13  
14 The Texas Workforce Commission (TWC) proposes amendments to the following sections of  
15 Chapter 809, relating to Child Care Services:

16  
17 Subchapter A. General Provisions, §809.1 and 809.2

18 Subchapter B. General Management, §§809.13 - 809.16 and §§809.18 - 809.20

19 Subchapter C. Eligibility for Child Care Services, §§809.41, 809.42, 809.44, 809.48,  
20 809.50, 809.51, and 809.55

21 Subchapter D. Parent Rights and Responsibilities, §§809.71 - 809.73, 809.75, and 809.78

22 Subchapter E. Requirements to Provide Child Care, §§809.91 - 809.96

23 Subchapter F. Fraud Fact-Finding and Improper Payments, §809.112 and §809.115

24 Subchapter G. Texas Rising Star Program, §§809.130 - 809.136

25  
26 TWC proposes the following new section to Chapter 809, relating to Child Care Services:

27  
28 Subchapter C. Eligibility for Child Care Services, §809.56

29  
30 **PART I. PURPOSE, BACKGROUND, AND AUTHORITY**

31 The purpose of the proposed amendments to Chapter 809 is to implement House Bill (HB) 2607,  
32 HB 1792, Senate Bill (SB) 1555, 87th Texas Legislature, Regular Session (2021), and improve  
33 TWC's Child Care Services (CCS) program.

34  
35 **House Bill 2607**

36  
37 *Texas Rising Star Entry Level Rating*

38 HB 2607 amended Texas Government Code, §2308.3155 to require all regulated providers of  
39 TWC-funded CCS be included in the Texas Rising Star program and to require TWC to amend  
40 its Texas Rising Star program rules to include an Entry Level rating and a maximum length of  
41 time that a child care provider can participate at the Entry Level rating. Amended Texas  
42 Government Code, §2308.3155(b-2) requires TWC to develop a process to allow a child care  
43 provider to request a waiver to extend the length of time, which cannot exceed 36 months, that  
44 the child care provider may participate at the Entry Level rating. Amended Texas Government  
45 Code, §2308.3155(b-1) specifies that an Entry Level child care provider is not eligible for  
46 enhanced reimbursement rates available to Two-, Three-, and Four-Star certified child care

1 providers.

2  
3 Prior to the enactment of HB 2607, TWC's three-member Commission (Commission) amended  
4 Chapter 809 in January 2021 to adopt a Pre-Star child care provider designation and a  
5 requirement that all regulated CCS child care providers achieve that designation. The  
6 Commission is repealing the Pre-Star designation and replacing it with the legislatively  
7 mandated Texas Rising Star Entry Level designation.

8  
9 *Mandatory Texas Rising Star Participation and Enhanced Reimbursement Rates*

10  
11 Because amended Texas Government Code, §2308.3155(a) makes Texas Rising Star mandatory  
12 for regulated CCS providers, the new statutory language requires the definition of Texas Rising  
13 Star in §809.2 be amended to remove "voluntary" and to reflect that the program is required for  
14 CCS providers; and §809.91 be amended to require all regulated CCS providers participate in  
15 Texas Rising Star. Relative providers are not required to participate in Texas Rising Star and will  
16 continue to operate under the current rules for relative providers set forth in §809.91.

17  
18 Additionally, because the Entry Level rating is intended to be a temporary designation and not  
19 eligible for enhanced reimbursement rates, the definition of a Texas Rising Star provider in  
20 §809.2 is amended to distinguish Entry Level child care providers from "certified" child care  
21 providers, reserving Texas Rising Star "certification" only for certifications at the Two-, Three-,  
22 and Four-Star level.

23  
24 Also, amended Texas Government Code, §2308.3155(b-1) clarifies that providers at the Entry  
25 Level designation are not eligible for the enhanced rate, thus requiring that §809.20 be amended  
26 to include that only "certified" Texas Rising Star providers receive the enhanced reimbursement  
27 rate.

28  
29 To implement the requirements of HB 2607, Subchapter G, Texas Rising Star Program is  
30 amended to include an Entry Level designation within the Texas Rising Star program. Amended  
31 Subchapter G includes the requirements to be considered for Entry Level designation based upon  
32 a child care provider's demonstration that it does not have excessive licensing findings.

33  
34 *Eligibility to be Considered for Entry Level Rating*

35  
36 Amended Texas Government Code, §2308.3155(b-1) stipulates that to qualify for the Entry  
37 Level rating, a child care provider must meet the minimum quality standards that qualify the  
38 child care provider to receive technical assistance and support under the Texas Rising Star  
39 program.

40  
41 Subchapter G, §809.31(b) defines the basic requirements for Entry Level designation. A  
42 regulated provider, that is, providers licensed or registered with the Texas Health and Human  
43 Services Commission's Child Care Regulation (CCR) department (including an initial permit) or  
44 regulated by the US Military, are eligible to be considered for Entry Level Eligibility. This is the  
45 same basic criteria that was used in the former Pre-Star designation, which is now being  
46 repealed. If the child care provider is eligible to be considered for the Entry Level rating, the

1 child care provider will then need to meet the new proposed points threshold for high and  
2 medium-high CCR deficiencies required for the Entry Level designation; and once designated as  
3 Entry Level, will be eligible for technical assistance as required by Texas Government Code,  
4 §2308.3155(b-1).

5  
6 *Points Threshold for Meeting Entry Level Rating*  
7

8 The Commission-established criteria for Entry Level designation described below will be set  
9 forth in the Texas Rising Star Guidelines.

10  
11 To be designated as Entry Level, the Commission establishes a points threshold of 75 based on:  
12 --points being assigned to CCR-weighted high and medium-high deficiencies received; and  
13 --high-weighted deficiencies receiving a higher number of points (5 points each) than medium-  
14 high--weighted deficiencies (3 points each).

