduction to the requirement regarding minimum hours in §809.51(a)(2) if the need to care for a child with disabilities prevents the parent from participating in the activities for the required hours per week.

Section 809.51(c) states that for the purposes of meeting the educational requirements stipulated in §809.51(a)(2), each credit hour of postsecondary education will count as three hours of education activity per week.

§809.52. Child Care for Children of Teen Parents

Section 809.52 addresses the eligibility for child care services for children of teen parents. This section is similar to provisions for children of teen parents in the repealed rules.

Section 809.52(a) notes that a child of a teen parent may be eligible for child care if the teen parent needs child care services to complete high school or the equivalent, and the teen's family income does not exceed the income eligibility limit established by the Board. Boards may establish a higher income eligibility limit for teen parents provided that the higher income limit does not exceed 85% of the state median income for a family of the same size.

Section 809.52(b) states that the teen parent's family income is based solely on the teen parent's income and size of the teen's family as defined in 809.2(8). The repealed rules require that the teen parent include the income of the teen's parents, if the teen parent is residing with the teen's parents. However, the proposed rules in §809.19(a)(3) retain the provision in the repealed rules that the parent share of cost shall be based solely on the teen's family income and family size.
The provisions in §809.52(b) align the income methodology used to determine eligibility for teen parents with the methodology for determining the parent share of cost for teen parents by removing the provision that the teen include the income of the teen's parents when determining income eligibility.

§809.53. Child Care for Children Served by Special Projects
Section 809.53 relates to eligibility for child care services for children served by special projects. The provisions in this section are similar to the repealed rules.

Section 809.53(a) states that special projects developed under federal and state statutes or regulations may add groups of children eligible to receive child care.

Section 809.53(b) provides that the eligibility criteria as stated in the statutes or regulations shall control for the special project, unless otherwise indicated by the Commission.

Section 809.53(c) states that the time limit for receiving child care for children served by special projects may be specifically prescribed by federal or state statutes or regulations according to the particular project; otherwise, the Commission may set the time limit depending on the purpose and goals of the special project and the availability of funds.

§809.54. Continuity of Care
Section 809.54 concerns continuity of care for children enrolled in child care services. The provisions in this section were modified slightly from the repealed rules.

Section 809.54(a) provides that enrolled children, including children whose eligibility for Transitional child care has expired, shall receive child care as long as the family remains eligible for any available source of Commission-funded child care except as otherwise provided under §809.54(b).

Section 809.54(b) states that except as provided by §809.76(b), relating to child care not continuing during appeal, a child should not be removed from care, except when removal from care is required for child care to be provided to a child of parents eligible for the first priority group in §809.43. This provision specifies that if child care is not to continue during the appeal process, then the continuity of care provisions in this subsection shall not apply.

Section 809.54(c) retains the current provisions related to continuity of care for children formerly receiving child protective services. The proposed rules state that in closed DFPS Child Protective Services cases (DFPS cases) in which child care is no longer funded by DFPS, the following shall apply for Former DFPS Children Needing Protective Services Child Care. Regardless of whether the family meets the income eligibility requirements of the Board, or is working or attending a job training or educational program, if DFPS determines on a case-by-case basis that the child continues to need protective services and child care is integral to that need, then the Board shall continue the child care by using other funds, including funds received through the Commission, for the child care services for up to six months after the DFPS case is closed.
Section 809.54(c)(1), regarding Former DFPS Children Not Needing Protective Services Child Care, states that if the family meets income eligibility requirements of the Board and if DFPS does not state on a case-by-case basis that the child continues to need protective services or child care is not integral to that need, then the Board may provide child care subject to the availability of funds. To receive care under §809.54(c)(2), Former DFPS Children Not Needing Protective Services Child Care, the parent must be working or attending a job training or educational program.

Section 809.54(d) provides that a Board shall ensure that no children of military parents in military deployment have a disruption of child care services or eligibility because of the military deployment.

Section 809.54(e) states that a Board shall ensure that a child who is required by a court-ordered custody or visitation arrangement to leave a provider's care is permitted to continue receiving child care by the same provider, or another provider if agreed to by the parent in advance of the leave, upon return from the court-ordered custody or visitation arrangement.

Section 809.54(f) allows Boards to encourage parents of other children to temporarily utilize the space the child under court-ordered custody or visitation arrangement has vacated until the child returns so he or she can return to the same provider.

Section 809.54(g) states that a Board must ensure that parents who choose to accept temporary child care to fill a position opened because of court-ordered custody or visitation do not lose their place on the waiting list.

Finally, §809.54(h) states that a Board must ensure that parents who do not choose to accept temporary child care to fill a position do not lose their place on the waiting list.

SUBCHAPTER D. PARENT RIGHTS AND RESPONSIBILITIES
The Commission proposes new Subchapter D, Parent Rights and Responsibilities, as follows:

Subchapter D contains the provisions related to parent rights and responsibilities. Specifically, the subchapter contains the rules related to parental choice, general parent rights, parent eligibility documentation and reporting requirements, parent appeal rights, and the parent responsibility agreement (PRA).

§809.71. Parent Rights
Section 809.71 provides the list of parent rights. The proposed rules require that a Board's child care contractor must provide the list of parent rights in writing. The Commission emphasizes that by providing the list of rights in writing, especially the parent's right to be informed of the reporting requirements and appeal rights, the parent is better able to meet the requirements to determine eligibility, thus avoiding the termination of child care. Other than adding the requirement that the parent be informed of parental rights in writing, the list of parental rights is similar to the list in the repealed rules.
Section 809.71 states that a Board shall ensure that the Board's child care contractor informs parents of their rights in writing.

Section 809.71(1) states that parents have the right to choose the type of child care provider that best suits their needs and to be informed of all child care options available to them including consumer education information described in the §809.15.

Section 809.71(2) states that parents have the right to visit available child care providers before making their choice of a child care option;
—receive assistance in choosing initial or additional child care referrals including information about the Board's policies regarding transferring children from one provider to another; and
—be informed that a provider may charge the parents the difference between the Board's reimbursement and the provider's published rate.

Sections 809.71(1)–809.71(3) have not changed substantially from repealed Chapter 809. However, the Commission provides new language in §809.71(a)(4) to include a parent's right to be informed of the Commission rules and Board policy related to providers charging the parent the difference between the Board's reimbursement rate and the provider's reimbursement rate as stipulated in §809.92. Section 809.92(c) prohibits providers who accept Commission-funded child care subsidies from charging parents who are exempt from being assessed a parent share of cost that is the difference between the child care subsidy and the provider's published rate. For parents who are assessed a parent share of cost, the Commission rules do not prohibit providers from charging parents the difference between the child care subsidy and the provider's published rate. However, §809.92(d) allows Boards to have a policy that extends this prohibition for all parents eligible for child care services. Informing a parent of the Commission rules and Board policy will allow the parent to ask the provider about the provider's particular policy. Thus, the parent will be in a better position to make child care placement decisions for their children.

Sections 809.71(5)–809.71(8) state that a child care contractor shall inform parents of their right to:
—have representation when applying for child care services;
—receive notification of their eligibility for child care services within 20 days from the day the Board's child care contractor receives all necessary documentation required to determine eligibility;
—receive child care services regardless of race, color, national origin, age, sex, disability, political beliefs, or religion;
—have the Board and the Board's child care contractor treat information used to determine eligibility for child care services as confidential.

Section 809.71(9) retains the provisions in the repealed rules related to notifying the parent that child care services will be denied, delayed, reduced, or terminated. The rules retain the provision that a parent has the right to receive written notification at least 15 days before the denial, delay, reduction, or termination of child care services.
Additionally, §809.71(9) retains the provision in the repealed rules that notification of denial, delay, reduction, or termination of child care services is not required if child care is authorized to cease immediately because either the parent is no longer participating in the Choices program; or child care is authorized to end immediately for children in protective services. The notification and effective date of such action is provided by the Choices case worker or DFPS.

Section 809.71(10) retains the following provisions from the repealed rules:
— the parent has the right to receive 30-day written notification if child care services are to be terminated to make room for a first priority group described in §809.43(a)(1) (specifically, Choice child care; TANF Applicant child care; FSE&T child care; and Transitional child care);
— written notification of denial, delay, reduction, or termination of child care services shall include information regarding other child care options for which the recipient may be eligible; and
— the notice may be provided on the earliest date on which it is practicable if the 30-day notification interferes with the ability of the Board to comply with its duties regarding the number of children served or requires the expenditure of funds in excess of the amount allocated to the Board.

Additionally, §809.71(11) and §809.71(12) retain the language in the repealed rules that the parent has the right to:
— reject an offer of child care services or voluntarily withdraw the child from child care unless the child is in protective services; and
— be informed by the Board's child care contractor of the possible consequences of rejecting or ending child care that is offered.

Section 809.71(13) adds a new requirement that parents be informed of the eligibility documentation and reporting requirements described in §809.72 and §809.73. The Commission proposes to add this requirement in order to ensure that parents are aware of the eligibility documentation and reporting requirements. By ensuring that a parent is aware of these documentation and reporting requirements, the parent will be in a better position to avoid possible adverse actions due to the failure to provide necessary documentation or the failure to report required information to the child care contractor.

Finally, §809.71(14) provides that the child care contractor inform the parent of the appeal rights as described in §809.74. This provision is retained from the repealed rules.

§809.72. Parent Eligibility Documentation Requirements
Section 809.72 relates to parent documentation requirements for determining eligibility for child care services. Section 809.72(a) retains the requirement from the repealed rules that parents provide the Board's child care contractor with all information necessary to determine eligibility according to the Board's administrative policies and procedures. Also retained is the stipulation in 809.72(b) that a parent's failure to submit eligibility documentation may result in denial or termination of child care services.
Section 809.72 has not changed from the repealed rules, except that the new section removes the reference to nonpayment for self-arranged child care claims. The reference to self-arranged providers is unnecessary because the Commission no longer distinguishes between providers with an agreement and self-arranged providers.

§809.73. Parent Reporting Requirements
Section 809.73 provides the parent reporting requirements for child care services.

Section 809.73(a) retains the repealed provisions that a parent must report to the Board's child care contractor, within 10 days of the occurrence, the following:
—changes in family income;
—changes in family size;
—changes in work, or attendance in a job training or educational program; or
—any other changes that may affect the child's eligibility or parent's share of cost for child care.

The Commission adds to the parent reporting requirements that the parent must report the receipt or the awarding of any child care funds from other public or private entities. Under the repealed rules and retained in new §809.21, child care providers are required to report the amount of other funds received by the parent for child care. Section 809.73(a)(4) also requires parents to report the receipt of such subsidies to the child care contractor. It is the intent of the Commission that the responsibility for reporting the receipt of other funds used for child care be shared by the parent and the child care provider.

Finally, the Commission removes the parent's requirement to report the loss of TANF or Supplemental Security Income assistance grants. This provision is unnecessary because a parent's public assistance payments, including TANF and Supplemental Security Income, are included as family income and a parent is already required by §809.73(a) to report changes in family income.

Section 809.73(b) retains the repealed provision that failure to report changes may result in:
—termination of child care;
—recovery of payments by the Board, the Board's child care contractor, or the Commission; or
—fact-finding for suspected fraud.

Section 809.73(c) also retains the repealed provision that the receipt of child care services for which the parent is no longer eligible constitutes grounds on which to suspect fraud.

§809.74. Parent Appeal Rights
Section 809.74, related to parent appeals, contains many of the same provisions in the repealed rules. However, the section includes new language to clarify when a parent may appeal under Chapter 809 and when a parent may appeal under other chapters of Commission rules.

Section 809.74(a) states that a parent may request a hearing pursuant to Subchapter G of this chapter (relating to Appeal Procedure) if the parent's eligibility or child's enrollment is denied, delayed, reduced, or terminated by the Board's child care contractor. The Commission clarifies that if a decision of ineligibility is made by the child care contractor, then the parent may appeal
pursuant to the procedures set forth in this chapter. The Commission's intent is to ensure that
child care appeals related to nonparticipation or noncompliance with other workforce services—
services in which the child care contractor does not determine eligibility—are conducted
pursuant to the appeals process of the particular workforce service.

Section 809.74(b) states that a parent may have an individual represent them during this process.
This provision has not changed from the repealed rules.

Section 809.74(c) states that a parent of a child in protective services may not appeal pursuant to
Subchapter G of this chapter, but shall follow the procedures established by DFPS. The
proposed section has not changed from the repealed rules.

