OVERVIEW

This report is submitted in accordance with Texas Labor Code 301.065 requiring the Texas Workforce Commission (TWC) to submit a Supplemental Annual Report to the Governor and Texas Legislature. This Report contains information on the following programs:

- ▶ College Credit for Heroes
- ▶ Skills Development Fund
- ▶ Trade Adjustment Assistance
- ▶ WorksWonders: Texas Purchasing from People with Disabilities

TWC's mission is to promote and support a workforce system that creates value and offers employers, families, individuals, and communities the opportunity to achieve and sustain economic prosperity. We are proud to present this report, which highlights the successes of our efforts.

COLLEGE CREDIT FOR HEROES

Introduction

The College Credit for Heroes (CCH) program was established to remove barriers faced by veterans and transitioning service members (TSMs) in their pursuit of licenses, certifications, degrees, or accreditation and to help them leverage their military experience for a smoother transition into the Texas workforce.

To date, CCH awarded 43 grants to 19 Texas colleges and universities. These grants have identified more than 100 courses across fields that align with the program's guidelines, including: business, emergency medical services, surgical technology, respiratory therapy, health information technology, nursing, cybersecurity, information technology, advanced manufacturing, and logistics.

However, the foundation for the continued growth of the CCH program extends beyond grants. Texas Institutions of Higher Education (IHEs) play a pivotal role in ensuring CCH's success. The program relies on veteran-friendly colleges and universities that appreciate the contributions of veterans and TSMs, understanding the positive impact their knowledge and skills bring to the civilian workforce. Stakeholders, including TWC staff and representatives from Texas military bases, convene annually to exchange best practices, address challenges, and outline future steps. These exchanges enhance the innovation and creativity of the CCH network, share lessons learned, and advance the overarching goal of preparing veterans and TSMs for successful entry or reentry into the workforce.

As more Texas IHEs join the CCH program, the knowledge of best practices becomes essential for the efficient adoption of processes that span multiple areas. To date, best practices have been identified in the following areas: workforce development, accreditation and certification, outreach to the military, and institutional procedures.

Focus Areas - Best Practices

Workforce Development

1. Design programs that facilitate the swift transition of veterans and TSMs into the civilian workforce, eliminating unnecessary redundancies in coursework.
2. Ensure new curricula gain approval from national or state accrediting or licensing bodies or undergo internal approval processes within the institution. Prioritize occupations with high demand or rapid growth in the workforce.
3. Foster collaboration with industry contacts to connect veterans with employers. Encourage industry representatives to visit military training facilities to gain a deeper understanding of military curricula and training.

Accreditation and Certification

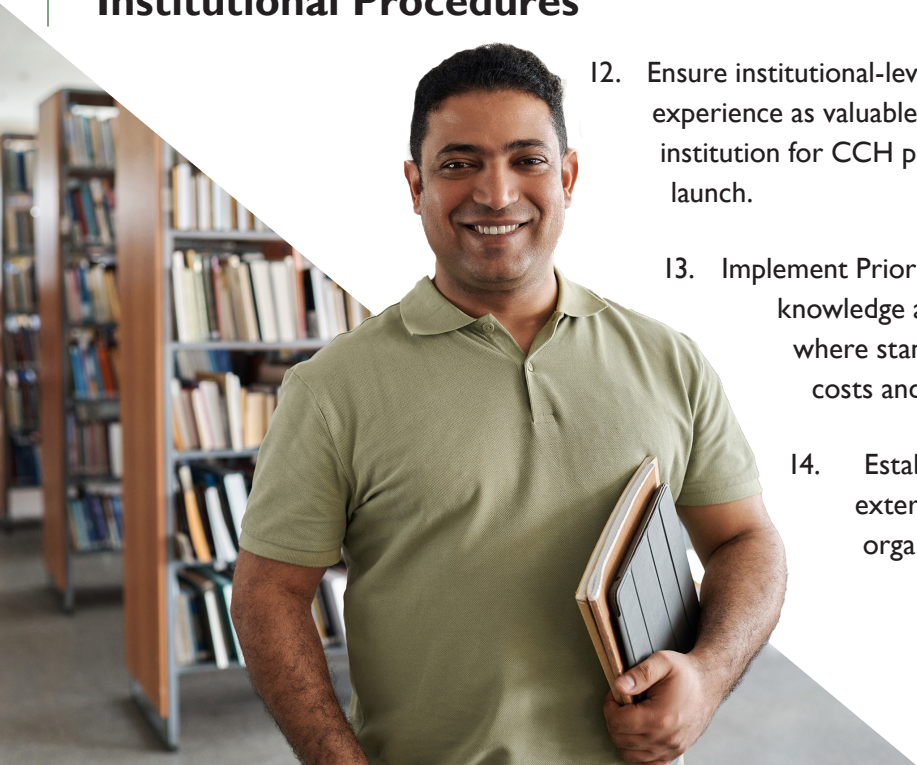

4. Evaluate military-based education to identify alignment between military learning objectives and those of colleges and universities.
5. Develop alternative pathways to meet national or state certification and accreditation standards, including competency-based learning, skill assessment for alignment with college course requirements, and non-traditional testing procedures.
6. Understand internal and external processes and timelines for new program development, anticipating approval processes within and outside the institution.
7. Use established CCH models to replicate streamlined curricula across the state, creating networks for collaboration among Texas colleges and universities.