15  
16 A child care provider's most recent 12-month CCR licensing history will be reviewed. Providers  
17 with initial permits or providers with fewer than 12 months of licensing history will be reviewed  
18 based on all available CCR licensing history.

19  
20 *Time Limits for Entry Level Rating*  
21

22 Amended Texas Government Code, §2308.3155(b-1) requires the Commission to establish, by  
23 rule, the maximum length of time a CCS provider can be at the Entry Level rating. The  
24 Commission amends Chapter 809 to establish a 24-month maximum time frame a CCS provider  
25 could be at the Entry Level designation. The CCS provider must achieve Texas Rising Star  
26 certification of at least the Two-Star level within the 24-month period, unless the provider  
27 requests, and TWC approves, a waiver extension as allowed by amended Texas Government  
28 Code, §2308.3155(b-2).

29  
30 All CCS providers must meet Entry Level requirements, and once designated as Entry Level,  
31 will have a maximum of 24 months to attain star-level certification in Texas Rising Star. Entry  
32 Level providers will be reviewed for Texas Rising Star certification after their first 12 months. If  
33 an Entry Level provider is not certified as Texas Rising Star at that time, the provider will  
34 receive up to two six-month extensions as follows:

35 --During the first six months, providers will continue to receive CCS referrals.

36 --If a provider requires a second six-month extension, the provider may not receive any new  
37 family CCS referrals.

38  
39 The intent of not allowing new family referrals during the last six months of the 24-month  
40 period is to minimize the likelihood that children are placed in a facility that ultimately fails to  
41 meet Texas Rising Star certification. This approach recognizes the importance of stable child  
42 care to children's healthy development. Children who were previously referred may continue to  
43 be served during the last six-month extension period.

44  
45 The Commission notes that Entry Level providers can be assessed for certification at any time if  
46 they meet eligibility and screening requirements. At minimum, each Entry Level provider will

1 be screened at 12 months to determine eligibility for assessment.

2  
3 *Entry-Level for Current CCS Providers*

4  
5 For providers that have existing agreements with Local Workforce Development Boards  
6 (Boards) to provide child care services, but do not meet the points threshold for Entry Level  
7 designation upon implementation of these rules, TWC will provide a period of six months in  
8 order for these providers to meet Entry Level requirements. If a current CCS provider fails to  
9 attain at least Entry Level status after six months, the provider will no longer be an eligible CCS  
10 provider and may apply for Entry Level designation at a later date.

11  
12 *Criteria for the Entry-Level Extension Waiver*

13  
14 Texas Government Code, §2308.3155(b-2) allows for up to an additional 36 months for a  
15 provider to remain at Entry Level and directs the Commission to establish the criteria for  
16 approving this Entry Level extension waiver. Amended Texas Government Code, §2308.3155(b-  
17 2) requires that the rules specify that approved waivers must not exceed 36 months.

18  
19 The Commission amends Chapter 809 and establishes the following criteria for an Entry Level  
20 extension waiver. The provider must be:

- 21 --located in a child care desert (as defined in Texas Labor Code, §302.0461(b)(2)(A)(i), and in  
22 amended §809.2); or serving an underserved population as determined by the Agency;  
23 --unable to meet the certification requirements due to a declared emergency/disaster; or  
24 --unable to meet the certification requirements due to conditions that are outside the provider's  
25 control.

26  
27 An underserved population could include limited availability of infant capacity or care for  
28 children with disabilities.

29  
30 *Texas Rising Star Providers on Suspension Status*

31  
32 Under the current rules, there is no requirement that a Texas Rising Star provider become  
33 recertified following the loss of certification. However, amended Texas Government Code,  
34 §2308.3155(b-1) requires that CCS providers must meet Texas Rising Star certification.

35  
36 Because state statute requires providers participating in the CCS program to be certified as Texas  
37 Rising Star, a provider that has CCR screening or noncompliance issues may temporarily drop  
38 below a Two-Star level and fall into a new category of being a certified provider, but with a  
39 suspended certification status.

40  
41 Providers placed on suspension status must continue to meet Entry Level requirements and be  
42 recertified within 12 months of being placed on suspension status. The provider will not be able  
43 to receive enhanced rates while on suspension status or be eligible for Entry Level designation.

44  
45 Providers on suspension status will be eligible to request a reassessment after six months  
46 following the start of the suspension status if they meet certification eligibility and screening

1 requirements. If the provider is not eligible to request a reassessment or is not certified at least at  
2 the Two-Star level by the sixth month of the suspension, the provider will not receive new  
3 family referrals during the remainder of the suspension period. However, TWC may approve the  
4 provider to accept new family referrals if the provider is located in a child care desert or serves  
5 an underserved population. The Commission notes that providers on suspension status can be  
6 assessed for certification at any time after the initial six months of suspension status in which  
7 they meet certification eligibility and screening requirements.

8  
9 Texas Rising Star providers on suspension status and not achieving recertification by the end of  
10 the 12-month period are not eligible to provide TWC-funded child care services, are not eligible  
11 for Entry Level designation, and must subsequently meet Texas Rising Star certification  
12 eligibility and screening requirements in order to provide CCS.

### 13 14 Prekindergarten Partnerships

15  
16 HB 2607 also amended Texas Labor Code, §302.00436 to require Boards to inform the local  
17 school districts and open-enrollment charter schools in the local workforce development area  
18 (workforce area) regarding opportunities to partner with child care providers in the Boards'  
19 workforce areas to expand access to and provide facilities for prekindergarten (pre-K) programs.