Section 809.74(d) states that if the parent's eligibility or child's enrollment is denied, delayed,
reduced, or terminated by a Choices case worker, the parent may not appeal pursuant to
Subchapter G of this chapter, but may appeal following the procedures in Chapter 811 of this
title. Similarly, §809.74(e) states that if the parent's eligibility or child's enrollment is denied,
delayed, reduced, or terminated by the FSE&T caseworker, the parent may not appeal pursuant
to Subchapter G of this chapter, but may appeal following the procedures in Chapter 813 of this
title. As mentioned previously, the Commission's intent is to ensure that child care appeals
related to nonparticipation or noncompliance with other workforce services—such as Choices or
FSE&T—are conducted pursuant to the appeals process of the particular workforce service.

§809.75. Child Care during Appeal
Section 809.75 provides the requirements for the provision of child care during appeal. The
provisions in this section are not substantively changed from the repealed provisions.

Section 809.75(a) states that for a child currently enrolled in child care, a Board shall ensure that
child care services continue during the appeal process until a decision is reached, if the parent
requests a hearing.

Section 809.75(b) provides that child care does not continue during the appeal process if the
parent's eligibility or child's enrollment is denied, delayed, reduced or terminated because of:
—excessive absences;
—voluntary withdrawal from child care;
—change in federal or state laws or regulations that affect the parent's eligibility;
—lack of funding because of increases in the number of enrolled children in state and Board
priority groups;
—a sanctions finding against the parent participating in the Choices program;
—voluntary withdrawal of a parent from the Choices program;
—nonpayment of parent fees; or
—a parent's failure to report, within 10 days of occurrence, any change in the family's
circumstances that would have rendered the family ineligible for subsidized child care.

Section 809.75(c) states that the cost of providing services during the appeal process is subject to
recovery from the parent by the Board, if the appeal decision is rendered against the parent.
§809.76. Parent Responsibility Agreement
Section 809.76 contains the requirements for the PRA.

Section 809.76(a) retains the provision from the repealed rules that the parent of a child receiving child care services is required to sign a PRA as part of the child care enrollment process, unless covered by the provisions of Texas Human Resources Code §31.0031. The parent's compliance with the provisions of the PRA must be reviewed at each eligibility redetermination.

Section 809.76(b)(1)(A) retains the repealed stipulation that the PRA require that each parent shall cooperate with the Office of the Attorney General of Texas (OAG) to establish paternity and enforce child support. However, the proposed rules clarify that this is required only for cases in which the child has a noncustodial parent. The Commission emphasizes that this provision of the PRA is not necessary if both parents of the child reside with the child and paternity and child support is not an issue. Additionally, the Commission includes language that allows a certain amount of flexibility in how a parent can demonstrate compliance with the paternity and child support provisions of the PRA.

The repealed rules related to the PRA do not specify when it is or is not necessary to cooperate with OAG. Some Boards interpreted the rule to require parents to open a child support case with OAG, even though paternity is acknowledged and the custodial parent is receiving child support, although the child support is not in the OAG child support system. Other Boards interpreted the rule to mean that if the custodial parent can demonstrate that a non–OAG-managed arrangement exists with the noncustodial parent for child support, then it would not be necessary for the parent to cooperate with OAG to establish or enforce that arrangement.

Additionally, parents with non–OAG-managed child support arrangements may decide that requiring the noncustodial parent to enter into a child support arrangement through OAG would jeopardize the receipt of any child support and jeopardize the current custodial arrangements. The custodial parent may forego receiving subsidized child care in order to retain child support and custody arrangements.

Section 809.76(b) clarifies that if a parent cannot produce documentation of receipt of child support, the parent will be required to open a child support case with OAG. The rule language specifically allows a parent to maintain an existing non–OAG-managed child support arrangement with the noncustodial parent, thus making it unnecessary to cooperate with OAG to enforce child support. The rule also specifies the documentation the custodial parent must produce in order to verify that paternity has been acknowledged and child support is being provided by the noncustodial parent.

Therefore, §809.76(b)(1)(A) stipulates that the PRA must require each parent to cooperate with OAG to establish paternity of the parent's children and to enforce child support. Additionally, the rules state that parents can demonstrate cooperation with the OAG by:
—providing documentation to the Board's child care contractor that the parent has an open child support case with OAG and is cooperating with OAG; or
—opening a child support case with OAG and providing documentation that the parent is cooperating with the OAG.
Additionally, §809.76(b)(1)(B) states that the parent may also provide documentation to the Board's child care contractor showing that the parent has an arrangement with the noncustodial parent for child support and is receiving child support on a regular basis. Such documentation must include evidence of child support payment history.

Although the Commission is not requiring parents to open a child support case with the OAG if the parent has an arrangement for child support with the noncustodial parent, the Commission intends that the Board require custodial parents to provide documented evidence that child support is being provided by the noncustodial parent.

Section 809.76(b)(2) retains the repealed provision of the PRA that each parent must not use, sell, or possess marijuana or other controlled substances in violation of Texas Health and Safety Code Chapter 481, and abstain from alcohol abuse.

Section 809.76(b)(3) also retains the repealed provision of the PRA related to school attendance. The new language clarifies that each parent must ensure that each family member younger than 18 years of age attends school regularly, unless the child has a high school diploma or a General Educational Development credential, or is specifically exempted from school attendance by Texas Education Code §25.086.

Section 809.76(c) states that failure by the parent to comply with any of the provisions of the PRA shall result in sanctions as determined by the Board, up to and including terminating the family's child care services. The new section has not changed from the repealed rules.

§809.77. Exemptions from the Parent Responsibility Agreement

Section 809.77 states that notwithstanding the requirements set forth in §809.76(b)(1), the parent is not required to comply with those requirements if one or more of the following situations exist:
— the paternity of the child cannot be established after a reasonable effort to do so;
— the child was conceived as a result of incest or rape;
— the parent of the child is a victim of domestic violence;
— adoption proceedings for the child are pending;
— the parent of the child has been working with an agency for three months or less to decide whether to place the child for adoption;
— the child may be physically or emotionally harmed by cooperation; or
— the parent may be physically or emotionally harmed by cooperation, to the extent of impairing the parent's ability to care for the child.

Section 809.77 includes additional exemptions from the repealed rules in order to align the child care PRA exemptions with TANF PRA exemptions in HHSC Rules, 15 TAC §372.1154(a)(4). These exemptions address situations relating to a child involved in a pending adoption proceeding, a parent working with an adoption agency to decide whether to place the child for adoption, or a child or parent who may be physically or emotionally harmed by cooperation.
Repealed Provisions Related to Parent Rights and Responsibilities Not Retained in the New Rules
The Commission removes the repealed provisions related to parent rights that involve "enrollment agreements." Enrollment agreements are between the parents of the child and the child care provider. The purpose of the enrollment agreements is to detail the agreed-upon terms between both parties. The repealed rules require parents to comply with the enrollment agreement. Under the repealed rules, a parent's failure to comply with the enrollment agreement results in having child care denied or terminated.

The Commission believes that the child care rules should be silent on enrollment agreements because these agreements are between the parents of a child and the individual child care provider. The child care provider, including a provider caring for nonsubsidized children, has the discretion to deny or terminate care in that child care facility in situations in which the parent does not comply with the agreed-upon terms.

SUBCHAPTER E. REQUIREMENTS TO PROVIDE CHILD CARE
The Commission proposes new Subchapter E, Requirements to Provide Child Care, as follows:

The repealed rules have two subchapters devoted to requirements for child care providers, one subchapter for providers with agreements and one subchapter for self-arranged child care (SACC) providers.

The new chapter removes the distinction between providers with agreements and SACC providers. The Commission's intent is that the rules related to child care providers be applied to every eligible provider type and to not have one set of rules for providers with agreements and another set for SACC providers. Therefore, Subchapter E contains the requirements for child care providers receiving child care subsidies. This subchapter provides the minimum requirements for providers, provider responsibilities and reporting requirements, and the provisions for reimbursing providers.

§809.91. Minimum Requirements for Providers
Section 809.91(a) requires the Boards to ensure that child care subsidies are paid only to providers listed in §809.2(16). The eligible providers include:
—regulated child care providers;
—relative child care providers; and
—at the Board option, listed family homes.

As defined in §809.2(17), regulated child care providers are the same as the eligible providers with agreements and SACC providers as set forth in the repealed rules and include entities that are:
—licensed by DFPS;
—registered with DFPS;
—licensed by the Texas Department of State Health Services; or
—operated and monitored by the U.S. military services.
As defined in §809.2(18), a relative child care provider is an individual who does not reside in the same household as the eligible child, is at least 18 years of age and is, by marriage, blood relationship, or court decree, one of the following:
— the child's grandparent;
— the child's great-grandparent;
— the child's aunt;
— the child's uncle; or
— the child's sibling.

As discussed in relation to the proposed definition of a "relative child care provider" in §809.1(18), the proposed rules limit child care services provided in the child's own home to relatives who do not reside with the eligible child. The Commission contends that a relative who resides with the child should not be eligible to receive a subsidy in order to care for the child, because the relative is available in the child's home to care for the child while the parent is working or attending a job training or educational program.

Finally, the Commission includes listed family homes, as defined in §809.2(12), as eligible providers.

A listed family home is an unregulated family home that is listed with, but not regulated by, DFPS. Listed family homes are, under the repealed rules and at the Board's option, an eligible provider.

Other than prohibiting relative providers who reside with the eligible child from being eligible relative providers (as discussed previously), the Commission emphasizes that the eligible provider types have not changed under the new rules. Licensed centers and homes, registered and listed homes, as well as eligible relatives, continue to be eligible child care providers. The rules designate each of these provider types as eligible providers and the requirements in Subchapter E apply to each provider type equally.

Section 809.91(b) states that if a Board chooses to include a listed family home as an eligible provider, the Board must ensure that there are local health and safety laws or regulations in effect designed to protect the health and safety of the children being cared for in listed family homes.

The Commission retains listed family homes as an eligible provider in order to provide parents with a full range of provider types. However, CCDF regulations at 45 C.F.R. §98.41 require that providers, with the exception of eligible relative providers, meet certain health and safety requirements under state or local law. At a minimum, the local or state health and safety laws or regulations must include the prevention and control of infectious diseases (including immunizations); building and physical premises safety; and minimum health and safety training appropriate to the provider setting.

Because listed family homes are not regulated by DFPS for these health and safety requirements, these providers are eligible only if the Board ensures that there are local laws or regulations that meet the requirements of 45 C.F.R. §98.41 in place.
Section 809.91(c) states that a Board shall not place requirements on regulated providers that are higher than state licensing requirements, except as provided for in the Texas Rising Star Provider Certification. The subsection also prohibits Boards and child care contractors from placing requirements on regulated child care providers that have the effect of monitoring the providers for compliance with state child care licensing requirements.

The intent of this prohibition is to emphasize that DFPS has the statutory authority under Texas Human Resources Code, Chapter 42 to regulate and monitor child care providers for health and safety requirements, which include the health and safety requirements of the CCDF regulations at 45 C.F.R. §98.41. As long as the provider is licensed or registered by DFPS, then the provider is assumed to be meeting the health and safety requirements of state law and to be an eligible provider.

Also, the Commission removes the provisions contained in the repealed rules related to general liability insurance requirements because liability insurance requirements for the provider are the responsibility of DFPS and new §809.91(c) prohibits Boards from placing any additional requirements on providers that are related to the authority of DFPS to regulate child care providers. The Commission emphasizes that having liability insurance is an important requirement for all licensed child care providers, not just providers receiving child care subsidies. As a child care industry-wide licensing requirement, it is under the jurisdiction of DFPS and it is not the Commission's or the Boards' role to monitor for compliance or require additional insurance above the state licensing requirements.

However, §809.91(d) provides that if a Board or a Board child care contractor, in the course of fulfilling its responsibilities, gains knowledge of any possible violation regarding regulatory standards, the Board or Board contractor must report such violations to the appropriate regulatory agency. This provision is retained from the repealed rules.

**§809.92. Provider Responsibilities and Reporting Requirements**

Section 809.92 contains provisions related to provider responsibilities and reporting requirements.

Section 809.92(a) states that a Board shall ensure that providers are given written notice of and agree to their responsibilities and requirements as stated in this subchapter before enrolling a child.

Though references to provider agreements have been removed in rule, the Commission emphasizes that it is important to require providers to agree in writing to the requirements in this subchapter prior to enrolling children. The Commission does not suggest that the written instrument referenced in §809.92(a) be named anything in particular. Boards may refer to the instrument as a "provider agreement," a "contract," a "terms and condition of service," or other name as they see fit. However, as Boards develop the written instrument for the providers, the Commission emphasizes the requirements in §809.91(c) that Boards must not place requirements on a regulated provider that exceed state licensing requirements or have the effect of monitoring the provider for compliance with state licensing requirements.
Section 809.92(b) consolidates the responsibilities and reporting requirements for providers into one section. The provisions in the subsection are retained from other sections of the repealed rules. The Commission's intent is to simplify provider responsibilities and reporting requirements and also to clarify that these requirements apply to each provider type.