Outreach to the Military

8. Support outreach efforts led by military education leaders and officers who possess knowledge of military training and education, as well as strategies to engage veterans and TSMs.
9. Effectively target and engage specific populations of veterans and TSMs who are most likely to benefit from the CCH program, offering tailored events and services.
10. Encourage faculty visits to military training installations and facilitate meetings between faculty and military instructors to enhance understanding of military education and training.
11. Promote the sharing of curricula between military education staff and IHE faculty, conducting training sessions for military personnel and arranging meetings for collaboration.

Institutional Procedures

12. Ensure institutional-level buy-in and support for recognizing military experience as valuable for college credit. Garner broad support within the institution for CCH programs, emphasizing expectations before program launch.
13. Implement Prior Learning Assessments (PLAs) to gauge the knowledge and skills of all student veterans, even in cases where standardized exams do not exist, reducing program costs and completion time.
14. Establish cross-sectional communication channels with external groups such as businesses and veterans' support organizations to optimize program design.

15. Maintain regular meetings with industry contacts to promote CCH awareness and obtain feedback for program improvement.
16. Inform IHE stakeholders about VA work-study programs that benefit veteran students by offering various roles on campus.
17. Utilize external resources such as attending military or veterans' conferences, joining listservs, and seeking guidance from local veterans' organizations to create effective programs.
18. Conduct fiscal impact assessments for policymakers and potential funders, highlighting CCH success metrics and benefits to IHEs.
19. Keep records of all military training and occupations evaluated, even if no credit is recommended, as these serve as a valuable foundation for future evaluations.
20. Require Green-Zone training for faculty and staff at CCH partner institutions to enhance their understanding of military culture and better address the needs of veteran students.
21. Offer student veterans refresher training in addition to course credit awards to ensure they can adequately refresh their knowledge and perform well on standardized assessments.

Goals of the CCH Capacity Building Program Grant:

22. Establish and document a pilot Military Transcript evaluation process designed to ensure the consistent awarding of academic credits to all veterans and service members submitting Military Transcripts for ten commonly recognized military courses or experiences.
23. Create a sustainable tracking methodology for students actively participating in the CCH Program. This methodology could precisely assess the benefits received by students and verify that processes and policies are consistently applied throughout the institution.
24. Recruit advocates and resources for the CCH Program from the ranks of current students, alumni, and faculty who have experience with or are currently engaged in the program. These individuals will serve as program champions.
25. Seamlessly integrate CCH Program information into existing resources designed for Veterans and Active-Duty Service Members.

Average Credit Hours per Veteran: CCH Grantees

During the most recently completed school year, veterans were eligible for an average of 13.7 awardable credit hours and 7.7 transferrable credit hours for the military training and education based upon their degree plan. These projections are the highest average for credits transferred per veteran and the second-highest average for credits awarded per veteran in the last five years of the program.

Measures Recommended

The following recommendations originated from final project reports submitted by colleges and universities participating in CCH:

