Notes:

- At least 80 percent of the Supplemental Nutrition Assistance Program (SNAP) Employment and Training funds available to the Commission are allocated to the workforce areas using a need-based formula, in order to meet state and federal requirements, on the basis of the relative proportion of the total unduplicated number of mandatory work registrants receiving food stamps residing within the workforce area during the most recent calendar year to the statewide total number of unduplicated mandatory work registrants receiving food stamps, an equal base amount, and application of a hold harmless/stop gain procedure. [TWC Rules §800.54(b)]
- Additional federal funds to serve only SNAP Employment & Training able-bodied adults without dependents (ABAWD) may be forthcoming later during the program year, as they have been every year since authorization in FY 2002. Any such additional ABAWD-only federal funds made available as a supplemental allocation are not reflected in the allocation amounts for FY 2018 on this sheet, or assumed in the allocations for FY 2019; however, separate columns indicate those supplemental allocation amounts and the FY 2019 Planning Estimates for SNAP Employment & Training ABAWD-only. Texas' proportion of an estimated \$20 million in national ABAWD-only funding is customarily made available by the U.S. Department of Agriculture, Food and Nutrition Service, sometime after the beginning of the program year. These ABAWD-only funds will be allocated at that time to workforce areas, in the same relative proportions as the original allocation.

3 Adopted by the Texas Workforce Commission (June 14, 2018).

Notes:

- 1 At least 80 percent of the Employment Services funds available to the Commission are allocated to the workforce areas on the basis of the established formula utilized by the Federal Government to allot the funds to Texas, based two-thirds on the relative proportion of the total civilian labor force residing within the workforce area to the statewide total civilian labor force and one-third on the relative proportion of the total number of unemployed individuals residing within the workforce area to the statewide total number of unemployed individuals, and application of a hold harmless/stop gain procedure. [TWC Rules §800.57(b)]
- 2 Employment Services allocations exclude amounts for personnel fringe benefits.
- 3 Adopted by the Texas Workforce Commission (June 14, 2018).

Notes:

- 1 At least 80 percent of the Choices funds available to the Commission are allocated to the workforce areas using a need-based formula, in order to meet state and federal requirements, on the basis of the relative proportion of the total number of all families with Choices work requirements residing within the workforce area during the most recent calendar year to the statewide total number of all families with Choices work requirements, an equal base amount, and application of a hold harmless/stop gain procedure. [TWC Rules §800.53]
- 2 Adopted by the Texas Workforce Commission (June 14, 2018).

Texas Workforce Commission

FY2019 Amounts to be Awarded to Workforce Areas to Assure Funding for ES, SNAP E&T, Choices, and WIOA are No Lower than Average of 6 LWDAs with Lowest Funding Amounts

Note:

- 1 FY 2019 Allocation
- 2 FY 2019 Additional Funding Amounts
- 3 For Fiscal Year 2019, the Commission is exercising its authority as provided in TWC Rules [§800.51(f)] that, notwithstanding any other provision of the rules, the level of funding allocated to a workforce area may be determined, modified, or reallocated by the Commission to ensure full utilization of the funding, to ensure compliance with State and federal requirements applicable to the State, or to respond to unforeseen demographic or economic changes, and [§800.51(e)] that funds available to the Commission that are not otherwise allocated under this subchapter may be used by the Commission for purposes authorized by State and federal laws and regulations. The Commission has determined that the level of funding for a workforce area for aggregated TANF Choices, Employment Services, SNAP Employment & Training, and Workforce Innovation and Opportunity Act should not be lower than the average of the 20 percent of workforce areas that comprise the smallest allocations among all workforce areas. Therefore, the procedure by which amounts for FY 2019 to assure that workforce area combined allocations are no lower than the average of the smallest 20 percent is outlined above. A determination regarding additional program amounts will be made each year by the Commission subject to the availability of funds.