Section 809.92(b)(1) states that providers are responsible for collecting the parent share of cost as assessed under §809.19 prior to the delivery of child care services. This provision is unchanged from the requirement in the repealed rules. Section 809.92(b)(2) requires providers to collect other child care funds received by the parents described in §809.21(2). This provision is also retained from the repealed rules. Finally, §809.92(b)(3) provides the minimum attendance reporting and tracking procedures required of providers. These provisions are also retained from the repealed rules.

Under §809.92(c), providers are prohibited from charging the difference between the provider's published rate and the amount of the Board's reimbursement rate, as determined in §809.21, to parents who are exempt from the parent share of cost assessment under §809.19(a)(2). Specifically, a provider shall not charge the difference between the provider's published rate and the amount of the Board's reimbursement rate to parents who are participating in Choices and FSE&T, as well as parents who have children that are receiving protective services.

There is nothing in federal law, federal regulation, state law, or in repealed Chapter 809 that prohibits providers from charging parents the difference between the Board's reimbursement rate and the provider's published rate (if the published rate is higher than the Board's reimbursement rate). Under the repealed rules, Boards could have a policy that prohibited providers from charging parents the difference between what the general public pays and the subsidy paid by the Board to the provider. In fact, 25 of the 28 Boards currently prohibit this practice for providers who have an agreement with the Board.

The practice of providers charging parents the difference allows those child care providers whose published rates are higher than the Board's reimbursement rate to recover the cost of services provided to subsidized children. On the other hand, it also allows child care providers—including providers caring for children of parents participating in Choices or FSE&T, who are exempt from the parent share of cost—to charge parents for the unsubsidized portion of the parents' child care costs. This increases the cost of child care for low-income working families and may jeopardize the ability of working families to access affordable child care. Furthermore, the practice also limits the choice of providers that a parent may be able to afford. Additionally, there is a possibility that a Choices individual who cannot find a provider that will not charge the parent for any unsubsidized portion of the provider's rate may be eligible for a "good cause" exemption from the work requirements.

During the rule development process, the Commission considered prohibiting providers from charging all families the difference between the Board's reimbursement rate and the provider's published rate. However, the Commission determined that this prohibition for all families may discourage providers from accepting subsidized children, thus potentially limiting the number of providers from which a parent may choose. Therefore, to ensure that families who are exempt from a parent share of cost assessment (parents participating in Choices or FSE&T, and parents...
with children receiving protective services) have access to affordable child care, the rule prohibits providers that accept children in Commission-funded child care from charging these families an additional amount to make up the difference between their rates for the general public and the subsidy they receive from the Board for families who do not pay a share of the child care cost.

Additionally, §809.92(d) allows Boards to adopt a more strict policy if they so choose. Boards may adopt a policy prohibiting providers from charging all parents receiving subsidized child care services the difference between the subsidy and the provider's published rate. Even though several Boards already have a policy on what can be charged for the balance of the child care cost, Boards will need to reconsider and adopt or readopt their policies with these changes.

The Commission will monitor and evaluate the impact of this provision to determine if it causes an undue burden to be placed on child care providers or limits the choice of providers for parents.

§809.93. Provider Reimbursement
Section 809.93 sets forth the requirements for reimbursing providers. The provisions in this section are retained largely from various sections of the repealed rules.

Section 809.93(a) states that a Board must ensure that reimbursement for child care is paid to the provider only, and must occur after the Board or its child care contractor receives a complete Declaration of Services Statement from the provider verifying that services were rendered. Provisions related to the Declaration of Services Statement are contained in the repealed rules in the provisions related to SACC providers. Under new Chapter 809, this provision applies to all providers.

Section 809.93(b) provides that the Declaration of Services Statement must contain:
—name, age, and identifying information of the child;
—amount of care;
—amount of care provided in terms of units of care;
—rate of payment;
—dates services were provided;
—name and identifying information of the provider, including the location where care is provided;
—verification by the provider that the information submitted is correct; and
—additional information as required by the Boards.

Section 809.93(c) provides that an unregulated relative child care provider must not be reimbursed for more children than permitted by the minimum regulatory standards of DFPS for registered child care homes. A Board may permit more children to be cared for by a relative child care provider on a case-by-case basis as determined by the Board. This provision is retained from the repealed rules.

Section 809.93(d) states that a Board must not reimburse providers that are debarred from other state or federal programs unless and until the debarment is removed. This provision is retained
largely from the repealed rules relating to noncompliance with other federal or state programs. The repealed rules do not specify that this provision applies to SACC providers. The Commission retains this provision in the requirements for child care providers and clarifies that it applies to all eligible providers, including those formerly referred to as SACC providers.

Section 809.93(e) retains the provisions from the repealed rules that unless otherwise determined by the Board and approved by the Commission for automated reporting purposes, reimbursements for child care are based on the unit of service delivered, as follows:
— a full-day unit of service is 6 to 12 hours of care provided within a 24-hour period; and
— a part-day unit of service is fewer than 6 hours of care provided within a 24-hour period.

Section 809.93(f) provides that a Board or its child care contractor must ensure that providers are not paid for holding spaces open except as consistent with attendance policies established by the Boards. This provision is retained from the repealed rules.

Section 809.93(g) states that a Board or the Board's child care contractor must not pay providers:
— less, when a child enrolled full time occasionally attends for a part day; or
— more, when a child enrolled part-time occasionally attends for a full day.

This provision and purpose is retained from the repealed rules.

Lastly, §809.93(h) stipulates that providers shall not be reimbursed retroactively for new maximum reimbursement rates established by the Board or new provider published rates. This provision is retained from the repealed rules, however, the language is modified to clarify that the "new rates" refer to either new maximum reimbursement rates established by the Board or new published rates of providers.

**Repealed Provisions Related to the Requirements to Provide Child Care Not Retained in the New Rules**

Along with the removal of references to provider agreements and SACC providers, also removed are the provisions related to noncompliance with other state or federal programs, with the exception of the provision related to debarment from other state or federal programs in §809.93(d).

The provisions related to noncompliance in the repealed rules have been interpreted by some Boards to mean that they may bar a provider whose license has not been revoked by DFPS—but has been found to be in noncompliance with a particular licensing requirement—from accepting subsidized children. This is not the intent of the Commission. As long as the provider is a duly licensed and regulated facility that meets the definition of a regulated provider in §809.2, the provider is eligible to care for subsidized children.

The Commission contends that parent access to the compliance history of providers, as required in §809.15, allows parents to become aware of any noncompliance issues. The Commission contends that the decision to enroll the child with a licensed or regulated provider who has been found to be in noncompliance with certain DFPS standards should be made by the parent and the parent should be encouraged to review the compliance history of the provider.
The Commission proposes new Subchapter F, Fraud Fact-Finding and Improper Payments, as follows:

Subchapter F contains the general fraud fact-finding provisions required for a Board to prevent fraud and to attempt to recover improper payments. The phrase "fact-finding" rather than "investigations" is used to emphasize that it is not the Commission's intent that Boards have investigative authority. The Boards' role is to research facts related to possible fraud and, if necessary, report the facts to the Commission for further investigation by the Commission. The provisions in this subchapter are retained largely from the repealed rules related to fraud investigations and corrective and adverse actions.

Additionally, Subchapter F contains the provisions related to corrective actions for parents or providers who fail to comply with Commission rules or Board policy. In general, the provisions for corrective actions are retained from the repealed rules. However, the Commission removes the language that applies these provisions to child care contractors as these provisions are included in Subchapter I, Subrecipient and Contract Service Provider Monitoring Activities. Additionally, corrective actions a Board may take against a child care contractor are included in the Agency-Board Agreement as well as the Agency's Financial Manual for Grants and Contracts.

§809.111. General Fraud Fact-Finding Procedures
Section 809.111 contains the general fraud fact-finding procedures required for a Board to prevent fraud.

Section 809.111(a) establishes authority for the Board to develop procedures for the prevention of fraud by a parent, provider, or any other person in a position to commit fraud consistent with fraud prevention provisions in the Agency-Board Agreement.

Section 809.111(b) requires a Board to ensure that procedures for researching and fact-finding for possible fraud are developed and implemented to deter and detect suspected fraud for child care services in the workforce area. This provision and purpose is retained from the repealed rules with the change of removing the term "investigating" and replacing it with the term "researching and fact-finding." Additionally, the reference in the repealed rules related to the referral for prosecution is removed. As mentioned previously, the Boards' role is to research facts, not to investigate and refer for prosecution.

Section 809.111(c) requires Board procedures to include provisions that ensure each case of suspected fraud is reported in writing to the Commission, including documentation of relevant facts. This provision and purpose is retained from the repealed rules without change.

Section 809.111(d) states that upon review of suspected fraud reports, the Commission may either accept the case for investigation and action at the state level, or return the case to the Board or its child care contractor for action including, but not limited to:
—further fact-finding; or
—other corrective action as provided in this chapter or as appropriate.

This provision is largely retained from the repealed rules. However, the repealed rules allow Boards to refer the case for prosecution under the Texas Penal Code or other state or federal laws. The proposed rule removes this provision. As stated previously, the role of the Board is to research and conduct fact-finding involving suspected fraud. The Commission contends that it is not the role of the Boards to refer suspected fraud cases for prosecution. The Boards' role is to research potential fraud and report the results of the research to the Commission; the Commission's role is to determine if the case should be referred to the proper authorities for prosecution.

Section 809.111(e) requires a Board to ensure that a final fact-finding report is submitted to the Commission after a case is returned to the Board or its child care contractor and all feasible avenues of fact-finding and corrective actions have been exhausted. This provision and purpose is retained from the repealed rules with the minor change of removing the term "investigation" and replacing it with the term "fact-finding."

§809.112. Suspected Fraud
Section 809.112 states that a parent, provider, or any other person in a position to commit fraud may be suspected of fraud if the person presents or causes to be presented to the Board or its child care contractor one or more of the following items:
—a request for reimbursement in excess of the amount charged by the provider for the child care; or
—a claim for child care services if evidence indicates that the person may have:
  —known, or should have known, that child care services were not provided as claimed;
  —known, or should have known, that information provided is false or fraudulent;
  —received child care services during a period in which the parent or child was not eligible for child care services;
  —known, or should have known, that child care subsidies were provided to a person not eligible to be a provider; or
  —otherwise indicated that the person knew, or should have known, that the actions were in violation of this chapter, or state or federal statute or regulations, relating to child care services.

These provisions are retained from the repealed rules with minor clarifications.

§809.113. Action to Prevent or Correct Suspected Fraud
Section 809.113 provides the Commission, Boards, or Boards' child care contractors the ability to take certain actions if the Commission finds that a person has committed fraud. The actions include:
—temporary withholding of payments to the provider for child care services delivered;
—nonpayment of child care services delivered;
—recoupment of funds from the parent or provider; or
—any other action consistent with the intent of the governing statutes or regulations to investigate, prevent, or stop suspected fraud.
This provision is largely retained from the repealed rules. However, the Commission clarifies that it is the Commission's responsibility, not the Board's, to determine if a person has committed fraud.

§809.114. Failure to Comply with Commission Rules and Board Policies
Section 809.114 establishes compliance with Commission rules and Board policies. The provisions in this section are retained from the repealed rules. However, as stated earlier, the Commission removes the language that applies these provisions to child care contractors as these provisions are included in Subchapter I, Subrecipient and Contract Service Provider Monitoring Activities. Additionally, corrective actions a Board may take against a child care contractor are included in the Agency-Board Agreement as well as the Agency's Financial Manual for Grants and Contracts.

Section 809.114(a) requires the Board to ensure that parents and providers comply with Commission rules. This provision is retained from the repealed rules; however, the reference to contracts has been removed as previously explained.

Section 809.114(b) provides that the Commission, Board, or Board's child care contractor may consider failure by a provider or parent to comply with this chapter as an act that may warrant corrective and adverse action as detailed in §809.115 (relating to Corrective Adverse Action). This provision and purpose is retained from the repealed rules with no substantive changes.

Section 809.114(c) provides that failure by a provider or parent to comply with this chapter will also be considered a breach of contract, which also may result in corrective action. This provision and purpose is retained from the repealed rules without changes.

§809.115. Corrective Adverse Actions
Section 809.115 identifies the corrective actions available if compliance with Commission rules and Board policies are not followed.