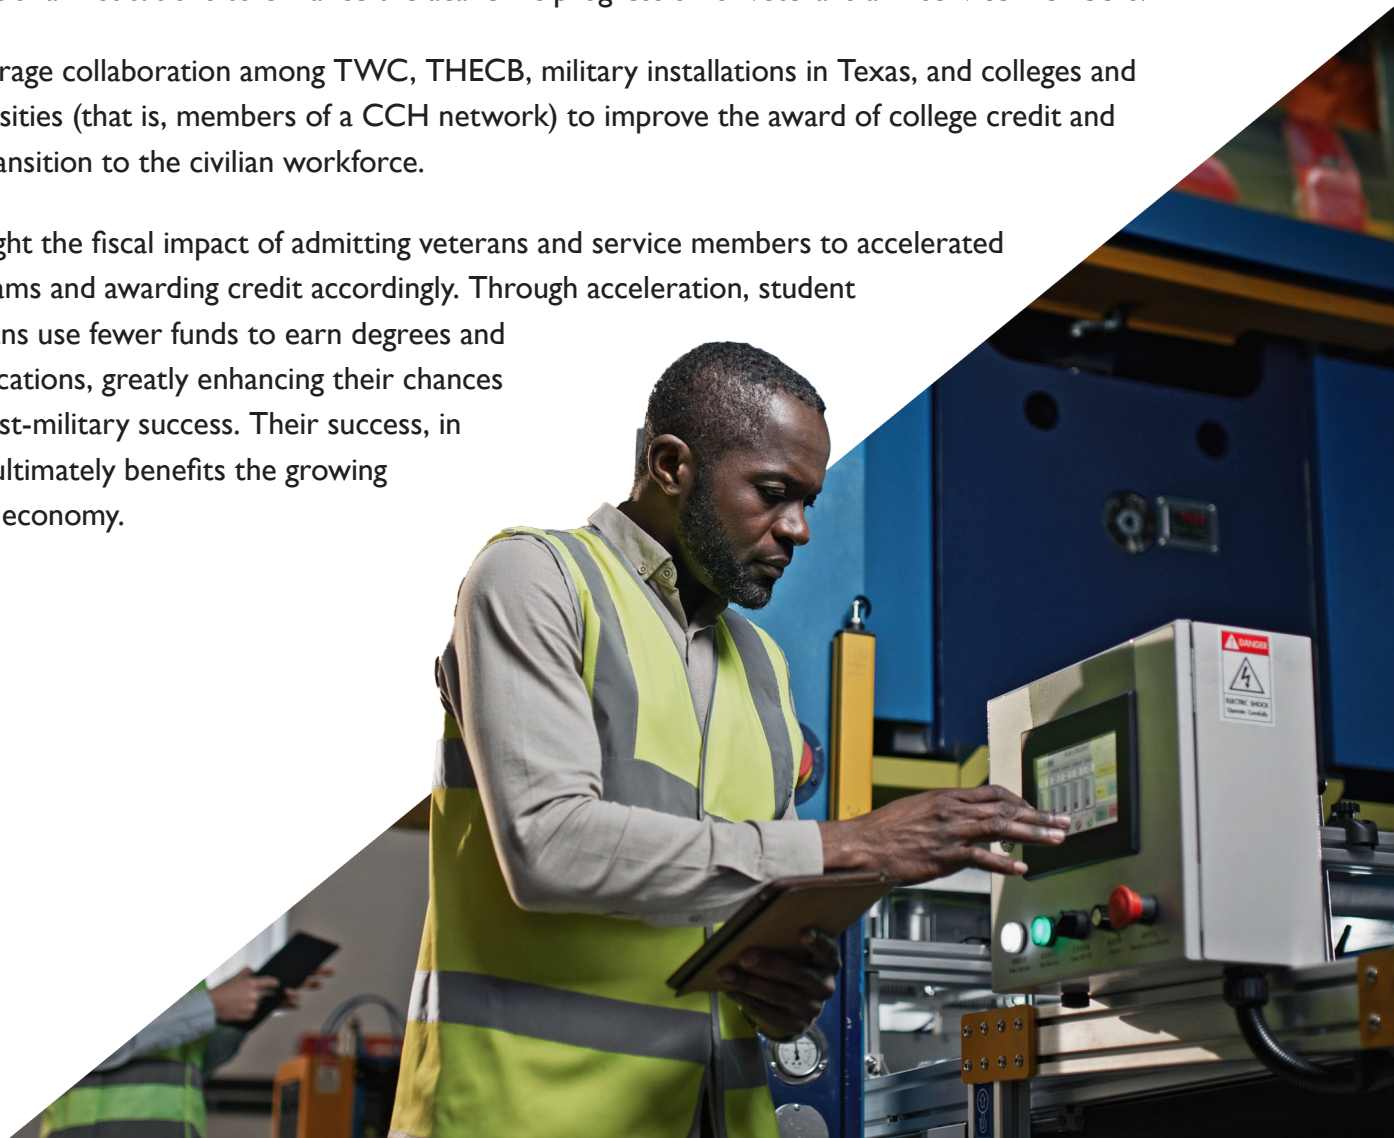

1. Encourage Texas colleges and universities to adopt the 100 acceleration curricula developed by CCH colleges, facilitating awards of associate degrees, workforce licenses, certifications, and other credentials upon approval by the Texas Higher Education Coordinating Board (THECB).
2. View the CCH program as a network of Texas colleges and universities that recognize the value of military experience, education, and training and offer successful education and support programs designed specifically for veterans.
3. Increase awareness of a CCH network across multiple entities, including IHEs, military installations, National Guard armories, and Reserve centers, and a variety of audiences, including veterans, employers, and other stakeholders.
4. Support the further development and growth of a network of CCH schools, enabling schools to:
 - a. Share best practices, acceleration curricula, evaluation strategies, and lessons learned; and
 - b. Build partnerships with local industries and military installations.
5. Highlight successes of locally developed programs to:
 - a. Foster a post-military, college-going culture and
 - b. Enable veterans and service members to learn more about the services and programs offered by IHEs of their choice.
6. Establish a long-term (three to five years) CCH presence at two-year colleges. This long-term presence will help in the growth and sustainability of a CCH network by:
 - a. Developing programs beyond the creation of individual pathways.
 - b. Strengthening efforts to sustain and improve services to veterans.

Brazosport College developed a program called Academic Success and Certification Attainment. All 94 graduates of the Department of Defense (DoD) SkillBridge Apprenticeship Program who attended the program at Brazosport College

successfully earned certifications. This achievement highlights how alignment between military training and academic coursework can empower veterans to earn credentials that are essential for career advancement.

- c. Allowing for sharing of best practices (for example, evaluations and assessments) in supporting student veterans.
 - d. Creating new pathways that exceed the parameters of previous CCH grants.
 - e. Increasing awareness of a CCH network.
 - f. Developing articulation agreements to increase transferability of credits among IHEs.
7. Create a CCH handbook to support local evaluation efforts and set forth guidelines, expectations, and desired objectives. The handbook could include orientation materials for administration, faculty, and staff, as well as a Green-Zone template.
 8. Encourage greater use of PLAs and other competency-based models to maximize award of credit for military experience, education, and training. PLAs and competency-based challenge exams award credit for demonstrated experience, saving student veterans valuable time and GI Bill benefits.
 9. Encourage the development of articulation agreements between community colleges and four-year educational institutions to enhance the academic progression of veterans and service members.
 10. Encourage collaboration among TWC, THECB, military installations in Texas, and colleges and universities (that is, members of a CCH network) to improve the award of college credit and the transition to the civilian workforce.
 11. Highlight the fiscal impact of admitting veterans and service members to accelerated programs and awarding credit accordingly. Through acceleration, student veterans use fewer funds to earn degrees and certifications, greatly enhancing their chances for post-military success. Their success, in turn, ultimately benefits the growing Texas economy.