20  
21 Pursuant to Texas Labor Code, §302.00436 the Commission amends §809.14 (Coordination of  
22 Child Care Services) to require Boards to inform the local school districts/open-enrollment  
23 charter schools of opportunities to partner with child care providers to expand access to and  
24 provide facilities for pre-K programs.

25  
26 The Commission also approved, with one-time stimulus funding, the hiring of local TWC staff to  
27 serve as a resource to support, expand, and enhance pre-K partnership settings that will focus on  
28 informing and engaging potential partners, and supporting and navigating the formalization of  
29 partnerships. During the time of this stimulus-funded TWC pre-K partnership initiative, this will  
30 allow for a collaborative approach, with the Boards, in meeting the requirements of HB 2607 and  
31 the needs of the community.

### 32 33 Contracted Slots Reporting Requirements

34  
35 Finally, HB 2607 amended Texas Labor Code, §302.0461(d) to change the Board reporting  
36 requirements for contracted providers from every six months to every 12 months. On September  
37 9, 2021, TWC issued Workforce Development (WD) Letter 19-21, which included the new 12-  
38 month reporting requirement. The Commission amends §809.96 (Contracted Slots Agreements)  
39 to change the Board reporting requirements for contracted providers from every six months to  
40 every 12 months.

## 41 42 **House Bill 1792**

### 43 44 Statewide Texas Rising Star Assessors

45  
46 HB 1792 amended Texas Government Code, §2308.3155 to require TWC to competitively

1 procure a single entity to oversee a statewide roster of qualified assessors to evaluate child care  
2 providers participating in the Texas Rising Star program during the initial certification process  
3 and at any other time during the child care provider's participation in the program.

4  
5 Amended Texas Government Code, §2308.3155(d) requires amendments to Chapter 809,  
6 Subchapter G to separate the roles and responsibilities of Texas Rising Star assessments  
7 provided by the single statewide entity and mentoring services provided by Boards, as well as  
8 qualifications specific to assessors and mentors.

9  
10 Specifically, §809.134 is amended to specify that both the Boards and TWC's designated  
11 assessment entity shall ensure that Texas Rising Star staff:

12 --meet the background check requirements; and  
13 --complete the Texas Rising Star standards training, as described in the Texas Rising Star  
14 Guidelines.

15  
16 The amended rules also specify that Boards ensure mentoring staff meet requirements for:

17 --minimum education;  
18 --work experience requirements; and  
19 --attaining mentor microcredentialing, as described in the Texas Rising Star Guidelines.

20  
21 The amended rules specify that TWC's designated Texas Rising Star assessment entity ensure  
22 that assessors attain and maintain the Texas Rising Star Assessor Certification, which will  
23 replace the former minimum education and experience requirements for assessors.

24  
25 Under current rules, Boards are allowed to have staff members who act as both mentors and  
26 assessors, as long as the staff does not mentor and assess the same child care provider. With the  
27 separation of assessors into a single entity, the amended rules continue this separation of duties  
28 to address situations in which an individual may be under contract with or be employed by a  
29 Board for mentoring services as well as under contract or employed by the single entity to  
30 conduct Texas Rising Star assessments, to ensure that no conflict of interest exists during the  
31 assessment process.

32  
33 However, the Commission expects that communication and coordination among mentors and  
34 assessors continue. The contract with TWC's designated Texas Rising Star assessment entity will  
35 include specifications for communication with mentors, and TWC's contract with Boards will  
36 include requirements for coordination with assessors.

37  
38 Additionally, current rule language places the responsibility regarding child care provider  
39 requests for a reconsideration of the child care provider's Texas Rising Star assessment on  
40 Boards. The amended rules continue the reconsideration practice but will require TWC's  
41 designated Texas Rising Star assessment entity, rather than the Boards, have a procedure for  
42 child care providers that request a reconsideration of their certification based on an assessment.

43  
44 **Senate Bill 1555**

45  
46 Age Groups for Reimbursement

1  
2 SB 1555 amended Texas Government Code, §2308.315 to require Boards to establish graduated  
3 reimbursement rates that align TWC's age groups with CCR ratios and group sizes and to require  
4 higher rates in age groups with the lowest child-to-caregiver ratios. SB 1555 stipulates that the  
5 reimbursement rates must be in place no later than December 1, 2023.

6  
7 The former §809.20 requires Boards to have maximum reimbursement rates for the following  
8 age groups:

- 9 --Infants ages 0 through 17 months;
- 10 --Toddlers ages 18 through 35 months;
- 11 --Preschool ages 36 through 71 months; and
- 12 --School ages 72 months and older.

13  
14 The Commission amends §809.20 (Maximum Provider Reimbursement Rates) to require Boards  
15 to have maximum reimbursement rates that align with the CCR age groups for a Licensed Child  
16 Care Center (LCCC), as defined in 40 TAC §746.1601 and §746.1609. The new age groups will  
17 also be applied to licensed and registered homes. The new age groups are as follows:

- 18 --Infants ages 0 through 11 months;
- 19 --Infants ages 12 through 17 months;
- 20 --Toddlers ages 18 through 23 months;
- 21 --Toddlers age 2 years;
- 22 --Preschool age 3 years;
- 23 --Preschool age 4 years;
- 24 --Preschool age 5 years; and
- 25 --School ages 6 through 13 years.

26  
27 In accordance with §809.20(a), which requires Boards to establish maximum reimbursement  
28 rates at or above a level established by the Commission and in accordance with state regulations,  
29 TWC will issue guidance requiring Boards to establish rates that are graduated to provide higher  
30 rates for the age groups with the lowest child-to-caregiver ratios as established in CCR  
31 regulations, pursuant to amended Texas Government Code, §2308.315.