Section 809.115(a) provides that when determining appropriate corrective actions, the Board or child care contractor shall consider the following:
—The scope of the violation;
—The severity of the violations; and
—The compliance history of the person or entity.

This provision is retained from the repealed rules with minor editorial changes for clarity.

Section 809.115(b) identifies some allowable corrective actions a Board or child care contractor may take, including:
—closing intake;
—moving children to another provider selected by the parent;
—withholding provider payments or reimbursement of costs incurred;
—termination of child care services; and
—recoupment of funds.
This provision is retained from the repealed rules.

Section 809.115(c) states that when a provider violates a provision of Subchapter E of this chapter, a written Service Improvement Agreement (SIA) may be negotiated between the provider and the Board or the Board's child care contractor. The SIA must contain, at a minimum, the following specific items:
— The basis for the SIA;
— The steps required to reach compliance including, if applicable, technical assistance;
— The time limits for implementing the improvements; and
— The consequences of noncompliance with the SIA.

This provision is retained from the repealed rules without change.

The Commission does not include the requirement from the repealed rules that failure to comply with the terms in the SIA could result in one or more sanctions listed in Chapter 800, Subchapter E. The rules apply to SIAs between the child care contractor and a child care provider. This provision in the repealed rules applies to an SIA that a Board may have with a child care contractor. Thus, this repealed provision is duplicative of Chapter 800, Subchapter E.

§809.116. Recovery of Improper Payments
Section 809.116 states that efforts will be made to recover improper payments and that all improper payments recovered will be managed in accordance with Commission guidelines and policies.

Section 809.116(a) requires Boards to make attempts to recover all improper payments. In addition, this provision states that the Commission will not pay for improper payments. This provision and purpose is retained from the repealed rules without change.

Section 809.116(b) states that the recovery of improper payments will be managed in accordance with Commission policies, procedures, and guidelines. This provision and purpose is retained from the repealed rules without change.

§809.117. Recovery of Improper Payments to a Provider or Parent
Section 809.117 identifies circumstances when providers and parents must repay improper payments for child care and child care services received.

Section 809.117(a) states that a provider must repay improper payments for child care services received in the following circumstances:
— instances involving fraud;
— instances when the provider did not meet the provider eligibility requirements in this chapter;
— instances when the provider was paid for the child care services from another source;
— instances when the provider did not deliver the child care services;
— instances when referred children have been moved from one facility to another without authorization from the child care contractor; and
— other instances when repayment is deemed an appropriate action.
This provision and purpose is retained from the repealed rules without change.

Section 809.117(b) states that a parent must repay improper payments for child care in the following circumstances:
—instances involving fraud as defined in this chapter;
—instances when the parent has received child care services while awaiting an appeal and the determination is affirmed by the hearing officer; or
—other instances when repayment is deemed an appropriate corrective action.

**SUBCHAPTER G. APPEAL PROCEDURES**
The Commission proposes new Subchapter G, Appeal Procedures, as follows:

Subchapter G contains the general appeal procedures and requirements that a parent, provider, or a Board's child care contractor must follow to seek a review by a Board or the Commission of any adverse actions taken against them. The Commission retains the provisions in the repealed rules related to the Board review of an appeal as well as the provisions related to appeals to the Commission. As mentioned previously, the Commission has moved the provisions in the repealed rules related to the parent appeal rights to Subsection D (Parent Rights and Responsibilities).

The Commission is considering amendments to Chapter 823 related to General Hearings that may incorporate the appeal procedures for child care services as described in the proposed Subchapter G. Therefore, the appeal procedures outlined in Subchapter G may be subject to repeal and republishing in Chapter 823 at a later date.

**§809.131. Board Review**
Section 809.131 retains the repealed provisions concerning the Board review of appeals.

Section 809.131(a) retains the repealed rule provisions that a parent, provider, or a Board's child care contractor against whom an adverse action is taken may request a review by the Board. Section 809.131(b) retains the repealed rule provision that the request for review shall be submitted in writing and delivered to the Board within 15 days of the date of written notification of the adverse action and shall contain:
— a concise statement of the disputed adverse action;
— a recommended resolution; and
— any supporting documentation the requester deems relevant to the dispute.

Section 809.131(c) retains the repealed rule provisions stating that upon receipt of a request for review, the Board shall coordinate a review by appropriate Board staff.

Section 809.131(d) retains the repealed rule provisions that additional information may be requested from the Board's child care contractor, provider, and parents and that such information shall be provided within 15 days of the request.
Section 809.131(e) retains the repealed rule provisions that within 30 days of the date the request for review is received or of the date that additional requested information is received by the Board, the Board shall send the Board's child care contractor, provider, or parent written notification of the results of the review.

Section 809.131(f) contains a new provision that a Board must conduct a review prior to an appeal being submitted to the Commission for a hearing. With this provision the Commission clarifies that if an individual requests a review from the Board, the Board must conduct a review of the facts of the appeal and provide notification of the results of the review to the parties involved. It is not the Commission's intent that individuals bypass the Board review and appeal directly to the Commission.

§809.132. Appeals to the Commission
Section 809.132 contains the provisions related to an individual presenting an appeal to the Commission. The provisions in this proposed section are unchanged from the repealed rules.

Section 809.132(a) states that after the results of a Board review have been issued, the Board's child care contractor, provider, or parent who disagrees with the outcome of the review may request a Commission hearing to appeal the results.

Section 809.132(b) states that the request for an appeal to the Commission from a Board's review shall be filed in writing with the Commission's Appeals Department within 15 days after receiving written notification of the results of the Board review.

Section 809.132(c) states that the appeal to the Commission will include a hearing.

Section 809.132(d) states that the Commission hearing will be held in accordance with Commission policies and procedures applicable to the appeal as contained in Chapter 823 of this title, or as otherwise provided by the Commission.

PART III. IMPACT STATEMENTS

Randy Townsend, Chief Financial Officer, has determined that for each year of the first five years the rules will be in effect, the following statements will apply:

We estimate no additional cost to state government and no significant additional cost to local government (i.e., Local Workforce Development Boards) as a result of enforcing or administering a policy for the maintenance of a waiting list that includes determining that the parent is potentially eligible for child care services before placing the parents on the waiting list, or the requirement that parents receiving Transitional Child Care be engaged in work, education, or training activities for at least 25 hours per week (50 for two parents).

Although increased requirements to maintain the waiting list could increase the operating costs to Boards not currently conducting basic eligibility screening for parents placed on the waiting list, the process for reviewing the potential eligibility of a family is to be determined by Board
policy and does not require that the eligibility screening include verifying or documenting eligibility. Therefore, the cost impact is largely dependent upon the requirements of the Board policy.

Verifying and documenting the activity requirement for Transitional Child Care could increase the operating costs to Boards. However, this requirement currently exists for certain at-risk child care, and the Boards' child care contractors are already trained to verify the activity requirements. There are no additional costs associated with training or developing a process for verifying this additional requirement.

The Workforce Development Division provides that documenting and verifying new exemptions for enforcing or administering the rule providing for exemptions relating to a child involved in pending adoption proceedings or a child or parent who may be physically or emotionally harmed by cooperation may add an additional cost to local workforce development boards. These additional costs are not known as they will vary by Board.

While the requirement of a sliding fee scale (as required in CCDF regulations and included in the approved CCDF state plan) is included in these rules, and the Commission acknowledges that this change would require corresponding changes in child care automation systems and Board procedures, the Commission is concluding that further analysis of the impact of this rule change should be considered before Boards are required to modify their parent share of cost policies to align more closely with the sliding fee scale based on family income and family size requirements. The Commission commits to work closely with the Boards in order to determine and analyze the potential impact of this requirement.

The Workforce Development Division provides that there are likely cost reductions to Boards as a result of provisions that allow parents to provide documentation to child care providers regarding parental support and removed the distinction between providers with agreements and self-arranged child care providers although the cost reductions are not known as they will vary by Board.

Operational cost relating to allowing documenting and verifying child support compliance with the parent rather than Office of the Attorney General may be reduced. Also, without the distinction between providers and self-arranged child care providers, costs associated with the development and monitoring of provider agreements may be reduced.

We estimate no increase or loss in revenue to the state and to local governments as a result of enforcing or administering the rules.

Enforcing or administering the rules do not have foreseeable implications relating to the cost or revenues of the state or the revenues of local governments. Enforcing or administering the rule does not have significant foreseeable implications relating to the cost of local governments (i.e., Local Workforce Development Boards).

With respect to the "probable economic cost to persons required to comply with the rule," relatives who received child care subsidies and who resided with the eligible child will no longer
be eligible for those subsidies. This provision may have economic cost to those persons, as well as to Boards which may have to subsidize alternative child care for those children currently included in these arrangements.

With respect to "adverse economic effect on small- or micro-businesses," the rule that prohibits child care providers from charging parents the difference between the provider’s published rate and the amount of the Board’s reimbursement rate may have an effect on child care providers (a) whose published rate is more than the Board’s maximum reimbursement rate, and (b) who are caring for children of parents participating in Choices or FSE&T, or children receiving protective services.

Boards may also apply this prohibition to providers caring for children whose parents who are not exempt from the parent share of cost. Therefore, the cost impact may be dependent on whether the Board chooses to apply this prohibition to all providers who choose to care for subsidized children. In any case, there stands to be an adverse economic effect (as well as a "probable economic cost to persons required to comply with the rule") on child care providers which currently charge parents (i.e., participating in Choices or FSE&T, or relative to protective services) the difference between the provider's published rate and the amount of the Board's reimbursement rate. We cannot, however, with information available to us, estimate the full extent of this impact.

It is not feasible to waive these requirements for child care providers who are small- or micro-businesses because the vast majority of providers are classified as small- or micro-businesses as defined by Chapter 2006 of the Texas Government Code.

Mark Hughes, Director, Labor Market Information, has determined that there is no significant negative impact upon employment conditions in this state as a result of the proposed rules. Mr. Hughes does not expect any significant impact upon overall employment conditions in the state as a result of the proposed rules.

Luis M. Macias, Director, Workforce Development Division, has determined that a public benefit anticipated as a result of enforcing the proposed rules will be to meet the child care needs of low-income families in Texas in order to assist the families in participating in work, job training, or educational programs with the goal of achieving and maintaining self-sufficiency. Mr. Macias has determined that the streamlining of rule language and clarifications provided throughout the rules will benefit the public through better compliance for Boards, Board child care contractors, parents, and child care providers. Mr. Macias has also determined that an additional public benefit anticipated as a result of enforcing the proposed rules will be to meet the needs of employers to have a more highly skilled workforce through the availability of child care for parents participating in job training and educational activities.

The Agency hereby certifies that the proposal has been reviewed by legal counsel and found to be within the Agency's legal authority to adopt.
PART IV. COORDINATION ACTIVITIES

In the development of these rules for publication and public comment, the Commission sought the involvement of Texas' 28 Boards. The Commission provided the concept paper regarding these rule amendments to the Boards for consideration and review. The Commission also conducted a conference call with Board executive directors and Board staff on May 26, 2006, to discuss the concept paper. Additionally, Agency staff conducted a conference call with the Child Care Network Policy Workgroup on July 13, 2006. During the rulemaking process, the Commission considered all information gathered in order to develop rules that provide clear and concise direction to all parties involved.

Comments on the proposed rules may be submitted to TWC Policy Comments, Policy and Development, 101 East 15th Street, Room 440T, Austin, Texas 78778; faxed to 512-475-3577; or e-mailed to TWCPolicyComments@twc.state.tx.us. The Commission must receive comments postmarked no later than 30 days from the date this proposal is published in the Texas Register.

The rules are proposed under Texas Labor Code §301.0015 and §302.002(d), which provide the Commission with the authority to adopt, amend, or repeal such rules as it deems necessary for the effective administration of Agency services and activities, and the Texas Human Resources Code §44.002, regarding Administrative Rules.

The proposed rules will affect Texas Labor Code, Title 4, particularly Chapters 301 and 302, as well as Texas Government Code, Chapter 2308.
CHAPTER 809. CHILD CARE SERVICES

SUBCHAPTER A. GENERAL PROVISIONS

§809.1. Short Title and Purpose

(a) The rules contained in this chapter may be cited as the Child Care Rules.

(b) The purpose of these rules is to interpret and implement the requirements of state and federal statutes and regulations governing child care and quality improvement activities funded through the Texas Workforce Commission (Commission), to include:

1. the Child Care and Development Fund (CCDF), which includes:
   (A) funds allocated to local workforce development areas (workforce areas) as provided in §800.58 of this title;
   (B) private donated funds described in §809.17(b)(1);
   (C) public transferred funds described in §809.17(b)(2);
   (D) public certified expenditures described in §809.17(b)(3); and
   (E) funds used for children receiving protective services described in §809.49.

