

Chapter 800. GENERAL ADMINISTRATION

Subchapter B. ALLOCATIONS AND FUNDING

The Texas Workforce Commission (Commission) proposes amendments to §§800.51-800.54, 800.57, 800.58, 800.61 and 800.62 and the repeal of §§800.55, 800.56, and 800.59, relating to allocations and funding.

Concurrent with the amendments and repeal, the Commission is proposing the review of the sections being amended in Chapter 800, Subchapter B, pursuant to Texas Government Code §2001.039.

Purpose: The purpose of the proposed amendments and repeals is to update the allocations and funding rules consistent with the preliminary review of the rules. The Commission's allocations and funding rules set forth the methods or criteria used by the Commission to allocate or utilize funds primarily using the need-based formulas or other formula set forth in federal and state statutes applicable to the services to be provided.

The specific changes to the rules are generally for the following purposes:

- (1) replacing the reference to "JOBS/TANF" with "Choices" throughout the subchapter,
- (2) clarifying the roles of the "Commission" and "Agency" throughout the subchapter;
- (3) changing the format of the beginning of each rule to make the style more consistent and parallel;
- (4) removing the definitions of "allocation" and "workforce area" so those definitions may be incorporated in the future into §800.2 for applicability to all Commission chapters contained in Part 20;
- (5) removing, in §800.52, the definition of "average net unit rate" because it is no longer needed due to the concurrent repeal of §800.56;
- (6) removing §800.55 because all Job Training Partnership Act (JTPA) funds have been allocated and the JTPA was repealed and replaced with the new Workforce Investment Act;
- (7) removing §800.56 because the rule was no longer needed after §800.58 was adopted in January of 1999;
- (8) adding within §800.58(b) the reference to the Welfare to Work Governor's Reserve funds to make clear that the criteria set forth in §800.58(b) are used as the method of allocating those funds;
- (9) removing §800.58(f)(3) because the rule repeats the provisions relating to priorities for child care services that are contained in §809.221 and §809.225 regarding Child Care General Funds Management and Continuity of Care;
- (10) removing §800.58(g) because the reason for the subsection no longer exists;
- (11) removing §800.59 to relocate the provisions into the more general location within §800.51; and
- (12) removing §800.61(b) because of guidance from the United States Department of Labor that indicated that the provision is not required.

Randy Townsend, Director of Finance, has determined that for each year of the first five years the rules will be in effect, the following statements will apply:

there are no additional estimated costs to the state and to local governments expected as a result of enforcing or administering the rules;

there are no estimated reductions in costs to the state and to local governments as a result of enforcing or administering the rules;

there are no estimated losses or increases in revenue to the state or to local governments as a result of enforcing or administering the rules;

there are no foreseeable implications relating to costs or revenue of the state or local governments as a result of enforcing or administering the rules; and

there are anticipated economic costs to persons required to comply with the rules.

Mr. Townsend has also determined that there is no anticipated adverse impact on small businesses as a result of enforcing or administering the rule because small businesses are not regulated or required to do anything by the rules.

Mark Hughes, Director of Labor Market Information, has determined that there is no foreseeable negative impact upon employment conditions in this state as a result of the proposed rules.

Barbara Cigainero, Director of Workforce and Development, has determined that for each year of the first five years the rules are in effect, the public benefit anticipated as a result of enforcing the rules will be to help ensure effective use of funds and to assist Boards in supporting employment, training, and education.

Comments on the proposal may be submitted to Barbara Cigainero, Texas Workforce Commission Building, 101 East 15th Street, Room 504BT, Austin, Texas, 78778, (512) 463-7747. Comments may also be submitted via fax to (512) 463-2799 or e-mailed to: Barbara.Cigainero@twc.state.tx.us.

Comments must be received by the Agency within 30 days from the date of the publication in the *Texas Register*.