32  
33 Amended Texas Government Code, §2308.315 requires TWC to supply any demographic data  
34 needed by the Board to establish the rates. TWC supplies market rates, through the annual  
35 Market Rate Survey (MRS), for the previously defined age groups as a benchmark to assist  
36 Boards in establishing maximum reimbursement rates. TWC is working with the MRS contractor  
37 to ensure that the contractor can collect and analyze market rates based on the CCR age groups,  
38 and these rates will be included in the next MRS due in June 2022.

39  
40 Additionally, implementing SB 1555 will require TWC's child care information system to align  
41 with the new age groups.

42  
43 TWC is planning to replace the child care information system, The Workforce Information  
44 System of Texas (TWIST), with a new Child Care Case Management System (CCCMS). TWC  
45 will include the changes to implement SB 1555 in the requirements for the new CCCMS,  
46 scheduled to be completed in 2023.

1  
2 The authors of SB 1555 recognized that implementation would require time for TWC to collect  
3 and analyze market rates data and make necessary information technology changes. As such, SB  
4 1555 stipulates that implementation of the bill should be no later than December 1, 2023.

5  
6 The Commission makes the provisions of the amended rules regarding age-group reimbursement  
7 rates effective on October 1, 2023, to align with the Board Contract Year 2024.

## 8 9 **Rule Amendments for Program Improvements**

10  
11 Additionally, the Commission, with input from stakeholders, identified potential amendments to  
12 Chapter 809 for program improvements that will:

- 13 --standardize statewide policies for service delivery consistency;
- 14 --streamline the list of Board policy requirements;
- 15 --codify the current TWC waiver to allow job search at initial eligibility;
- 16 --update language regarding automated attendance reporting;
- 17 --strengthen child care provider payment requirements to align with the industry practice of  
18 prospective payments;
- 19 --include federal reporting requirements for providers charging parents above the parent share of  
20 cost (PSoC), if allowed by the Board; and
- 21 --make technical changes and clarifications.

### 22 23 Statewide Policies for Service Delivery Consistency

24  
25 Chapter 809 allows Boards to establish policies for various aspects of the Child Care Services  
26 program, and those policies vary greatly among the 28 Boards.

27  
28 To provide greater consistency in child care service delivery throughout the state, particularly for  
29 the management of waiting lists, assessing the PSoC, and general eligibility requirements, the  
30 Commission is amending Chapter 809 to provide standard eligibility requirements statewide and  
31 ensure greater efficiency in service delivery for the following policy areas.

### 32 33 Statewide Waiting List Management

34  
35 Section 809.18 requires Boards to maintain a list of parents waiting for child care services due to  
36 the lack of funding or lack of providers. The section requires Boards to have a policy that sets the  
37 frequency in which the parent information is updated and maintained on the waiting list. Board  
38 policies for requiring a parent to contact the Board to keep the child on the waiting list vary by  
39 Board and range from 30 to 180 days. This wide range in waiting list maintenance policies  
40 creates statewide inconsistencies in the accuracy of the number of children waiting for child care  
41 services.

42  
43 The Commission amends §809.18 to require Boards to contact parents with children on the  
44 waiting list every three months and to remove the child from the waiting list if the parents  
45 indicate that child care services are no longer required or if they do not respond to the Board  
46 regarding the continued need for child care services.

1  
2 As mentioned previously, TWC is planning to replace the child care information system in  
3 TWIST with a new CCCMS. The new CCCMS, scheduled to be completed in 2023, will have  
4 the ability to automate the process for contacting parents regarding the waitlist status. The  
5 Commission makes the provisions of the amended rules regarding contacting parents with  
6 children on the waiting list effective on October 1, 2023.

7  
8 *Statewide Parent Share of Cost Assessment*  
9

10 Federal Child Care Development Fund (CCDF) regulations at 45 CFR §98.45(k) require Lead  
11 Agencies to "establish, and periodically revise, by rule, a sliding fee scale(s) for families that  
12 receive CCDF." Regulations also require that the sliding fee scales must be based on income and  
13 family size, affordable, and not be a barrier to a family receiving assistance. The sliding fee scale  
14 should be designed in a manner that gradually increases the percent of family income the parent  
15 pays as the income increases. Although not a regulatory requirement, federal guidance suggests  
16 that the sliding fee scale not exceed 7 percent of the family income.

17  
18 Current §809.19 requires Boards to establish PSoC amounts based on the federal requirements.  
19 The PSoC is established based upon family income and family size.

20  
21 Board sliding fee scales vary greatly among the workforce areas. For example:

22 --For a family at the lowest income range (10 percent state median income (SMI)/33 percent  
23 federal poverty guidelines (FPG)) with a family size of three and \$600 monthly income, Board  
24 sliding scales range from 1.6 percent to 8.2 percent of the family income.

25 --For a family in the mid-income range (55 percent SMI/150 FPG) with a family size of three  
26 and \$3,288 monthly income, Board scales range from 4.3 percent to 9.5 percent.

27 --For a family at the highest income range (85 percent SMI) with a family size of three and  
28 \$5,081 monthly income, Board scales range of 2.3 percent to 9.8 percent.

29  
30 Board policies also vary greatly on additional amounts that may be added to the PSoC for each  
31 additional child in care.

32  
33 Additionally, TWC's former standard sliding scale requires Boards to have a static PSoC amount  
34 within nine established income ranges. If the family income changes, but remains within the  
35 income range, then the PSoC will not change. This methodology was established prior to the  
36 requirement for the PSoC to remain stable within the 12-month eligibility period and was  
37 designed to minimize the impact on the PSoC of relatively small changes in income.

38  
39 However, the disadvantage of this methodology is that once the family income crosses an  
40 income range, the increased PSoC could be greater than the income amount increase, resulting  
41 "mini-cliffs" that create relatively substantial increases in the percent of income a family pays if  
42 a family experiences small increases in income.