2. other funds that are used for child care services allocated to workforce areas under Chapter 800 of this title.

(c) The rules contained in this chapter shall apply to the Commission, Local Workforce Development Boards (Boards), their child care contractors, child care providers, and parents applying for or eligible to receive child care services.

§809.2. Definitions

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise.

1. Attending a job training or educational program -- An individual is considered to be attending a job training or educational program if the individual:

   (A) is considered by the program to be officially enrolled;
   (B) meets all attendance requirements established by the program; and
   (C) is making progress toward successful completion of the program as determined by the Board.

2. Child -- An individual who meets the general eligibility requirements contained in this chapter for receiving child care services.

3. Child care contractor -- The entity or entities under contract with the Board to manage child care services. This includes contractors involved in determining eligibility for child care services, contractors involved in the billing and reimbursement process related to child care subsidies, as well as contractors involved in the funding of quality improvement activities as described in §809.16.
(4) Child care services -- Child care subsidies and quality improvement activities funded by the Commission.

(5) Child care subsidies -- Commission-funded child care reimbursements to an eligible child care provider for the direct care of an eligible child.

(6) Child with disabilities -- A child who is mentally or physically incapable of performing routine activities of daily living within the child's typical chronological range of development. A child is considered mentally or physically incapable of performing routine activities of daily living if the child requires assistance in performing tasks (major life activity) that are within the typical chronological range of development, including but not limited to, caring for oneself; performing manual tasks; walking; hearing; seeing, speaking, breathing; learning; and working.

(7) Educational program -- A program that leads to:
   (A) a high school diploma;
   (B) a General Educational Development (GED) credential; or
   (C) a postsecondary degree from an institution of higher education.

(8) Family -- The unit composed of a child eligible to receive child care services, the parents of that child, and household dependents.

(9) Household dependent -- An individual living in the household who is one of the following:
   (A) an adult considered as a dependent of the parent for income tax purposes;
   (B) a child of a teen parent; or
   (C) a child or other minor living in the household who is the responsibility of the parent.

(10) Improper payments -- Payments to a provider or Board's child care contractor for goods or services that are not in compliance with federal or state requirements or applicable contracts.

(11) Job training program -- A program that provides training or instruction leading to:
   (A) basic literacy;
   (B) English proficiency;
   (C) an occupational or professional certification or license; or
   (D) the acquisition of technical skills, knowledge, and abilities specific to an occupation.

(12) Listed family home -- an unregulated family home that is listed with, but not regulated by, the Texas Department of Family and Protective Services (DFPS) pursuant to Texas Human Resources Code §42.052(c).

(13) Military deployment -- The temporary duty assignment away from the permanent military installation or place of residence for reserve components of the single military parent or the dual military parents of a child enrolled in child care services.
This includes deployed parents in the regular military, military reserves, or National Guard.

(14) Parent -- An individual who is responsible for the care and supervision of a child and is identified as the child's natural parent, adoptive parent, stepparent, legal guardian, or person standing in loco parentis. Unless otherwise indicated, the term applies to a single parent or both parents.

(15) Protective services -- Services provided when:
   (A) a child is at risk of abuse or neglect in the immediate or short-term future and the child's family cannot or will not protect the child without DFPS Child Protective Services (CPS) intervention;
   (B) a child is in the managing conservatorship of DFPS and residing with a relative or a foster parent; or
   (C) a child has been provided with protective services by DFPS within the prior six months and requires services to ensure the stability of the family.

(16) Provider -- A provider is defined as:
   (A) a regulated child care provider as defined in §809.2(17);
   (B) a relative child care provider as defined in §809.2(18); or
   (C) a listed family home as defined in §809.2(12), subject to the requirements in §809.91(b).

(17) Regulated child care provider -- An entity that is:
   (A) licensed by DFPS;
   (B) registered with DFPS;
   (C) licensed by the Texas Department of State Health Services as a youth day camp; or
   (D) operated and monitored by the United States military services.

(18) Relative child care provider -- An individual who does not reside in the same household as an eligible child, is at least 18 years of age, and is, by marriage, blood relationship, or court decree, one of the following:
   (A) The child's grandparent;
   (B) The child's great-grandparent;
   (C) The child's aunt;
   (D) The child's uncle; or
   (E) The child's sibling.

(19) Residing with -- A child is considered to be residing with the parent when the child's primary place of residence is the same as the parent's primary place of residence.

(20) Teen parent -- A teen parent (teen) is an individual 18 years of age or younger, or 19 years of age and attending high school or the equivalent, who has a child.
(21) Working -- Working is defined as:

(A) an activity for which one receives monetary compensation such as a salary, wages, tips, and commissions; or

(B) an activity to assist individuals in obtaining employment including on-the-job training, job creation through wage subsidies, work experience, community service programs, and job search activities (subject to the requirements in §809.41(d)).

§809.3. Waiver Request

The Commission may waive child care rules upon request from a person directly affected by the rules, if it determines that the waiver benefits a parent, child care contractor, or provider, and the Commission determines that the waiver does not harm child care or violate state or federal statutes or regulations.

SUBCHAPTER B. GENERAL MANAGEMENT

§809.11. Board Responsibilities

(a) A Board shall be responsible for the administration of child care in a manner consistent with Texas Government Code, Chapter 2308, as amended, and related provisions under Chapter 801 of this title (relating to Local Workforce Development Boards).

(b) A Board shall ensure that access to child care services shall be available through all Texas Workforce Centers within a workforce area.

(c) A Board shall provide child care services as support services for workforce employment, job training, and services under Texas Government Code, Chapter 2308 and Chapter 801 of this title.

(d) Upon request, a Board shall provide the Commission with access to child care administration records and submit related information for review and monitoring, pursuant to Commission rules and policies.

§809.12. Board Plan for Child Care Services

(a) A Board shall, as part of its Texas Workforce Development Board Plan (Board plan), develop, amend, and modify the Board plan to incorporate and coordinate the design and management of the delivery of child care services with the delivery of other workforce employment, job training, and educational services identified in Texas Government Code §2308.251 et seq., as well as other workforce training and services included in the One-Stop Service Delivery Network.

(b) The goal of the Board plan is to coordinate workforce training and services, to leverage private and public funds at the local level, and to fully integrate child care services for low-income families with the network of workforce training and services under the administration of the Boards.

(c) Boards shall design and manage the Board plan to maximize the delivery and availability of quality child care services that assist families seeking to become independent from, or
who are at risk of becoming dependent on, public assistance while parents are either working or attending a job training or educational program.

§809.13. Board Policies for Child Care Services

(a) A Board shall develop, adopt, and modify its policies for the design and management of the delivery of child care services in a public process in accordance with Chapter 801 of this title.

(b) A Board shall maintain written copies of the policies that are required by federal and state law, or as requested by the Commission, and make such policies available to the Commission and the public upon request.

(c) A Board shall also submit any modifications, amendments, or new policies to the Commission no later than two weeks after adoption of the policy by the Board.

(d) At a minimum, a Board shall develop policies related to:

(1) how the Board determines that the parent is making progress toward successful completion of a job training or educational program as described in §809.2(1);

(2) maintenance of a waiting list as described in §809.18(b);

(3) assessment of a parent share of cost as described in §809.19, including the reimbursement of providers when a parent fails to pay the parent share of cost;

(4) maximum reimbursement rates as provided in §809.20, including policies related to reimbursement of providers who offer transportation;

(5) family income limits as described in Subchapter C (related to Eligibility for Child Care Services);

(6) provision of child care services to a child with disabilities up to the age of 19 as described in §809.41(a)(1)(B);

(7) minimum activity requirements for parents as described in §809.48, §809.50, and §809.51;

(8) time limits for the provision of child care while the parent is attending an educational program as described in §809.41(b);

(9) frequency of eligibility redetermination as described in §809.42(b)(2);

(10) Board priority groups as described in §809.43(a);

(11) transfer of a child from one provider to another as described in §809.71(b)(2);

(12) provider eligibility for listed family homes as provided in §809.91(b), if the Board chooses to include listed family homes as eligible providers;

(13) attendance standards and procedures as provided in §809.92(b)(3), including provisions consistent with §809.54(f) (relating to Continuity of Care for custody and visitation arrangements);

(14) providers charging the difference between their published rate and the Board's reimbursement rate as provided in §809.92(d); and

(15) procedures for investigating fraud as provided in §809.111.
§809.14. Coordination of Child Care Services

(a) A Board shall coordinate with federal, state, and local child care and early development programs and representatives of local governments in developing its Board plan and policies for the design and management of the delivery of child care services, and shall maintain written documentation of its coordination efforts.

(b) Pursuant to Texas Education Code §29.158, and in a manner consistent with federal law and regulations, a Board shall coordinate with school districts, Head Start, and Early Head Start program providers to ensure, to the greatest extent practicable, that full-day, full-year child care is available to meet the needs of low-income parents who are working or attending a job training or educational program.

§809.15. Promoting Consumer Education

(a) A Board shall promote informed child care choices by providing consumer education information to:

(1) parents who are eligible for child care services;
(2) parents who are placed on a Board's waiting list;
(3) parents who are no longer eligible for child care services; and
(4) applicants who are not eligible for child care services.

(b) The consumer education information shall contain, at a minimum:

(1) information about the Texas Information and Referral Network/2-1-1 Texas information and referral system;
(2) the Web site and telephone number of DFPS, so parents may obtain health and safety requirements including information on:
   (A) the prevention and control of infectious diseases (including immunizations);
   (B) building and physical premises safety;
   (C) minimum health and safety training appropriate to the provider setting; and
   (D) the regulatory compliance history of child care providers;
(3) a description of the full range of eligible child care providers set forth in §809.91; and
(4) a description of programs available in the workforce area relating to school readiness and quality rating systems, including:
   (A) school readiness models developed by the State Center for Early Childhood Development at the University of Texas Health Science Center (State Center); and
   (B) Texas Rising Star Provider criteria.

(c) A Board shall cooperate with the Texas Health and Human Services Commission (HHSC) to provide the Texas Information and Referral Network/2-1-1 Texas with information, as determined by HHSC, for inclusion in the statewide information and referral network.
§809.16. Quality Improvement Activities

(a) Child care funds allocated by the Commission pursuant to its allocation rules (generally, Chapter 800, General Administration, Subchapter B, Allocation and Funding, and specifically §800.58, Child Care), including local public transferred funds and local private donated funds, as provided in §809.17, to the extent they are used for nondirect care quality improvement activities, shall be used only for the following:

(1) Collaborative reading initiatives;
(2) School readiness, early learning, and literacy; or
(3) Local-level support to promote child care consumer education provided by 2-1-1 Texas.

(b) Allowable activities to support the quality improvement activities described in subsection (a) of this section may include the following:

(1) Professional development and training for child care providers; or
(2) Purchase of curriculum and curriculum-related support resources for child care providers

(c) Activities in subsection (a) of this section may be designed to meet the needs of children in any age group eligible for Commission-funded child care, as well as children with disabilities.

(d) In funding quality improvement activities allowable under this section, a Board may give priority to child care facilities:

(1) participating in the integrated school readiness models developed by the State Center;
(2) implementing components of school readiness curricula as approved by the State Center; or
(3) participating in or voluntarily pursuing participation in Texas Rising Star Provider certification, pursuant to Texas Government Code §2308.316.

(e) Expenditures certified by a public entity, as provided in §809.17(b)(3), may include expenditures for any quality improvement activity described in 45 C.F.R. §98.51.

§809.17. Leveraging Local Resources

(a) Leveraging Local Funds.

(1) The Commission encourages Boards to secure local public and private funds for the purpose of matching federal funds in order to maximize resources for child care needs in the community.

(2) A Board is encouraged to secure additional local funds in excess of the amount required to match federal funds allocated to the Board in order to maximize its potential to receive additional federal funds should they become available.

(3) A Board's performance in securing and leveraging local funds for match may make the Board eligible for incentive awards.

(b) The Commission accepts the following as local match:
(1) Funds from a private entity that:
   (A) are donated without restrictions that require their use for:
       (i) a specific individual, organization, facility, or institution; or
       (ii) an activity not included in the CCDF State Plan or allowed under this chapter;
   (B) do not revert back to the donor's facility or use;
   (C) are not used to match other federal funds; and
   (D) are certified by both the donor and the Commission as meeting the requirements of subparagraphs (A)–(C) of this paragraph.