SKILLS DEVELOPMENT FUND

Introduction

The Skills Development Fund (SDF) grant program supports customized job skills training for incumbent and new employees in collaboration with Texas public community and technical colleges and local employers. TWC draws on funding from SDF to support dual credit high school programs as well as career and technical education. Staff work closely with employers and training providers to ensure training meets specific performance measures while benefitting both employers and trainees.

The SDF grant program has provided training opportunities in partnership with more than 4,900 employers to upgrade or support the creation of more than 435,400 jobs throughout Texas since the program's inception in 1996. In FY 2024, more than \$13.7 million was awarded in SDF grants to train 6,580 Texans and support 152 businesses.

This report highlights TWC's implementation of the SDF program in partnership with public community and technical colleges, Texas A&M Engineering Extension Service (TEEX), local workforce development boards, and school districts to meet the workforce training needs of Texas businesses.

SKILLS
Development Fund

Program Reports

Skills Development Fund

In FY 2024, TWC's SDF programs received 101 proposal submissions totaling \$20,862,275. The proposals included applications for Skills Development Fund, Skills for Small Business, Dual Credit, and Foundational Skills Rider programs.

The requests resulted in the following:

- ▶ **SDF:** 26 projects with an average award amount of \$423,833, serving 42 businesses and supporting the creation of 2,286 new jobs while assisting with the upskilling of 4,294 existing jobs.
- ▶ **Dual Credit:** 7 grants with an average award of \$192,902.

- ▶ **Skills for Small Business:** 18 grants with an average award of \$61,026.
- ▶ **Foundational Skills:** One (1) award with an award amount of \$250,000.

Statewide, the average wage paid to workers trained with Skills grants increased from \$10.33 per hour in FY 1996 to \$33.93 per hour in FY 2024.

Employer Contribution

Business partners support SDF projects by providing wages for the trainees during their enrollment in courses, allowing use of existing training resources, covering necessary portions of course costs, offering supplemental training not included in the Skills Development grant, and/or helping pay the salaries of staff members who assist with the grant. In FY 2024, the business partner in-kind contributions totaled more than \$7.1 million.

Business, Workforce/Economic Development, and Education Partners

SDF has successfully provided training opportunities in partnership with businesses, public community and technical colleges, economic development organizations, and TEEX for more than 25 years.

Businesses of all sizes have worked with the program stakeholders to develop customized and innovative training curricula that are replicated and shared statewide. The 28 local Workforce Development Boards continue to play a critical role in aligning stakeholders and partners. Their knowledge of employer and employee needs and their ability to leverage resources are vital to each project's success.

Special Initiatives under the Skills Development Fund Program

The Skills for Small Business (SSB) program provides small businesses in rural and urban communities the opportunity to respond to their operational needs by increasing the skills of their employees. The initiative provides training opportunities through existing courses offered by the participating local public community or technical college or TEEX to businesses with fewer than 100 employees. In FY 2024, the SSB program provided \$623,733 in training to support 110 small businesses throughout Texas.

Skills for Small Business Child Care, introduced in FY 2022 as a subset of the Skills for Small Business program, provides funding for registered child care providers. During FY 2024, the program supported \$126,795 in SSB training for child care projects.

The TWC Dual Credit grant program addresses local industry demands through the expanded joint credit courses in partnership with local independent school districts and public community, state, or technical colleges.

The program allows grantees to enhance career and technical education dual credit programs through equipment purchases using the Skills Development Fund. In FY 2024, TWC's Dual Credit Program received 53 proposals requesting \$8,300,540. TWC awarded \$1,350,314 across seven grants, for an average award of \$192,902.

TRADE ADJUSTMENT ASSISTANCE

Introduction

Trade Adjustment Assistance (TAA) is a federal program that helps workers adversely affected by foreign imports or the shifting of jobs from the United States to other countries. TAA seeks to provide impacted Texans with opportunities to obtain the skills, credentials, resources, and support necessary to become reemployed. The TAA program is administered by the TWC in cooperation with Texas' 28 local workforce development boards (Boards).

The services and benefits available to participants vary based on the law in effect at the time of certification. The TAA-certified workers addressed in this report were certified under and are subject to the rules of: the Trade Act of 2002, the Trade and Globalization Adjustment Assistance Act of 2009, the Trade Adjustment Assistance Extension Act of 2011, the Trade Adjustment Assistance Reauthorization Act of 2015; or the reversion provisions of the 2015 law, known as Reversion 2021.

The TAA program began a phased termination on July 1, 2022. The phased termination followed a one-year reversion period, from July 1, 2021, to June 30, 2022, which limited group eligibility, reduced program funding, and restricted benefits available to workers. Although Boards continue to administer the 2002, 2009, 2015, and Reversion 2021 TAA programs to outreach and serve previously determined eligible participants, TAA enrollment and applications are dependent on the number of petition certifications and the number of workers eligible per petition. Since July 1, 2022, the U.S. Department of Labor (DOL) has been unable to conduct new investigations or issue certifications of eligibility for new groups of workers. As of September 11, 2024, 46 petitions covering 4,949 Texas workers are pending DOL review and approval.