43  
44 The Commission amends Chapter 809 to create a consistent statewide policy on PSoC  
45 assessments that would allow for greater consistency in ensuring that the PSoC amount is  
46 affordable and would be aligned more closely with the percentage of the family income. The

1 policy:  
2 --standardizes the PSoC assessment to provide a sliding-fee scale that could start from 2 percent  
3 to 3.5 percent of family income and gradually increase as the family income increases, but does  
4 not exceed 7 percent of the family income for one child in care; and  
5 --allows for a lower incremental increased percentage of the family income for families and for  
6 each additional child in care.

7  
8 The former PSoC assessments led to variances in the amount charged to parents among  
9 workforce areas, including among workforce areas with similar demographics, income levels,  
10 and cost of living levels. The new statewide policy for PSoC assessments will standardize the  
11 percentage of income a parent pays, limited to 7 percent of the family income, and will create  
12 greater consistency in PSoC.

13  
14 The Commission acknowledges that the new statewide PSoC standard will require substantial  
15 changes to the child care automated system. As mentioned previously, TWC is planning to  
16 replace the child care information system in TWIST with the new CCCMS. TWC will include  
17 the changes to the PSoC in the requirements for the new CCCMS, scheduled to be completed in  
18 2023.

19  
20 The Commission makes the provisions of the amended rules regarding the statewide PSoC  
21 effective on October 1, 2023, to align with the Board Contract Year 2024.

22  
23 *Statewide Income and Activity Eligibility Requirements*

24  
25 Chapter 809, Subchapter C (Eligibility for Child Care Services) establishes general statewide  
26 eligibility requirements that reflect the eligibility requirements in the CCDF regulations.  
27 However, within the general requirements, Boards have some flexibility to place additional  
28 requirements for eligibility. For example, the rules require that family income cannot exceed the  
29 federal income limits of 85 percent of the SMI. However, the rules also allow Boards to have  
30 lower income limits. Currently, five Boards have income limits lower than 85 percent of the  
31 SMI. Similarly, TWC rules require that parents must participate in work, job training, or  
32 education activities for 25 hours a week (50 hours for a dual-parent family), but Boards are  
33 allowed to place higher hourly activity requirements on families. Currently, only one Board has  
34 activity requirements greater than the minimum requirements in rule.

35  
36 The Commission amends Chapter 809 to create a consistent statewide policy to:  
37 --implement a standard income eligibility limit of 85 percent of the SMI; and  
38 --require that parents must participate in work, job training, or education activities for 25 hours a  
39 week (50 hours for a dual-parent family).

40  
41 *Statewide Policy on Child Care during Education*

42  
43 Boards place varying restrictions on providing child care for parents pursuing certain types of  
44 education and degrees, and how Boards determine a parent is making progress in achieving  
45 education and job training completions. For example, five Boards specifically allow child care  
46 services while a parent is pursuing postgraduate degrees, while five other Boards do not specify

1 if advanced degrees are allowed, and 16 Boards specifically state that child care services while  
2 pursuing a postgraduate degree are not allowed.

3  
4 Additionally, the time limits for receiving child care services while participating in education  
5 activities vary greatly by Board. Time limits range from 48 months to a maximum of 96 months  
6 for all postsecondary education. Time limits also vary according to the type of education  
7 pursued. For example, Boards allow from 60 months to 72 months for a bachelor's degree, and  
8 from 24 months to 48 months for a certification program.

9  
10 The Commission amends Chapter 809 to create a consistent statewide policy regarding child care  
11 while the parent is in education activities. The rules establish a cumulative total of 60 months for  
12 parents to participate in CCS while enrolled full-time in:  
13 --high school;  
14 --a Certificate of High School Equivalency program; or  
15 --an undergraduate degree program.

16  
17 The Commission notes that this limit applies to parents enrolled full-time in the education  
18 programs and are meeting the participation requirements only through education hours. The  
19 Commission also notes that the cumulative 60-month limit does not need to be consecutive  
20 months, but it does include cumulative months enrolled in any of the education programs above.

21  
22 The Commission also notes that the amended rules remove postgraduate degrees from the  
23 definition of an educational program, thus, removing the inclusion of postgraduate enrollment in  
24 counting education activity hours for child care services eligibility. This creates a consistent  
25 policy followed by a majority of Boards. As mentioned previously, 16 Boards specifically state  
26 in policy that child care services while pursuing a postgraduate degree are not allowed.

27  
28 Finally, §809.2(1) currently requires Boards to establish a policy to determine how a parent is  
29 making progress toward successful completion of an education program or job training program.  
30 Currently, Board policies vary widely regarding attendance requirements, GPA, and  
31 consideration for an education or training program's requirements specific requirements.

32  
33 The Commission amends the definition of attending a job training or educational program to  
34 establish a statewide policy that "making progress toward successful completion" of a job  
35 training or education program is demonstrated through continued enrollment in the training or  
36 educational program. This policy is intended to streamline and standardize the verification that  
37 the parent is making progress toward completion of the program.

### 38 39 *Statewide Policies on Children with Disabilities*

40  
41 CCDF regulations at 45 CFR §98.20(a)(1)(ii) allows Lead Agencies to serve children with  
42 disabilities up to the age of 19 and §809.41(a)(1)(B) gives this flexibility to Boards. Currently,  
43 27 Boards provide child care services for children with disabilities up to age 19.

44  
45 The Commission amends Chapter 809 to create a consistent statewide policy to have children  
46 with disabilities up to age 19 eligible for child care services.