(2) Funds from a public entity that:
   (A) are transferred without restrictions that would require their use for an activity not included in the CCDF State Plan or allowed under this chapter;
   (B) are not used to match other federal funds; and
   (C) are not federal funds, unless authorized by federal law to be used to match other federal funds.

(3) Expenditures by a public entity certifying that the expenditures:
   (A) are for an activity included in the CCDF State Plan or allowed under this chapter;
   (B) are not used to match other federal funds; and
   (C) are not federal funds, unless authorized by federal law to be used to match other federal funds.

(c) A Board shall submit private donations, public transfers, and public certifications to the Commission for acceptance, with sufficient information to determine that the funds meet the requirements of subsection (b) of this section.

(d) Completing Private Donations, Public Transfers, and Public Certifications.
   (1) A Board shall ensure that:
      (A) private donations of cash and public transfers of funds are paid to the Commission; and
      (B) public certifications are submitted to the Commission.
   (2) Private donations and public transfers are considered complete when the funds have been received by the Commission.
   (3) Public certifications are considered complete to the extent that a signed written instrument is delivered to the Commission that reflects that the public entity has expended a specific amount of funds on eligible activities described in subsection (b)(3) of this section.

(e) A Board shall monitor the funds secured for match and the expenditure of any resulting funds to ensure that expenditures of federal matching funds available through the
Commission do not exceed an amount that corresponds to the private donations, public
transfers, and public certifications that are completed by the end of the program year.

§809.18. Maintenance of a Waiting List

(a) A Board shall ensure that a list of parents waiting for child care services, because of the
lack of funding or lack of providers, is maintained and available to the Commission upon
request.

(b) A Board shall establish a policy for the maintenance of a waiting list that includes, at a
minimum:

1. the process for determining that the parent is potentially eligible for child care
services before placing the parent on the waiting list; and

2. the frequency in which the parent information is updated and maintained on the
waiting list.

§809.19. Assessing the Parent Share of Cost

(a) For child care funds allocated by the Commission pursuant to its allocation rules
(generally, Chapter 800, General Administration, Subchapter B, Allocation and Funding,
and specifically, §800.58, Child Care), including local public transferred funds and local
private donated funds, as provided in §809.17, the following shall apply.

1. A Board shall set a parent share of cost policy that assesses the parent share of cost in
a manner that results in the parent share of cost:

   (A) being assessed to all parents, except in instances when an exemption under
       paragraph (2) of this subsection applies;

   (B) being a sliding fee scale based on the family's size and gross monthly income,
       and also may consider the number of children in care; and

   (C) not exceeding the cost of care.

2. Parents who are one or more of the following are exempt from paying the parent
share of cost:

   (A) Parents who are participating in Choices;

   (B) Parents who are participating in Food Stamp Employment and Training
       (FSE&T) services; or

   (C) Parents who have children who are receiving protective services, unless DFPS
       assesses the parent share of cost.

3. Teen parents who are not covered under exemptions listed in paragraph (2) of this
subsection shall be assessed a parent share of cost. The teen parent's share of cost is
based solely on the teen parent's income and size of the teen's family as defined in
809.2(8).

(b) For child care services funded from sources other than those specified in subsection (a) of
this section, a Board shall set a parent share of cost policy based on a sliding fee scale.
The sliding fee scale may be the same as or different from the provisions contained in
subsection (a) of this section.
(c) A Board shall establish a policy regarding reimbursement of providers when parents fail to pay the parent share of cost.

(d) The Board or its child care contractor may review the assessed parent share of cost for possible reduction if there are extenuating circumstances that jeopardize a family's self-sufficiency. The Board or its child care contractor may reduce the assessed parent share of cost if warranted by these circumstances.

(e) If the parent is not covered by an exemption as specified in subsection (2) of this section, then the Board or its child care contractor shall not waive the assessed parent share of cost under any circumstances.

(f) If the parent share of cost, based on family income and family size, is calculated to be zero, then the Board or its child care contractor shall not charge the parent a minimum share of cost amount.

§809.20. Maximum Provider Reimbursement Rates

(a) Based on local factors, including a market rate survey provided by the Commission, a Board shall establish maximum reimbursement rates for child care subsidies to ensure that the rates provide equal access to child care in the local market and in a manner consistent with state and federal statutes and regulations governing child care.

(b) A Board shall establish graduated reimbursement rates for:

   (1) child care providers participating in integrated school readiness models developed by the State Center; and

   (2) Texas Rising Star Providers pursuant to Texas Government Code §2308.315.

(c) The minimum reimbursement rates established under subsection (b) of this section shall be at least five % greater than the maximum rate established for providers not meeting the requirements of subsection (b) for the same category of care up to, but not to exceed, the provider's published rate.

(d) A Board or its child care contractor shall ensure that providers who are reimbursed for additional staff or equipment needed to assist in the care of a child with disabilities are paid a rate up to 190% of the provider's reimbursement rate for a child of that same age. The higher rate shall take into consideration the estimated cost of the additional staff needed by a child with disabilities. The Board shall ensure that a professional, who is familiar with assessing the needs of children with disabilities, certifies the need for the higher reimbursement rate described in subsection (b) of this section.

(e) The Board shall determine whether to reimburse providers who offer transportation.

(f) The combined total of the provider's published rate, plus the transportation rate, is subject to the maximum reimbursement rate established in subsection (a) of this section.

§809.21. Determining the Amount of the Provider Reimbursement

The actual reimbursement that the Board or the Board's child care contractor pays to the provider shall be the Board's maximum rate or the provider's published rate, whichever is lower, less the following amounts:
(1) The parent share of cost assessed and adjusted when the parent share of cost is reduced; and
(2) Any child care funds received by the parent from other public or private entities.

SUBCHAPTER C. ELIGIBILITY FOR CHILD CARE SERVICES

§809.41. A Child's General Eligibility for Child Care Services

(a) Except for a child receiving or needing protective services as described in §809.49, for a child to be eligible to receive child care services, the child shall:

(1) meet one of the following age requirements:
   (A) be under 13 years of age; or
   (B) at the option of the Board, be a child with disabilities under 19 years of age.

(2) reside with:
   (A) a family whose income does not exceed the income limit established by the Board, which income limit must not exceed 85% of the state median income for a family of the same size; and
   (B) parents who require child care in order to work or attend a job training or educational program.

(b) Notwithstanding the requirements set forth in subsection (c), a Board shall establish policies, including time limits, for the provision of child care services while the parent is attending an educational program.

(c) Time limits pursuant to subsection (b) of this section shall be for four years, if the eligible child's parent is enrolled in an associate's degree program that will prepare the parent for a job in a high-growth, high-demand occupation as determined by the Board.

(d) Unless otherwise subject to job search limitations as stipulated in this title, the following shall apply:

(1) For child care funds allocated by the Commission pursuant to its allocation rules (generally, Chapter 800, General Administration, Subchapter B, Allocation and Funding, and specifically, §800.58 Child Care), an enrolled child may be eligible for child care services for four weeks within a federal fiscal year in order for the child's parent to search for work because of interruptions in the parent's employment.

(2) For child care services funded by the Commission from sources other than those specified in paragraph (1) of this subsection, child care services during job search activities are limited to four weeks within a federal fiscal year.

§809.42. Eligibility Determination and Verification

(a) A Board shall ensure that its child care contractor verifies eligibility for child care services prior to authorizing child care.

(b) Eligibility for child care services shall be redetermined:
any time there is a change in family income or other information that could affect eligibility to receive child care services; and

(2) on an established frequency at the Board's discretion.

c) A Board shall ensure that a public entity certifying expenditures for direct child care as described in §809.17(b)(3) determines and verifies that the expenditures are for child care provided to an eligible child. At a minimum, the public entity shall verify that the child:

(1) is under 13 years of age, or at the option of the Board, is a child with disabilities under 19 years of age; and

(2) resides with:

(A) a family whose income does not exceed 85% of the state median income for a family of the same size; and

(B) a parent who requires child care in order to work or attend a job training or educational program.

§809.43. Priority for Child Care Services

(a) A Board shall ensure that child care services are prioritized among the following three priority groups:

(1) The first priority group is assured child care services and includes children of parents eligible for the following:

(A) Choices child care as referenced in §809.45;

(B) Temporary Assistance for Needy Families (TANF) Applicant child care as referenced in §809.46;

(C) FSE&T child care as referenced in §809.47; and

(D) Transitional child care as referenced in §809.48.

(2) The second priority group is served subject to the availability of funds and includes, in the order of priority:

(A) children who need to receive protective services child care as referenced in §809.49;

(B) children of a qualified veteran as defined in §801.23 of this title;

(C) children of a foster youth as defined in §801.23 of this title;

(D) children of teen parents as defined in §809.2; and

(E) children with disabilities as defined in §809.2.

(3) The third priority group includes any other priority adopted by the Board.

(b) A Board shall not establish a priority group under paragraph (a)(3) based on the parent's choice of an individual provider or provider type.
§809.44. Calculating Family Income

(a) Unless otherwise required by federal or state law, the family income for purposes of determining eligibility means the monthly total of the following items for each member of the family (as defined in §809.2(8)):

(1) Total gross earnings before deductions are made for taxes. These earnings include wages, salaries, commissions, tips, piece-rate payments, and cash bonuses earned.

(2) Net income from self-employment. Net income includes gross receipts minus business-related expenses from a person's own business, professional enterprise, or partnership, which result in the person's net income. Net income also includes gross receipts minus operating expenses from the operation of a farm.

(3) Pensions, annuities, insurance, and retirement income. This includes Social Security pensions, veteran's pensions and survivor's benefits and any cash benefit paid to retirees or their survivors by a former employer, or by a union, either directly or through an insurance company. This also includes payments from annuities and life insurance.

(4) Taxable capital gains, dividends, and interest. These earnings include capital gains from the sale of property and earnings from dividends from stock holdings, and interest on savings or bonds.

(5) Rental income. This includes income from rental of a house, homestead, store, or other property, or rental income from boarders or lodgers.

(6) Public assistance payments. These payments include TANF as authorized under Chapters 31 or 34 of the Texas Human Resources Code, refugee assistance, Social Security Disability Insurance, Supplemental Security Income, and general assistance (such as cash payments from a county or city).

(7) Income from estate and trust funds. These payments include income from estates, trust funds, inheritances, or royalties.

(8) Unemployment compensation. This includes unemployment payments from governmental unemployment insurance agencies or private companies and strike benefits while a person is unemployed or on strike.

(9) Workers' compensation income, death benefit payments and other disability payments. These payments include compensation received periodically from private or public sources for on-the-job injuries.

(10) Spousal maintenance or alimony. This includes any payment made to a spouse or former spouse under a separation or divorce agreement.

(11) Child support. These payments include court-ordered child support, any maintenance or allowance used for current living costs provided by parents to a minor child who is a student, or any informal child support cash payments made by an absent parent for the maintenance of a minor.

(12) Court settlements or judgments. This includes awards for exemplary or punitive damages, non-economic damages, and compensation for lost wages or profits.
(b) Income to the family that is not included in subsection (a) of this section is excluded in determining the total family income. Specifically, family income does not include:

1. Food stamps;
2. Monthly monetary allowances provided to or for children of Vietnam veterans born with certain birth defects;
3. Educational scholarships, grants, and loans;
4. Earned Income Tax Credit (EITC) and the Advanced EITC;
5. Individual Development Account (IDA) withdrawals;
6. Tax refunds;
7. VISTA and AmeriCorps living allowances and stipends;
8. Noncash or in-kind benefits received in lieu of wages;
9. Foster care payments; and
10. Special military pay or allowances, which include subsistence allowances, housing allowances, family separation allowances, or special allowances for duty subject to hostile fire or imminent danger.

§809.45. Choices Child Care

(a) A parent is eligible for Choices child care if the parent is participating in the Choices program as stipulated in Chapter 811 of this title.

(b) A parent who has been approved for Choices, but is waiting to enter an approved initial component of the program, may be eligible for up to two weeks of child care services if:

1. child care services will prevent loss of the Choices placement; and
2. child care is available to meet the needs of the child and parent.

§809.46. Temporary Assistance for Needy Families Applicant Child Care

(a) A parent is eligible for TANF Applicant child care if the parent:

1. receives a referral from the Health and Human Services Commission (HHSC) to attend a Workforce Orientation for Applicants (WOA);
2. locates employment or has increased earnings prior to TANF certification; and
3. needs child care to accept or retain employment.

(b) To receive TANF Applicant child care, the parent shall be working and not have voluntarily terminated paid employment of at least 25 hours a week within 30 days prior to receiving the referral from HHSC to attend a WOA, unless the voluntary termination was for good cause connected with the parent's work.

