Chapter 803. SKILLS DEVELOPMENT FUND

The Texas Workforce Commission (Commission) proposes amendments to §§803.1-803.3, 803.13, 803.14, and 803.35 concerning the Skills Development Fund.

The purpose of the amendments is to incorporate changes resulting from House Bills 3656 and 3657 from the 76th Legislative Session and related changes to add clarification reflecting the intent of the Commission in administering the Skills Development Fund.

The Commission, while maintaining efficient statewide distribution of the Skills Development Fund's resources, is committed to timely service of these high-need areas.

The purpose of the amendments is to incorporate changes resulting from House Bills 3656 and 3657 from the 76th Legislative Session and related changes to add clarification reflecting the intent of the Commission in administering the Skills Development Fund.

The Commission, while maintaining efficient statewide distribution of the Skills Development Fund's resources, is committed to timely service of these high-need areas.

The Commission determined the need to make minor changes to the Program objectives of the Skills Development Fund. The fifth objective was revised to encourage a more broad-based integration with other programs, to be more inclusive, and to allow maximum leveraging with other state and federal programs. The former sixth objective was deleted because it is no longer required.

The purpose of the sixth objective is to promote higher wages. The purpose of the amendment adding the thirteenth objective is to develop projects that at completion of the training will result in the greatest economic benefit to the public, in the form of enhanced worker skills and optimized multiplier effects within the local community of each dollar invested in worker training.

Randy Townsend, Chief Financial Officer, has determined that for each year of the first five years the rules will be in effect the following statements will apply:

- There are no additional estimated costs to the state and to local governments expected as a result of enforcing or administering the rules;
- There are no estimated reductions in costs to the state and to local governments as a result of enforcing or administering the rules;
- There are no estimated losses or increases in revenue to the state or to local governments as a result of enforcing or administering the rules;
- There are no foreseeable implications relating to costs or revenue of the state or local governments as a result of enforcing or administering the rules; and
- There are no anticipated economic costs to persons required to comply with the rules as proposed.

Mr. Townsend has also determined that there is no anticipated adverse impact on small businesses as a result of enforcing or administering the rules because small businesses are not regulated by or required to do anything by these rules.

Mark Hughes, Director of Labor Market Information, has determined that there is no significant negative impact upon employment conditions in this state as a result of these rules.

Richard Hall, Director of Business Services, has determined that for each year of the first five years the sections are in effect, the public benefit anticipated as a result of enforcing the sections will be the placement of emphasis on timely services within areas of higher unemployment to stimulate the quantity and quality of applications from such areas.

Comments on the proposal may be submitted to Richard Hall, Director of Business Services, Texas Workforce Commission Building, 101 East 15th Street, Room 504DT, Austin, Texas 78778, (512) 463-8844. Comments may also be submitted via fax to (512) 463-2799 or e-mailed to: Richard.Hall@twc.state.tx.us. Comments must be received by the Commission within 30 days from the date of the publication in the Texas Register.