1  
2 Streamline Rules on Board-Required Policies, and Remove Operational Procedures  
3

4 The Commission amends §809.13 to remove the list in subsection (c) of required Board policies  
5 as the required Board policies are described in other Chapter 809 sections, as well as in the Child  
6 Care Services Guide. Section 809.13(c) was created to assist Boards in identifying in one place  
7 their required policies. However, the section predated the issuance of the Child Care Services  
8 Guide, which also provides the same comprehensive list of required Board policies.  
9

10 The Commission notes that the requirement that Boards have policies formerly listed in  
11 §809.13(c) has not changed in other sections of the rules. This change simply removes repeating  
12 these requirements in §809.13(c).  
13

14 Allowing Job Search for Initial Eligibility  
15

16 The Commission proposes new §809.56, Child Care during Initial Job Search. Under federal  
17 Child Care Development Block Grant (CCDBG) regulation 45 CFR §98.21(a)(2)(iii), states may  
18 initially qualify a family for assistance if the parent is seeking employment or engaging in job  
19 search and may end assistance after a minimum of three months if the parent has not found  
20 employment.  
21

22 However, unemployed parents who are looking for work are not initially eligible for CCS under  
23 the former §809.41(a)(3)(B). On June 15, 2021, the Commission approved a temporary waiver  
24 for §809.41(a)(3)(B) to provide additional flexibility, allowable under federal CCDBG law and  
25 regulations, to support parents who do not meet the activity requirements when eligibility is  
26 determined. This waiver allows up to three months of child care for parents to search for work.  
27 The waiver expires on October 1, 2022.  
28

29 On June 30, 2021, TWC issued guidance to the Boards in WD Letter 13-21, regarding eligibility  
30 for child care during the initial job search period.  
31

32 The Commission amends §809.2 to include job search in the definition of working and adds new  
33 §809.56 in Subchapter C (Eligibility for Child Care Services) for job search child care with  
34 provisions consistent with the guidance issued in WD Letter 13-21, specifically:  
35

36 --A parent, including a parent in a dual-parent family, is eligible for child care services if at  
37 initial eligibility determination the family does not meet the minimum participation requirements  
38 for At-Risk Child Care. (Note: Parents in the CCS program who are unemployed at the time of  
39 eligibility redetermination are provided three months of continued care under §809.51(b)  
40 regarding child care during interruptions in work.)  
41

42 --Boards must allow parents to self-attest that the family meets the requirements for job search  
43 child care, and that the family income does not exceed 85 percent of the state median income.  
44

45 --Child care for job search at initial eligibility is limited to three months (with the clarification in  
46 guidance that a Board may extend an initial job search period for a maximum of 30 calendar

1 days to ensure continuity of care in order to verify and determine eligibility requirements for  
2 continued care).

3  
4 --Total activity participation by the end of the three months must be at least 25 hours for a single-  
5 parent family or 50 hours per week for a dual-parent family, and must consist of a minimum of  
6 12 hours in employment for a single-parent family and 25 hours in employment for a dual-parent  
7 family.

8  
9 --If the family meets the participation requirements above, within, or by the end of the three  
10 months, child care services will continue for a total of 12 months, inclusive of the months in  
11 initial job search.

12  
13 --If the family does not meet minimum activity requirements by the end of the three months, care  
14 must be terminated.

15  
16 --The PSoC is initially assessed at the highest amount based on the family size and number of  
17 children in care.

18  
19 --The initially assessed amount will immediately be reduced to zero, which includes dual-parent  
20 families in which one parent is working but the participation requirements are not met.

21  
22 --If the parent begins to meet participation requirements within or by the end of the job search  
23 period, the PSoC must be reinstated at the initially assessed amount or the amount based on the  
24 actual family income, whichever is lower.

25  
26 Proposed §809.56 also requires that eligibility for job search child care be limited to one three-  
27 month job search period within a 12-month period.

28  
29 The Commission notes the intent of requiring the 12/25 minimum number of activity hours in  
30 employment is to emphasize employment outcomes during job search, while also allowing  
31 families to meet the full 25/50 hourly requirement through a combination of employment,  
32 education, and training. This policy strikes a balance between requiring job search individuals to  
33 meet the activity through 100 percent employment and allowing the family to meet the full 25/50  
34 requirement through a combination of employment, education, and training hours.

35  
36 TWC currently has a Board Incentive Award that provides an incentive for Boards to assist  
37 parents in child care job search to obtain employment. To emphasize this connection with the  
38 workforce delivery network, the Commission is including a requirement that a Board ensures  
39 that the parent in child care for job search is registered in the state's labor exchange system and  
40 has access to appropriate services available through the one-stop service delivery network.

41  
42 Automated Attendance and Attendance Standards

43  
44 TWC is conducting a procurement for a new automated attendance system. However, Chapter  
45 809 rules include several requirements that are specific to the previous automated system,  
46 particularly regarding the use of attendance cards for point-of-service devices. The type of

1 automated system and the process for recording attendance, including the use of attendance  
2 cards, has not been determined.

3  
4 The Commission is amending the attendance reporting language in §809.78 (regarding parent  
5 reporting requirements), §809.95 (regarding provider reporting requirements), and §809.115  
6 (regarding corrective actions) related to using attendance cards or other language specific to the  
7 previous system, which would allow flexibility for future automated attendance systems.

8  
9 Provider Payments

10  
11 CCDF regulations at 45 CFR §98.45(l) requires Lead Agencies to establish payment practices  
12 that ensure timeliness of payment and reflect generally accepted payment practices of child care  
13 providers that do receive CCDF. The regulations cite paying based on a child's enrollment rather  
14 than attendance and paying prospectively prior to the delivery of services.