(c) Subject to the availability of funds and the continued employment of the parent, TANF Applicant child care shall be provided for up to 12 months or until the family reaches the Board's income limit for eligibility under any provision contained in §§809.50–809.52, whichever occurs first.
(d) Parents who are employed fewer than 25 hours a week at the time they apply for temporary cash assistance are limited to 90 days of TANF Applicant child care. Applicant child care may be extended to a total of 12 months, inclusive of the 90 days, if before the end of the 90-day period, the applicant increases the hours of employment to a minimum of 25 hours a week.

(e) Subject to the availability of funds, a parent whose time limit for TANF Applicant child care has expired may continue to be eligible for child care services provided the parent and child are otherwise eligible under any provision contained in §§809.50–809.52.

§809.47. Food Stamp Employment and Training Child Care

A parent is eligible to receive FSE&T child care services if the parent is participating in FSE&T services, in accordance with the provisions of 7 C.F.R. Part 273, as long as the case remains open.

§809.48. Transitional Child Care

(a) A parent is eligible for Transitional child care services if the parent:

   (1) has been denied TANF because of increased earnings; or

   (2) has been denied temporary cash assistance within 30 days because of expiration of TANF time limits; and

   (3) requires child care to work or attend a job training or educational program for a combination of at least 25 hours per week for a single-parent family or 50 hours per week for a two-parent family, or a higher number of hours per week as established by a Board.

(b) Boards may establish an income eligibility limit for Transitional child care that is higher than the eligibility limit for children in families at risk of becoming dependent on public assistance, provided that the higher income limit does not exceed 85% of the state median income for a family of the same size.

(c) Transitional child care shall be available for:

   (1) a period of up to 12 months from the effective date of the TANF denial; or

   (2) a period of up to 18 months from the effective date of the TANF denial in the case of a former TANF recipient who was eligible for child caretaker exemptions pursuant to Texas Human Resources Code §31.012(c) and voluntarily participates in the Choices program.

(d) Former TANF recipients who are not employed when TANF expires, including recipients who are engaged in a Choices activity except as provided under subsection (e) of this section, shall receive up to four weeks of Transitional child care in order to allow these individuals to search for work as needed.

(e) Former TANF recipients who are engaged in a Choices activity, are meeting the requirements of Chapter 811 of this title, and are denied TANF because of receipt of child support shall be eligible to receive Transitional child care services until the date on which the individual completes the activity, as defined by the Board.
§809.49. Child Care for Children Receiving or Needing Protective Services

(a) A Board shall ensure that determinations of eligibility for children needing protective services are performed by DFPS.

(1) Child care will continue as long as authorized and funded by DFPS.

(2) DFPS may authorize child care for a child under court supervision up to age 19.

(b) A Board shall ensure that requests made by DFPS for specific eligible providers are enforced for children in protective services.

§809.50. Child Care for Children Living at Low Incomes

(a) A parent is eligible for child care services under this section if:

(1) the family income does not exceed the income limit established by the Board provided that the income limit does not exceed 85% of the state median income for a family of the same size; and

(2) child care is required for the parent to work or attend a job training or educational program for a minimum of 25 hours per week for a single-parent family or 50 hours per week for a two-parent family, or a higher number of hours per week as established by a Board.

(b) A Board may allow a reduction to the requirement in subsection (a)(2) of this section if a parent's documented medical disability or need to care for a physically or mentally disabled family member prevents the parent from participating in the activities for the required hours per week.

(c) For purposes of meeting the education requirements stipulated in subsection (a)(2) of this section, each credit hour of postsecondary education will count as three hours of education activity per week.

§809.51. Child Care for Children with Disabilities

(a) A child with disabilities is eligible for child care services if:

(1) the child resides with a family whose income, after deducting the cost of the child's ongoing medical expenses, does not exceed the income limit established by the Board; and

(2) child care is required for the child's parents to work or attend a job training or educational program for a minimum of 25 hours per week for a single-parent family or 50 hours per week for a two-parent family, or a higher number of hours per week as established by a Board.

(b) A Board may allow a reduction to the requirements in subsection (a)(2) of this section if the need to care for a child with disabilities prevents the parent from participating in the activities for the required hours per week.

(c) For purposes of meeting the education requirements stipulated in subsection (b)(2) of this section, each credit hour of postsecondary education will count as three hours of education activity per week.
§809.52. Child Care for Children of Teen Parents

(a) A child of a teen parent may be eligible for child care if:

(1) the teen parent needs child care services to complete high school or the equivalent; and

(2) the teen parent's family income does not exceed the income eligibility limit established by the Board. Boards may establish a higher income eligibility limit for teen parents provided that the higher income limit does not exceed 85% of the state median income for a family of the same size.

(b) The teen parent's family income is based solely on the teen parent's income and size of the teen's family as defined in 809.2(8).

§809.53. Child Care for Children Served by Special Projects

(a) Special projects developed in federal and state statutes or regulations may add groups of children eligible to receive child care.

(b) The eligibility criteria as stated in the statutes or regulations shall control for the special project, unless otherwise indicated by the Commission.

(c) The time limit for receiving child care for children served by special projects may be:

(1) specifically prescribed by federal or state statutes or regulations according to the particular project;

(2) otherwise set by the Commission depending on the purpose and goals of the special project; and

(3) limited to the availability of funds.

§809.54. Continuity of Care

(a) Enrolled children, including children whose eligibility for Transitional child care has expired, shall receive child care as long as the family remains eligible for any available source of Commission-funded child care except as otherwise provided under subsection (b) of this section.

(b) Except as provided by §809.76(b) relating to child care during appeal, nothing in this chapter shall be interpreted in a manner as to result in a child being removed from care, except when removal from care is required for child care to be provided to a child of parents eligible for the first priority group as provided in §809.43.

(c) In closed DFPS Child Protective Services cases (DFPS cases) where child care is no longer funded by DFPS, the following shall apply:

(1) Former DFPS Children Needing Protective Services Child Care. Regardless of whether the family meets the income eligibility requirements of the Board or is working or attending a job training or educational program, if DFPS determines on a case-by-case basis that the child continues to need protective services and child care is integral to that need, then the Board shall continue the child care by using other funds, including funds received through the Commission, for child care services for up to six months after DFPS case is closed.
(2) Former DFPS Children Not Needing Protective Services Child Care. If the family meets the income eligibility requirements of the Board and if DFPS does not state on a case-by-case basis that the child continues to need protective services or child care is not integral to that need, then the Board may provide care subject to the availability of funds. To receive care under this paragraph, the parents must be working or attending a job training or an educational program.

(d) A Board shall ensure that no children of military parents in military deployment have a disruption of child care services or eligibility because of the military deployment.

(e) A Board shall ensure that a child who is required by a court-ordered custody or visitation arrangement to leave a provider's care is permitted to continue receiving child care by the same provider, or another provider if agreed to by the parent in advance of the leave, upon return from the court-ordered custody or visitation arrangement.

(f) A Board may encourage parents of other children to temporarily utilize the space the child under court-ordered custody or visitation arrangement has vacated until the child returns so he or she can return to the same provider.

(g) A Board shall ensure that parents who choose to accept temporary child care to fill a position opened because of court-ordered custody or visitation shall not lose their place on the waiting list.

(h) A Board shall ensure that parents who choose not to accept temporary child care to fill a position opened because of court-ordered custody or visitation shall not lose their place on the waiting list.

SUBCHAPTER D. PARENT RIGHTS AND RESPONSIBILITIES
§809.71. Parent Rights

A Board shall ensure that the Boards child care contractor informs the parent in writing that the parent has the right to:

(1) choose the type of child care provider that best suits their needs and to be informed of all child care options available to them as included in the consumer education information described in §809.15.

(2) visit available child care providers before making their choice of a child care option;

(3) receive assistance in choosing initial or additional child care referrals including information about the Board's policies regarding transferring children from one provider to another; and

(4) be informed of the Commission rules and Board policies related to providers charging parents the difference between the Board's reimbursement and the provider's published rate as described in §§809.92(c)-(d).

(5) be represented when applying for child care services;

(6) be notified of their eligibility to receive child care services within 20 days from the day the Board's child care contractor receives all necessary documentation required to determine eligibility for child care;
(7) receive child care services regardless of race, color, national origin, age, sex, disability, political beliefs, or religion;

(8) have the Board and the Board's child care contractor treat information used to determine eligibility for child care services as confidential;

(9) receive written notification, except as provided by paragraph (10) of this section, from the Board's child care contractor at least 15 days before the denial, delay, reduction, or termination of child care services unless the following exceptions apply:

(A) Notification of denial, delay, reduction, or termination of child care services is not required when the services are authorized to cease immediately because either the parent is no longer participating in the Choices program or services are authorized to end immediately for children in protective services child care; or

(B) The Choices program participants and children in protective services child care are notified of denial, delay, reduction, or termination of child care and the effective date of such actions by the Choices case worker or DFPS;

(10) receive 30-day written notification from the Board's child care contractor if child care is to be terminated in order to make room for a priority group described in §809.43(a)(1), as follows:

(A) Written notification of denial, delay, reduction or termination shall include information regarding other child care options for which the recipient may be eligible.

(B) If the notice on or before the 30th day before denial, delay, reduction, or termination in child care would interfere with the ability of the Board to comply with its duties regarding the number of children served or would require the expenditure of funds in excess of the amount allocated to the Board, notice may be provided on the earliest date on which it is practicable for the Board to provide notice;

(11) reject an offer of child care services or voluntarily withdraw their child from child care unless the child is in protective services;

(12) be informed of the possible consequences of rejecting or ending the child care that is offered;

(13) be informed of the eligibility documentation and reporting requirements described in §809.72 and §809.73; and

(14) be informed of the parent appeal rights described in §809.74.

§809.72. Parent Eligibility Documentation Requirements

(a) Parents shall provide the Board's child care contractor with all information necessary to determine eligibility according to the Board's administrative policies and procedures.

(b) A parent's failure to submit eligibility documentation may result in denial or termination of child care services.
§809.73. Parent Reporting Requirements

(a) Parents shall report to the child care contractor, within 10 days of the occurrence, the following:

(1) Changes in family income;

(2) Changes in family size;

(3) Changes in work or attendance in a job training or educational program;

(4) The receipt or the awarding of any child care funds from other public or private entities; or

(5) Any other changes that may affect the child's eligibility or parent share of cost for child care.

(b) Failure to report changes may result in:

(1) termination of child care;

(2) recovery of payments by the Board, the Board's child care contractor, or the Commission; or

(3) fact-finding for suspected fraud as described in Subchapter F of this chapter.

(c) The receipt of child care services for which the parent is no longer eligible constitutes grounds on which to suspect fraud.

§809.74. Parent Appeal Rights

(a) Unless otherwise stated in this section, a parent may request a hearing pursuant to Subchapter G of this chapter (relating to Appeal Procedure) if the parent's eligibility or child's enrollment is denied, delayed, reduced, or terminated by the Board's child care contractor.

(b) A parent may have an individual represent them during this process.

(c) A parent of a child in protective services may not appeal pursuant to Subchapter G of this chapter, but shall follow the procedures established by DFPS.

(d) If the parent's eligibility or child's enrollment is denied, delayed, reduced, or terminated by a Choices case worker, the parent may not appeal pursuant to Subchapter G of this chapter, but may appeal following the procedures in Chapter 811 of this title.

(e) If the parent's eligibility or child's enrollment is denied, delayed, reduced, or terminated by an FSE&T case worker, the parent may not appeal pursuant to Subchapter G of this chapter, but may appeal following the procedures in Chapter 813 of this title.

§809.75. Child Care during Appeal

(a) For a child currently enrolled in child care, a Board shall ensure that child care services continue during the appeal process until a decision is reached, if the parent requests a hearing.

(b) A Board shall ensure that child care does not continue during the appeal process if the parent's eligibility or child's enrollment is denied, delayed, reduced, or terminated because of:
(1) excessive absences;
(2) voluntary withdrawal from child care;
(3) change in federal or state laws or regulations that affect the parent's eligibility;
(4) lack of funding because of increases in the number of enrolled children in state and Board priority groups;
(5) a sanctions finding against the parent participating in the Choices program;
(6) voluntary withdrawal of a parent from the Choices program;
(7) nonpayment of parent fees; or
(8) a parent's failure to report, within 10 days of occurrence, any change in the family's circumstances that would have rendered the family ineligible for subsidized child care.

(c) The cost of providing services during the appeal process is subject to recovery from the parent by the Board, if the appeal decision is rendered against the parent.

