Chapter 813. FOOD STAMP EMPLOYMENT AND TRAINING

The Texas Workforce Commission (Commission) proposes the repeal of Chapter 813, Subchapter A. General Provisions, §§813.1 and §813.2; Subchapter B. Expenditure of Funds, §§813.11-813.14; Subchapter C. Allowable Activities for Participants, §§813.21-813.23; Subchapter D. Support Services for Participants, §§813.31-813.33; Subchapter E. Complaints and Appeals, §§813.41-813.43; and new Chapter 813, Subchapter A. General Provisions, §§813.1-813.3; Subchapter B. Access to Employment and Training Activities and Support Services, §§813.11 and §813.12; Subchapter C. Expenditure of Funds, §813.22; Subchapter D. Allowable Activities, §813.31 and §813.32; Subchapter E. Support Services for Participants, §813.41; and Subchapter F. Complaints and Appeals, §§813.51-813.53.

The purpose of the repeal and new rules is to support the expansion of E&T activities and support services statewide by aligning Food Stamp E&T, Choices, work search and complementary requirements associated with Unemployment Insurance, and other work-related services through the Texas Workforce Network, and to provide more flexibility to assist Boards in the integration of Food Stamp E&T activities and support services into the Texas Workforce Centers as set forth in 40 TAC Chapter 801 Subchapter B relating to the Texas Workforce Center Network. The purpose of the new rules is also to more clearly state the role of the Boards in the oversight and management of the delivery of Food Stamp E&T activities and support services.

Subchapter A sets out the General Provisions. Section 813.1 states the purpose, §813.2 sets out the definitions and terms used in this chapter, and §813.3 sets out the general Board responsibilities.

Subchapter B sets out the provisions for access to employment and training activities and support services. Section 813.11 sets out board responsibilities regarding access to E&T Activities and Support Services, and §813.12 sets out participant responsibilities.

Subchapter C sets out Expenditure of Funds. Section 813.22 states what funds are designated for able-bodied adults without dependents (ABAWDs).

Subchapter D sets out the Allowable Activities. Section 813.31 sets out the allowable activities for ABAWDs, and §813.32 sets out the activities for all E&T mandatory work registrants.

Subchapter E sets out the Support Services for Participants. Section 813.41 is the general provision on support services.

Subchapter F sets out Complaints and Appeals. Section 813.51 addresses appeals of decisions made on food stamp applications and benefits, §813.52 addresses appeals of E&T activities and services decisions, and §813.53 addresses discrimination complaints.

Statutory Background: The Food Stamp Act of 1977 requires non-exempt adults at least 16 but less than 60 years of age, referred by the Texas Department of Human Services, to register for work and take part in E&T activities and support services. Failure to comply with these requirements may result in disqualification from the receipt of Food Stamp benefits. The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 requires able-bodied food stamp recipients at least 18 but less than 50 years of age with no dependent children (ABAWDs) to work or participate in specific activities in order to receive Food Stamp benefits. Failure of ABAWDs to comply with these federal requirements will limit their assistance to three out of thirty-six (36) months.

E&T activities and support services are funded with 100% federal grant funds (100% funds) as well as 50% federal and 50% state funds (50/50 funds). Regarding the 100% funds, the Balanced Budget Act of 1997 authorized additional funds for ABAWDs and mandated that states utilize at least eighty percent (80%) of the 100% funds for qualifying work activities for ABAWDs. The remaining twenty percent (20%) of the 100% funds may be used to provide work activities specified in the Texas State Plan, approved by the U.S. Department of Agriculture, for all mandatory work registrants. The remaining twenty percent (20%) of funds are not subject to the restrictions placed upon the eighty percent (80%) of the federal funds. The 50/50 funds may be used for E&T activities in addition to support services such as child care, transportation, and other expenses to assist participants in E&T activities with becoming self sufficient.

Purpose: The purpose of the rule changes related to Food Stamp E&T activities and support services is to facilitate the maintenance and continuous improvement of the One-Stop Service Delivery Network as established in Texas Government Code, Chapter 2308, and Texas Labor Code, Chapters 301 and 302. The proposed rules provide the Boards with more flexibility to more fully integrate Food Stamp E&T into the One-Stop Service Delivery Network. As part of the network, the goals of Food Stamp E&T activities and support services are consistent with and reflective of the Workforce Investment Act (WIA) one-stop principles and the principles of Texas' vision. The WIA principles are: streamlining services, empowering individuals, universal access, increased accountability, a strong role for Boards and the private sector, and state and local flexibility. The four principles of Texas' vision are: limited and efficient state government, local control, personal responsibility, and support for strong families.
The oversight and management by Boards of the delivery of Food Stamp E&T activities and support services outlined in the rules is intended to emphasize the role of the Boards in providing a seamless network of information and services that is responsive to the individual needs of customers, including persons engaged in the Food Stamp E&T activities and support services. The Commission intends that the Food Stamp E&T activities and support services be fully integrated through the available one-stop centers with the added flexibility identified in the rules. Randy Townsend, Chief Financial Officer, has determined that for the first five-year period the rules are in effect, the following statements will apply:

there are no additional estimated costs to the state and to local governments expected as a result of enforcing or administering the rules;

there are no estimated reductions in costs to the state and to local governments as a result of enforcing or administering the rules;

there are no estimated losses or increases in revenue to the state and to local governments as a result of enforcing or administering the rules;

there are no foreseeable implications relating to costs or revenue of the state or local governments as a result of enforcing or administering the rules; and

there are no anticipated economic costs to persons required to comply with the rules.

Mr. Townsend, Chief Financial Officer, has determined that there is no anticipated adverse impact on small businesses as a result of enforcing or administering the rules because small businesses are not required to do anything as a result of the rules.

James Barnes, Director of Labor Market Information, has determined that the proposed rules would not affect private employment but that it would impact public employment by creating more flexibility in the use of Food Stamp E&T funds and more integration of Food Stamp E&T activities and support services into the Texas Workforce Network. Nevertheless, the Director of Labor Market Information does not expect any significant impact upon overall employment conditions in the state as a result of the proposed rules.

Barbara Cigainero, Director of Workforce Division, has determined that for each year of the first five years the rules are in effect, the public benefit anticipated as a result of enforcing the rules will be to provide activities and support services in a more flexible manner to meet the needs of persons receiving Food Stamp E&T