This report describes the services and outcomes for TAA-certified workers who participated in or have completed training in the TAA program during FY 2024.

TAA Benefits and Services

If a worker is a member of a DOL TAA-certified group, the worker may be eligible for the following benefits and services at their local Workforce Solutions Office:

- ▶ **Employment and Case Management Services**, including skill assessments, career counseling, support services, and information on training.
- ▶ **Occupational Training** for up to 130 weeks.
- ▶ **Trade Readjustment Allowances** equaling up to 130 weeks of wage subsidies for workers enrolled in training within 26 weeks of their trade-related layoff or the petition certification, whichever date is later.

- ▶ **Alternative/Reemployment Trade Adjustment Assistance**, a wage subsidy available to workers aged 50 or older who are reemployed at an annual wage of \$50,000 or less.
- ▶ **Job Search Allowances** that reimburse workers for the costs of job searches outside their local commuting area.
- ▶ **Relocation Allowances** that reimburse workers for relocation costs for a job outside of their local commuting area.

For additional information on TAA benefits and services, visit TWC's TAA Program web page at twc.texas.gov/taa.

TAA Service Provision and Outcomes

During FY 2024, the Texas workforce system provided comprehensive TAA services that resulted in the following outcomes:

- ▶ 396 workers applied for TAA services or benefits.
- ▶ 77 workers participated in TAA-supported training services. The most common training occupations supported were: Truck Drivers, Heavy Equipment Drivers, and Tractor-Trailer Drivers; Registered Nurses; General and Operations Managers; Medical Assistants; and Electro-Mechanical Technicians.
- ▶ Three (3) workers participated in vocational and remedial training programs.
- ▶ 16 workers participated in basic skills enhancement during TAA-supported training.

The following TAA performance results were attained in FY 2024:

- ▶ 130 workers (76.02 percent) entered employment.
- ▶ 93.21 percent of workers entering employment retained employment over the three subsequent quarters.
- ▶ Workers who secured employment regained 138 percent of their pre-program-participation wage levels, based on a six-month follow-up.

Note: The pre-program-participation wage level percentage is composed of workers who were unemployed or underemployed prior to program participation and gained suitable employment. Under the TAA program, suitable employment is not less than 80 percent of a worker's average weekly wage.

The following were the most common sectors in which workers secured employment: Manufacturing; Administrative and Support; Health Care and Social Assistance; and Wholesale Trade; and Professional, Scientific, and Technical Services.

WORKSWONDERS: TEXAS PURCHASING FROM PEOPLE WITH DISABILITIES

Introduction

The Texas Purchasing from People with Disabilities (PPD) program, commonly referred to as the State Use program, helps individuals with disabilities during their transition toward independence and provides them with direct benefits by offering stable, vocational rehabilitation in their own communities. This training results in meaningful employment and fair wages, which promotes self-sufficiency for program participants. Administered by TWC, its daily operations are managed by WorkQuest, a central nonprofit agency, and the program is marketed as the WorksWonders program.

Through partnerships with community rehabilitation programs (CRPs), 6,478 Texans with a wide range of disabilities were employed in 114 local nonprofit CRPs in fiscal year 2024 (FY 2024).

Among the 114 CRPs participating in the WorksWonders program, 82 offer vocational rehabilitation and outplacement services to help participants secure competitive employment that meets their strengths and capabilities. These services include, but are not limited to, adaptive visual equipment training, chemical/alcohol dependency counseling, educational training, financial planning, high school equivalency prep courses, interview coaching, job coaching, job placement services, job skills training, and supported employment services.

Through vocational rehabilitation and outplacement services, the program has helped place individuals with disabilities on career paths for which they are ideally suited. This has resulted in better employee retention, increased productivity and consistency, and higher overall team satisfaction.

Due to the influence of outplacement services and the positive effect they have on the employees who use them, 1,542 individuals with disabilities were placed in competitive or supported employment positions in the community or non-direct labor positions within their CRP.

Community Rehabilitation Programs That Provide Career Counseling

There were 82 CRPs providing career counseling or other related services for employees with disabilities compared with 17 CRPs that did not provide those services.

Note: Data is not required from the 15 CRPs without individuals employed under State Use contracts.