§809.76. Parent Responsibility Agreement

(a) The parent of a child receiving child care services is required to sign a parent responsibility agreement (PRA) as part of the child care enrollment process, unless covered by the provisions of Texas Human Resources Code §31.0031. The parent's compliance with the provisions of the agreement shall be reviewed at each eligibility redetermination.

(b) The PRA requires that:

(1) for cases in which the child has a noncustodial parent, the custodial parent shall:
   (A) cooperate with the Office of the Attorney General (OAG) to establish paternity of the parent's children and to enforce child support on an ongoing basis by:
      (i) providing documentation to the Board's child care contractor that the parent has an open child support case with OAG and is cooperating with OAG; or
      (ii) opening a child support case with OAG and providing documentation to the Board's child care contractor that the parent is cooperating with OAG;
   or
   (B) provide documentation to the Board's child care contractor that the parent has an arrangement with the noncustodial parent for child support and is receiving child support on a regular basis. Such documentation must include evidence of child support payment history;

(2) each parent shall not use, sell, or possess marijuana or other controlled substances in violation of Texas Health and Safety Code, Chapter 481, and abstain from alcohol abuse; and

(3) each parent shall ensure that each family member younger than 18 years of age attends school regularly, unless the child has a high school diploma or a General
Educational Development credential, or is specifically exempted from school attendance by Texas Education Code §25.086.

(c) Failure by the parent to comply with any of the provisions of the PRA shall result in sanctions as determined by the Board, up to and including terminating the family's child care services.

§809.77. Exemptions from the Parent Responsibility Agreement

Notwithstanding the requirements set forth in §809.76(b)(1), the parent is not required to comply with those requirements if one or more of the following situations exist:

1. the paternity of the child cannot be established after a reasonable effort to do so;
2. the child was conceived as a result of incest or rape;
3. the parent of the child is a victim of domestic violence;
4. adoption proceedings for the child are pending;
5. the parent of the child has been working with an agency for three months or less to decide whether to place the child for adoption;
6. the child may be physically or emotionally harmed by cooperation; or
7. the parent may be physically or emotionally harmed by cooperation, to the extent of impairing the parent's ability to care for the child.

SUBCHAPTER E. REQUIREMENTS TO PROVIDE CHILD CARE

§809.91. Minimum Requirements for Providers

(a) A Board shall ensure that child care subsidies are paid only to:

1. regulated child care providers as described in §809.2(17);
2. relative child care providers as described in §809.2(18); or
3. at the Board option, listed family homes as defined in §809.2(12), subject to the requirements in subsection (b) of this section.

(b) If a Board chooses to include listed family homes, a Board shall ensure that there are in effect, under local law, requirements applicable to the listed family homes designated to protect the health and safety of children. Pursuant to 45 C.F.R. §98.41, the requirements shall include:

1. the prevention and control of infectious diseases (including immunizations);
2. building and physical premises safety; and
3. minimum health and safety training appropriate to the child care setting.

(c) Except as provided by the criteria for Texas Rising Star Provider Certification, a Board or the Board's child care contractor shall not place requirements on regulated providers that:

1. exceed the state licensing requirements stipulated in Texas Human Resources Code, Chapter 42; or
(2) have the effect of monitoring the provider for compliance with state licensing requirements stipulated in Texas Human Resources Code, Chapter 42.

(d) When a Board or the Board's child care contractor, in the course of fulfilling its responsibilities, gains knowledge of any possible violation regarding regulatory standards, the Board or its child care contractor shall report the information to the appropriate regulatory agency.

§809.92. Provider Responsibilities and Reporting Requirements

(a) A Board shall ensure that providers are given written notice of and agree to their responsibilities, reporting requirements, and requirements for reimbursement under this subchapter prior to enrolling a child.

(b) Providers shall:

(1) be responsible for collecting the parent share of cost as assessed under §809.19 before child care services are delivered;

(2) be responsible for collecting other child care funds received by the parent as described in §809.21(2); and

(3) follow attendance reporting and tracking procedures required by the Commission, Board, or, if applicable, the Board's child care contractor. At a minimum, the provider shall:

   (A) document and maintain a record of each child's attendance and submit attendance records to the Board's child care contractor upon request;

   (B) inform the Board's child care contractor when an enrolled child is absent; and

   (C) inform the Board's child care contractor that the child has not attended the first three days of scheduled care. The provider has until the close of the third day of scheduled attendance to contact the Board's child care contractor regarding the child's absence.

(c) Providers shall not charge the difference between the provider's published rate and the amount of the Board's reimbursement rate as determined under §809.21 to parents who are exempt from the parent share of cost assessment under §809.19(a)(2).

(d) A Board may develop a policy that prohibits providers from charging the difference between the provider's published rate and the amount of the Board's reimbursement rate (including the assessed parent share of cost) to all parents eligible for child care services.

§809.93. Provider Reimbursement

(a) A Board shall ensure that reimbursement for child care is paid:

   (1) to the provider only; and

   (2) after the Board or its child care contractor receives a complete Declaration of Services Statement from the provider verifying that services were rendered.

(b) The Declaration of Services Statement shall contain:

   (1) name, age, and identifying information of the child;
(2) amount of care provided in terms of units of care;
(3) rate of payment;
(4) dates services were provided;
(5) name and identifying information of the provider, including the location where care is provided;
(6) verification by the provider that the information submitted in the Declaration is correct; and
(7) additional information as may be required by the Boards.

c) A relative child care provider shall not be reimbursed for more children than permitted by the DFPS minimum regulatory standards for Registered Child Care Homes. A Board may permit more children to be cared for by a relative child care provider on a case-by-case basis as determined by the Board.

d) A Board shall not reimburse providers that are debarred from other state or federal programs unless and until the debarment is removed.

(e) Unless otherwise determined by the Board and approved by the Commission for automated reporting purposes, reimbursement for child care is based on the unit of service delivered, as follows:

(1) a full-day unit of service is 6 to 12 hours of care provided within a 24-hour period; and

(2) a part-day unit of service is fewer than 6 hours of care provided within a 24-hour period.

(f) A Board or its child care contractor shall ensure that providers are not paid for holding spaces open except as consistent with attendance policies as established by the Board.

(g) A Board or the Board's child care contractor shall not pay providers:

(1) less, when a child enrolled full time occasionally attends for a part day; or

(2) more, when a child enrolled part time occasionally attends for a full day.

(h) The Board or its child care contractor shall not reimburse a provider retroactively for new Board maximum reimbursement rates or new provider published rates.

**SUBCHAPTER F. FRAUD FACT-FINDING AND IMPROPER PAYMENTS**

§809.111. General Fraud Fact-Finding Procedures

(a) This subchapter establishes authority for a Board to develop procedures for the prevention of fraud by a parent, provider, or any other person in a position to commit fraud consistent with fraud prevention provisions in the Agency-Board Agreement.

(b) A Board shall ensure that procedures for researching and fact-finding for possible fraud are developed and implemented to deter and detect suspected fraud for child care services in the workforce area.
(c) These procedures shall include provisions that ensure each case of suspected fraud is reported to the Commission in writing, including documentation of relevant facts.

(d) Upon review of suspected fraud reports, the Commission may either accept the case for investigation and action at the state level, or return the case to the Board or its child care contractor for action including, but not limited to, the following:

   (1) further fact-finding; or

   (2) other corrective action as provided in this chapter or as may be appropriate.

(e) The Board shall ensure that a final fact-finding report is submitted to the Commission after a case is returned to the Board or its child care contractor and all feasible avenues of fact-finding and corrective actions have been exhausted.

§809.112. Suspected Fraud

A parent, provider, or any other person in a position to commit fraud may be suspected of fraud if the person presents or causes to be presented to the Board or its child care contractor one or more of the following items:

   (1) a request for reimbursement in excess of the amount charged by the provider for the child care; or

   (2) a claim for child care services if evidence indicates that the person may have:

      (A) known, or should have known, that child care services were not provided as claimed;

      (B) known, or should have known, that information provided is false or fraudulent;

      (C) received child care services during a period in which the parent or child was not eligible for services;

      (D) known, or should have known, that child care subsidies were provided to a person not eligible to be a provider; or

      (E) otherwise indicated that the person knew or should have known that the actions were in violation of this chapter or state or federal statute or regulations relating to child care services.

§809.113. Action to Prevent or Correct Suspected Fraud

The Commission, Board, or Board's child care contractor may take the following actions if the Commission finds that a person has committed fraud:

   (1) temporary withholding of payments to the provider for child care services delivered;

   (2) nonpayment of child care services delivered;

   (3) recoupment of funds from the parent or provider; or

   (4) any other action consistent with the intent of the governing statutes or regulations to investigate, prevent, or stop suspected fraud.

§809.114. Failure to Comply with Commission Rules and Board Policies

(a) The Board shall ensure that parents and providers comply with Commission rules.
(b) The Commission, Board or Board's child care contractor may consider failure by a provider or parent to comply with this chapter as an act that may warrant corrective and adverse action as detailed in §809.115 (relating to Corrective Adverse Action).

(c) Failure by a provider or parent to comply with this chapter shall also be considered a breach of contract, which may also result in corrective action as detailed in this subchapter.

§809.115. Corrective Adverse Actions

(a) When determining appropriate corrective actions, the Board or Board's child care contractor shall consider:

1. The scope of the violation;
2. The severity of the violation; and
3. The compliance history of the person or entity.

(b) Corrective actions may include, but are not limited to, the following:

1. Closing intake;
2. Moving children to another provider selected by the parent;
3. Withholding provider payments or reimbursement of costs incurred;
4. Termination of child care services; and
5. Recoupment of funds.

(c) When a provider violates a provision of Subchapter E of this chapter, a written Service Improvement Agreement may be negotiated between the provider and the Board or the Board's child care contractor. At the least, the Service Improvement Agreement shall include the following:

1. The basis for the Service Improvement Agreement;
2. The steps required to reach compliance including, if applicable, technical assistance;
3. The time limits for implementing the improvements; and
4. The consequences of noncompliance with the Service Improvement Agreement.

§809.116. Recovery of Improper Payments

(a) A Board shall attempt recovery of all improper payments. The Commission shall not pay for improper payments.

(b) Recovery of improper payments shall be managed in accordance with Commission policies and procedures.

§809.117. Recovery of Improper Payments to a Provider or Parent

(a) The provider shall repay improper payments for child care services received in the following circumstances:

1. Instances involving fraud;
(2) Instances in which the provider did not meet the provider eligibility requirements in this chapter;

(3) Instances in which the provider was paid for the child care services from another source;

(4) Instances in which the provider did not deliver the child care services;

(5) Instances in which referred children have been moved from one facility to another without authorization from the child care contractor; and

(6) Other instances when repayment is deemed an appropriate action.

(b) A parent shall repay improper payments for child care in the following circumstances:

(1) Instances involving fraud as defined in this chapter;

(2) Instances in which the parent has received child care services while awaiting an appeal and the determination is affirmed by the hearing officer; or

(3) Other instances in which repayment is deemed an appropriate corrective action.

SUBCHAPTER G. APPEAL PROCEDURES

§809.131. Board Review

(a) A parent, provider, or a Board's child care contractor against whom an adverse action is taken may request a review by the Board.

(b) A request for review shall be submitted in writing and delivered to the Board within 15 days of the date of written notification of the adverse action. The request shall also contain:

(1) a concise statement of the disputed adverse action;

(2) a recommended resolution; and

(3) any supporting documentation the requester deems relevant to the dispute.

(c) On receipt of a request for review, the Board shall coordinate a review by appropriate Board staff.

(d) Additional information may be requested from the Board's child care contractor, provider, and parents. Such information shall be provided within 15 days of the request.

(e) Within 30 days of the date the request for review is received, or of the date that additional requested information is received by the reviewing Board staff member, the Board shall send the Board's child care contractor, provider, or parent written notification of the results of the review.

(f) A Board must have conducted a review prior to an appeal being submitted to the Commission for a hearing.
§809.132. Appeals to the Commission

(a) After results of a review have been issued, the Board's child care contractor, provider, or parent who disagrees with the outcome of the review may request a Commission hearing to appeal the results of the review.

(b) The request for appeal to the Commission from a Board's review shall be filed in writing with the Appeals Department, Texas Workforce Commission, 101 East 15th Street, Room 410, Austin, Texas 78778-0001, within 15 days after receiving written notification of the results of the review.

(c) The appeal to the Commission will include a hearing, which is limited to the issues and information considered in the Board review.

(d) The Commission hearing will be held in accordance with Commission policies and procedures applicable to the appeal as contained in Chapter 823 of this title, or as otherwise provided by the Commission.