15  
16 Section 809.93(b) requires Boards to reimburse providers based on the child's enrollment rather  
17 than attendance; however, former rules do not allow for providers to be paid prospectively.  
18 Because payments are based on the enrollment authorization and not attendance, the  
19 Commission amends §809.93 to require Boards to pay providers on that enrollment every two  
20 weeks prior to the delivery of services, pursuant to 45 CFR §98.45(l).

21  
22 Currently, 24 Boards reimburse providers either weekly or every two weeks. Additionally, the  
23 two-week prospective payment aligns with current Commission policy regarding transfers that  
24 includes a waiting period of two weeks before the effective date of a transfer, except in cases in  
25 which the provider is subject to a CCL corrective action, when the transfer is authorized by Child  
26 Protective Services (CPS) for a child in protective services, or on a case-by-case basis as  
27 determined by the Board.

28  
29 The Commission acknowledges this change will require detailed operational guidance to Boards  
30 regarding reconciling payments, payment estimations, and child transfers. Additionally, paying  
31 prospectively will also require changes to the child care information systems. In order to work  
32 with Boards on operational details of this new policy and to include this change in the new  
33 CCCMS, the Commission makes the provisions of the amended rules effective on October 1,  
34 2023, to align with Board Contract Year 2024.

35  
36 Providers Charging Parents the Difference between the Board Rate and the Provider Published  
37 Rate

38  
39 TWC rules at §809.92(c) prohibit providers from charging the difference to parents who are  
40 exempt from the PSoC (parents participating in Choices, Supplemental Nutrition Assistance  
41 Program Employment and Training, parents of children experiencing homelessness, and parents  
42 of children in protective services) and whose PSoC is calculated to be zero. However, §809.92(d)  
43 allows Boards to prohibit providers from charging the difference to all parents. Currently eight  
44 Boards allow providers to charge the difference to parents not exempt from the PSoC.

45  
46 CCDF regulations at 45 CFR §98.45(b) requires Lead Agencies to ensure that their payment

1 rates ensure equal access to the full range of providers that are available to parents not receiving  
2 CCDF services, and that the rates are adequate without additional amounts above the assessed  
3 PSoC for instances in which the provider's published rate exceeds the subsidy amount.

4  
5 CCDF regulations at 45 CFR §98.45(b)(5) requires a rationale for the policy on whether child  
6 care providers may charge additional amounts to families above the PSoC, including:  
7 --a demonstration that the policy promotes affordability and access; and  
8 --an analysis of the interaction between any such additional amounts with the required family  
9 copayments, and of the ability of subsidy payment rates to provide access to care without  
10 additional fees.

11  
12 Additionally, 45 CFR §98.45(d)(2) requires Lead Agencies to track the extent to which "CCDF  
13 child care providers charge amounts to families more than the required family co-payment...in  
14 instances where the provider's price exceeds the subsidy payment, including data on the size and  
15 frequency of any such payments."

16  
17 To align with federal CCDF requirements, the Commission amends §809.92 to require Boards  
18 that allow providers to charge parents amounts above the assessed PSoC to:  
19 --require that each month, any provider that charges a family an amount above the PSoC reports  
20 the following:

21 ----the specific families that were charged an additional amount above the PSoC;  
22 ----the frequency with which each family was charged; and  
23 ----the amount of each additional charge;  
24 --provide the rationale for the Board's policy to allow providers to charge families additional  
25 amounts above the required copayment, including a demonstration of how the policy promotes  
26 affordability and access for families;  
27 --describe the Board's analysis of the interaction between the additional amounts charged to  
28 families with the required PSoC and the ability of subsidy payment rates to provide access to  
29 care without additional fees; and  
30

31 According to the most recent Market Rate Survey, 5.2 percent of centers and 6.5 percent of  
32 homes charge parents the difference between the reimbursement rate and the provider published  
33 rate. Further, on August 31, 2021, the Commission approved substantial rate increases for all  
34 providers designed to ensure that the payment rates ensure equal access required by 45 CFR  
35 §98.45. This rate action could also reduce instances in which the provider's published rates are  
36 higher than Board reimbursement rates.

### 37 Rule Clarifications and Technical Amendments

38  
39  
40 The Commission also amends the following sections of Chapter 809 to provide clarifications of  
41 the rule provisions and technical changes:

42  
43 --Throughout Chapter 809 - Change Child Care Licensing (CCL) to Child Care Regulation  
44 (CCR).

45 --§809.1 - Specify which sections of Chapter 809 do not apply to Board child care services  
46 funded through non-CCDF sources.

- 1 --§809.16 - Clarify that Board quality activities must be in accordance with the CCDF State Plan.  
2 Remove language regarding compliance with federal and state regulations as these requirements  
3 are reflected in the CCDF State Plan.  
4 --§809.20 - Include enhanced rate for infants and toddlers at a Texas School Ready provider  
5 participating in the Texas School Ready infant/toddler program.  
6 --§809.20 - Codify the current practice of Boards establishing a higher enhanced reimbursement  
7 rate for nontraditional hours, as defined by the Board.  
8 --§809.44 - Separate exclusions for one-time cash payments from tax credits and refunds from  
9 the income calculation.  
10 --§809.48 and §809.50 - Specify that dual-parent activity hours include a combination of work,  
11 training, or education.  
12 --§809.78 - Clarify the process regarding the 15- and 30-day thresholds for Boards notifying  
13 parents of potential excessive absences.  
14 --§809.93 - Include "blended-day" as an enrollment type.  
15 --§809.93 - Revise outdated language regarding payments for "occasional" part-day/full-day  
16 attendance.  
17 --§809.94 - Remove the language prohibiting subsidy eligibility for providers that are on  
18 Adverse Action with CCR but are appealing the action as this language is not necessary, due to  
19 SB 764 (87th Texas Legislature, Regular Session (2021)), which prohibited these providers from  
20 operating.  
21 --§809.131 - Clarify that at minimum, a center director account is required to be created within  
22 the Texas Early Childhood Professional Development System's Workforce Registry to meet  
23 Texas Rising Star eligibility requirements.  
24 --§809.134 - Revise that Texas Rising Star mentor staff with allowable associate degrees have  
25 two years of suitable experience in early childhood education as determined by the Board to  
26 allow Boards to determine suitable experience.  
27