Highlights

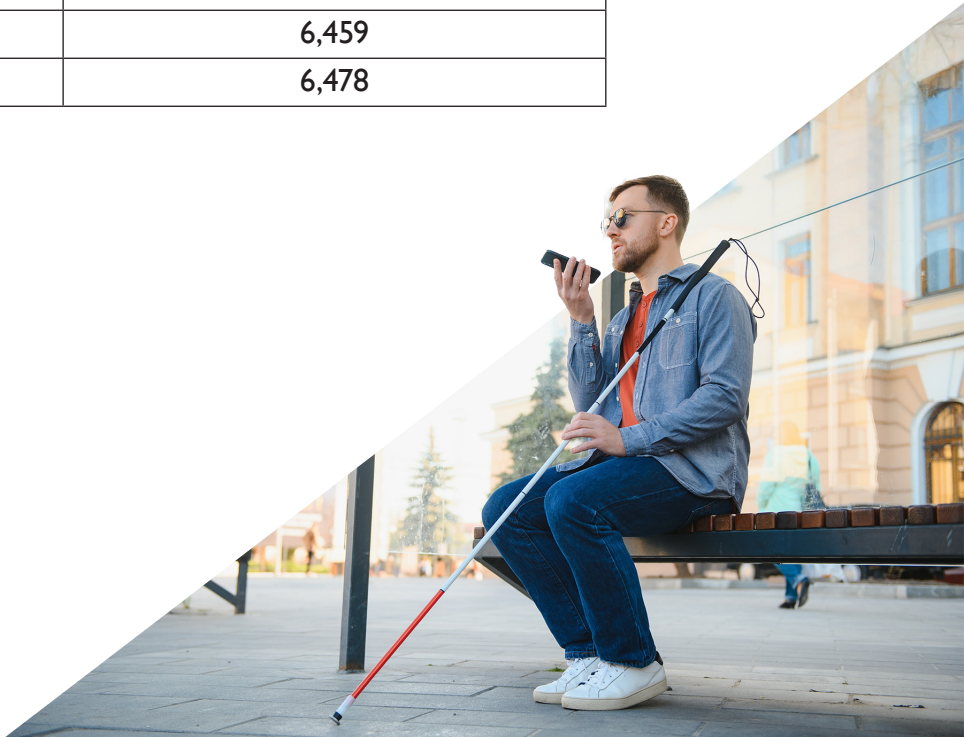

In FY 2024, 6,478 Texans with disabilities were employed at 114 nonprofit CRPs participating in the statewide WorksWonders program. These individuals’ disabilities include: mental health conditions (1,346), intellectual disabilities (892), physical impairments (887), chemical disorders (605), learning disabilities (489), visual impairments (357), deafness or hard of hearing (103), brain injuries (35), and other disabilities (1,764).

These WorksWonders employees with disabilities earned a weekly average of \$20.17 per hour including benefits, with weekly earnings ranging from \$7.26 to \$47.74 per hour. In total, they earned nearly \$81.2 million in wages including \$7.8 million in benefits during the year. This was a 10 percent increase in total earnings compared to the previous year.

Individuals without disabilities earned a weekly average of \$23.39 per hour including benefits, with weekly earnings ranging from \$9.23 to \$66.37 per hour. In total, they earned \$25.6 million in wages including \$2.2 million in benefits.

At least one type of non-mandatory benefit was received by 1,692 individuals with disabilities and 399 individuals without disabilities through the WorksWonders program.

Fiscal Year	Texans with Disabilities Employed Through WorksWonders State Use Program:
2019	5,084
2020	5,475
2021	6,517
2022	6,396
2023	6,459
2024	6,478

Appendices

APPENDIX A: COLLEGE CREDIT FOR HEROES

Table AI: Number of Academic or Workforce Education Semester Credit Hours Awarded for the 2023 Academic Year

Listed below are the number of academic or workforce education semester credit hours that may be awarded under the program and applied toward a degree or certification program at an institution of higher education during the most recent academic year, disaggregated by the subject area for which the credit hours are awarded. Per reporting from CCH partner schools, 8,466 semester credits may be awarded for the 2023 academic year. The hours reported are the result of a variety of policies and procedures established by the reporting institutions.

Subject Area	Awardable Semester Credits 2023
Agricultural/Animal/Plant/Veterinary Science and Related Fields	22
Business, Management, Marketing, and Related Support Services	3,358
Communication, Journalism, and Related Programs	93
Computer and Information Sciences and Support Services	731
Construction Trades	14
Culinary, Entertainment, and Personal Services	96
Education	39
Engineering/Engineering-Related Technologies/Technicians	595
English Language and Literature/Letters	54
Family and Consumer Sciences/Human Sciences	12
Health Professions and Related Programs	272
Homeland Security, Law Enforcement, Firefighting and Related Protective Services	253
Legal Professions and Studies	21
Leisure and Recreational Activities	243
Liberal Arts and Sciences, General Studies, and Humanities	167
Mechanic and Repair Technologies/Technicians	416
Parks, Recreation, Leisure, Fitness, and Kinesiology	295
Philosophy and Religious Studies	6
Physical Sciences	34
Public Administration and Social Service Professions	27
Science Technologies/Technicians	6
Social Sciences	16
Unspecified Credit-Electives	1,062
Basic Skills and Developmental/Remedial Education	629
Visual and Performing Arts	5
Total	8,466

Data Source: HB 493 Study 2023.

Table A2: Number of Academic or Workforce Education Semester Credit Hours Transferred for the 2023 Academic Year

Listed below are the number of transfer credit hours that have the potential to be awarded based upon the academic degree plan the veteran chooses.

Per reporting from CCH partner schools, 4,754 semester credits can be transferred and awarded for the 2023 academic year based upon the degree plan. The hours reported are the result of a variety of policies and procedures established by the reporting institutions.

Subject Area	Semester Credits 2023
Business, Management, Marketing, and Related Support Services	2,034
Communication, Journalism, and Related Programs	47
Computer and Information Sciences and Support Services	492
Construction Trades	14
Culinary, Entertainment, and Personal Services	6
Education	30
Engineering/Engineering-Related Technologies/Technicians	560
English Language and Literature/Letters	54
Family and Consumer Sciences/Human Sciences	12
Health Professions and Related Programs	254
Homeland Security, Law Enforcement, Firefighting and Related Protective Services	225
Legal Professions and Studies	21

Mechanic and Repair Technologies/Technicians	375
Parks, Recreation, Leisure, Fitness, and Kinesiology	295
Philosophy and Religious Studies	6
Physical Sciences	34
Public Administration and Social Service Professions	27
Science Technologies/Technicians	6
Social Sciences	16
Visual and Performing Arts	3
Total	4,754

Data Source: HB 493 Study 2023. Totals may not sum with previous reporting due to exclusion of outlier data. The number of credits transferred is a potential number of credits that may be awarded depending upon the degree plan the veteran chooses.

APPENDIX B: SKILLS DEVELOPMENT FUND

Table BI: Skills Development Fund Applications by Comptroller Region

Shows the total number of applications submitted and approved for funding in FY 2024 for each region of the state. Data reflects Skills Development Fund applications for customized training, Skills for Small Business applications, and Dual Credit applications.

Region	Number of Applications Submitted	Number of Applications Approved	Number of Applications Rejected	Number of Applications Not Awarded	Percent of Total Applications
Alamo	8	4	1	3	8%
Capital	4	3	-	1	4%
Central	8	4	-	4	8%
Gulf Coast	7	6	-	1	7%
High Plains	4	1	1	2	4%
Metroplex	12	10	-	2	12%
Northwest	10	3	4	3	10%
South	16	8	-	8	16%
Southeast	16	8	2	6	16%
Upper East	11	3	2	6	11%
Upper Rio Grande	1	0	-	1	< 1%
West	4	2	-	2	4%
Total	101	52	10	39	100%

Table B2: Skills Development Fund Award Amount by Region

Shows the total amount of funding awarded in each region of the state, and the percentage those amounts represent of total dollars awarded on a statewide basis. The second and third columns show data for FY 2024 only, and the last two columns show cumulative data from FY 1996 (program inception) through FY 2024.

Region	Amount Awarded by Region FY 2024 (Sum of Funds awarded below)	Percent of Statewide Funds Awarded FY 2024	Total Amount of Funds Awarded by Region, Cumulative Since Inception FY 96-24	Percent of Statewide Funds Awarded Since Inception
Alamo	\$479,508	3%	\$60,354,668	11%
Capital	\$1,955,845	14%	\$31,801,827	6%
Central	\$1,452,562	11%	\$44,177,164	8%
Gulf Coast	\$1,826,087	13%	\$84,393,367	16%
High Plains	\$31,500	< 1%	\$15,198,113	3%
Metroplex	\$4,624,344	34%	\$148,241,508	27%
Northwest	\$251,452	2%	\$18,454,330	3%
South	\$1,209,806	9 %	\$60,041,352	11%

Total	100%	100%	100%	100%	100%

Table B4: Skills Development Fund Average and Median Weekly Wage

Shows the statewide average and median weekly wage levels of individuals to be trained under new FY 2024 grants. The data include wages for current employees that will be retrained and those who will be hired into new positions.

All Trainees	Statewide Average Weekly Wage	Statewide Median Weekly Wage
New Jobs	\$1,329	\$1,301
Upgraded Jobs	\$1,372	\$1,338

Note: Does not include Skills for Small Business or Dual Credit due to the nature of the programs.

Table B5: Skills Development Fund Average and Median Weekly Wage by Comptroller Region

Shows the average and median weekly wage levels of all individuals to be trained under new FY 2024 grants. These wage levels are presented for each region of the State awarded projects.

Comptroller Region	Average Weekly Wage	Median Weekly Wage
Alamo	\$1,550	\$1,448
Capital	\$1,443	\$1,408
Central	\$975	\$976
Gulf Coast	\$1,545	\$1,377
High Plains	-	-
Metroplex	\$1,207	\$1,270
Northwest	-	-
South	\$848	\$1,083
Southeast	\$1,645	\$1,477
Upper East	\$1,743	\$1,633
Upper Rio Grande	-	-
West	-	-

Note: Includes Skills Development Fund Contingency Contracts for which Business Partners have been added and information is available. It does not include Skills for Small Business and Dual Credit based on the unique characteristics of those programs.

Table B5(a): Skills Development Fund – Wage Levels

Shows the number of new jobs and the number of incumbent jobs by wage level.

Average Wage	Total # New Jobs	Total # Upgraded Jobs
\$10.00 to \$15.00	25	25
\$15.01 to \$20.00	236	153
\$20.01 to \$25.00	259	810
\$25.01 to \$30.00	265	579
\$30.01 to \$35.00	111	748
\$35.01 to \$40.00	1,051	751
\$40.01 to \$45.00	-	-
\$45.01 to \$50.00	259	1,078
\$50.00+	80	150
Total	2,286	4,294

Table B6: Skills Development Funds Awarded by Employer Size

Shows the total amount of funds awarded in FY 2024 to micro-employers, small employers, medium employers, and large employers, as defined by the number of employees working for each business. The data are presented for each region of the State.

Region	Micro (<21 Employees)	Small (21-99 Employees)	Medium (100-499 Employees)	Large (500+ Employees)
Alamo	\$40,157	\$40,108	-	\$138,758
Capital	\$7,072	\$80,310	-	\$1,621,845
Central	\$11,935	-	\$436,511	\$1,016,051
Gulf Coast	\$1,442	\$1,184	-	\$1,763,087
High Plains	-	\$2,380	-	-
Metroplex	\$128,399	\$542,512	-	\$3,896,306
Northwest	\$19,650	\$69,800	-	-
South	\$5,815	\$1,160	\$220,193	-
Southeast	\$26,748	\$56,530	-	\$276,784
Upper East	\$13,500	\$72,608	\$211,279	\$915,498
Upper Rio Grande	\$6,172	\$3,725	-	-
West	\$5,923	\$15,630	-	-
Total	\$266,813	\$885,947	\$867,983	\$9,628,329

Note: This table now includes Skills for Small Business information, broken out by Small and Micro size. This table does not include Dual Credit information due to the unique nature of the program.

Table B7: Skills Development Fund Trainees by Region

Shows the total number of individuals to be trained under new FY 2024 grants by regions of the State. The total for each region includes the number of trainees who will enter new jobs and the number of current workers to be retrained.

Region	Total Number of Trainees
Alamo	102
Capital	901
Central	979
Gulf Coast	1,039
High Plains	-
Metroplex	2,179
Northwest	-
South	106
Southeast	297
Upper East	977
Upper Rio Grande	-
West	-
Total	6,580

Note: Does not include Skills for Small Business or Dual Credit information.

Table B8: Skills Development Fund Trainees by Industry

Shows the total number of individuals to be trained under the FY 2024 program by industry classification. The total for each industry includes the number of trainees who will enter new jobs and the number of current workers to be retrained.

Industry	Total Number of Trainees
Administrative and Support and Waste Services	234
Construction	749
Education Services	339
Finance and Insurance	169
Health Care and Social Assistance	50
Manufacturing	3,321
Mining, Quarrying, Oil and Gas Extraction	30
Other Services (except Public Administration)	106
Transportation and Warehousing	565
Utilities	175
Wholesale Trade	842
Total	6,580

Note: Does not include Skills for Small Business or Dual Credit information.

Table B9: Skills Development Fund Trainees Receiving Medical Insurance Benefits

Medical Insurance Provided?	Trainees
Yes	6,580
Statewide Total	6,580

Note: 100 percent of trainees receive medical insurance.

Table B10: Skills Development Fund Trainees Receiving Other Benefits

Other Benefits Provided?	Trainees
Yes	6,580
Statewide Total	6,580

Note: 100 percent of trainees receive medical insurance.

APPENDIX C: WORKSWONDERS: TEXAS

PURCHASING FROM PEOPLE WITH DISABILITIES

Table C1: Benefits Paid by CRPs to Individuals Employed under State Use Contracts in FY 2024

Type of Benefit	CRPs Paying Benefits to Individuals with Disabilities	Individuals with Disabilities Receiving Benefits	CRPs Paying Benefits to Individuals without Disabilities	Individuals without Disabilities Receiving Benefits
Medical	23	603	21	204
Dental	17	337	16	138
Vision	19	269	15	118
Retirement	16	300	11	68
Paid Vacation	24	469	20	146
Bonuses	13	512	9	100
Other	16	401	10	99

Table C2: Texans Employed through the Program in FY 2024

Type of Disability	Individuals Employed FY 2023	Individuals Employed FY 2024
Mental Health Condition	1,406	1,346
Intellectual Disability	1,057	892
Physical Impairment	887	887
Chemical Disorder	662	605
Learning Disability	410	489
Visual Impairment	326	357
Deaf or Hard of Hearing	98	103
Brain Injury	27	35
Other	1,586	1,764
Individuals with Disabilities Employed through the Program	6,459	6,478
Individuals without Disabilities Employed through the Program	1,783	1,534

Note: The category of “Other” is comprised of disabilities such as emotionally disturbed, emotionally disturbed with criminal offenses coming from half-way houses, dyslexic, accidental injury, poisoning, attention deficit disorder, severe diabetes, metabolism disorder and individuals with a qualifying disability verified by TWC Vocational Rehabilitation where the disability type has not been released to the CRP. The number employed reflects those individuals who may work part- or full-time on State Use contracts. Employees who have multiple disabilities are listed only once under their primary disability.

Table C3: Individuals Outplaced/Supported Employment

Individuals with Disabilities Outplaced from CRPs	1,344
Individuals with Disabilities Who Previously Worked on State Use Contracts Outplaced	523
Individuals with Disabilities Promoted within the CRPs	198
Individuals with Disabilities Promoted within the CRPs Who Previously Worked on State Use Contracts	110

Note: Individuals outplaced is the number of State Use-related individuals with disabilities who have been placed in employment positions at entities outside of the CRP or within the CRP and who no longer work on State Use contracts. This number includes outplacements for the total facility.

Table C4: Financial Statement for the Purchasing from People with Disabilities Program

The financial statement for the PPD program is provided to satisfy the reporting requirement in Texas Human Resource Code, Title 8, Section 122.022.

The PPD program is included as part of TWC's general fund activity. As a general fund, the accompanying financial statements are accounted for by using the modified accrual method basis of accounting. Under the modified accrual, revenues are recognized in the period in which they become both measurable and available to finance operations at end of the fiscal year.

Purchasing from People with Disabilities September 1, 2023 - August 31, 2024	
	FY 2024