## 28 Chapter 809 Rule Review

29  
30 Texas Government Code, §2001.039 requires that every four years each state agency review and  
31 consider for readoption, revision, or repeal each rule adopted by that agency. TWC conducted a  
32 rule review of Chapter 809, Child Care Services, and the amendments described in this document  
33 are the result of the rule review.  
34

## 35 **PART II. EXPLANATION OF INDIVIDUAL PROVISIONS**

36 (Note: Minor editorial changes are made that do not change the meaning of the rules and,  
37 therefore, are not discussed in the Explanation of Individual Provisions.)  
38

### 39 **SUBCHAPTER A. GENERAL PROVISIONS**

40 TWC proposes the following amendments to Subchapter A:  
41

#### 42 **§809.1. Short Title and Purpose**

43 Section 809.1 is amended to clarify the following sections of Chapter 809 do not apply to child  
44 care services that use non-Child Care and Development Fund sources allocated to workforce  
45 areas:  
46

--Funds used for quality improvement activities described in §809.16;

1 --Assessing the parent share of cost described in §809.19; and  
2 --Subchapter C, relating to Eligibility for Child Care Services.

3  
4 **§809.2. Definitions**

5 Section 809.2(1)(C) is amended to establish a statewide policy that "making progress toward  
6 successful completion" of a job training or education program is demonstrated through continued  
7 enrollment in the training or educational program. This policy is intended to streamline and  
8 standardize the verification that the parent is making progress toward completion of the program,  
9 aligning with the policies currently in place at a majority of Boards.

10  
11 Section 809.2 is amended to add the definition of a Child Care Desert in paragraph (4). A child  
12 care desert is defined as an area described in Texas Labor Code, §302.0461 in which the number  
13 of children under age six with working parents is at least three times greater than the capacity of  
14 licensed child care providers in the area, based on data published annually by the Commission.

15  
16 Section 809.2(5), as renumbered, is amended to change the name of the child care licensing  
17 entity from "Child Care Licensing (CCL)" to current "Child Care Regulation (CCR)." This  
18 change is also made throughout the chapter.

19  
20 Section 809.2(10)(C), as renumbered, is amended to state that an education program at an  
21 institution of higher education must lead to an undergraduate degree. The change is made to  
22 create a statewide standard that postgraduate degrees are not included in the definition of an  
23 educational program for CCS eligibility activity hours. The Commission emphasizes that  
24 enrollment in postgraduate degree programs does not in and of itself disqualify a parent from  
25 CCS eligibility. The intent is that postgraduate hours are not included in the parent's or family's  
26 activity hours for eligibility.

27  
28 Section 809.2 is amended to remove the definition of a "Pre-Star provider." The Commission is  
29 creating a new "Entry Level" designation as part of the definition of a Texas Rising Star provider  
30 pursuant to Texas Government Code, §2308.3155 that requires all providers of TWC-funded  
31 CCS be included in the Texas Rising Star program.

32  
33 Section 809.2(25) is amended to remove "voluntary" from the definition of the Texas Rising Star  
34 program, as this program is now a statutory requirement for CCS providers.

35  
36 Section 809.2(26) is amended to include "Entry Level" provider designation in the definition of a  
37 Texas Rising Star provider. Additionally, §809.2(26) is amended to clarify that star-level (Two-  
38 Star, Three-Star, and Four-Star) Texas Rising Star providers are considered to be "certified"  
39 providers throughout the rule language and "Entry Level" is considered to be a "designation."

40  
41 Section 809.2(27) is amended to include job search in the definition of working.

42  
43 **SUBCHAPTER B. GENERAL MANAGEMENT**

44 TWC proposes the following amendments to Subchapter B:

45  
46 **§809.13. Board Policies for Child Care Services**

1 Section 809.13 is amended to remove the list of required Board procedures and policies in  
2 subsection (c) as the required Board policies are described in other Chapter 809 sections. A  
3 comprehensive list of policies required in Chapter 809 as well as procedural requirements for  
4 Boards will be included in TWC's Child Care Services Guide and updated with any subsequent  
5 rule amendments that require Board policies.  
6

7 **§809.14. Coordination of Child Care Services**

8 Section 809.14 is amended to add subsection (c) pursuant to Texas Labor Code, §302.00436,  
9 requiring Boards to inform local school districts and open-enrollment charter schools of  
10 opportunities to partner with child care providers to expand access to and provide facilities for  
11 pre-K programs.  
12

13 **§809.15. Promoting Consumer Education**

14 Section 809.15(b)(2) is amended to change "CCL" to "CCR" as described in §809.2.  
15

16 **§809.16. Quality Improvement Activities**

17 Section 809.16(a) is amended to clarify that Board quality activities must be in accordance with  
18 the CCDF State Plan and to remove language regarding compliance with federal and state  
19 regulations as these requirements are reflected in the CCDF State Plan.  
20

21 **§809.18. Maintenance of a Waiting List**

22 Section 809.18 is amended to establish two new subsections. New subsection (a) will be  
23 effective October 1, 2023, and contains the waiting list maintenance provisions that are currently  
24 in rule with the following changes:

25 --New §809.18(a)(1) clarifies that the waiting list includes children, as well as parents.

26 --New §809.18(a)(3) clarifies, pursuant to §809.22, that children who are directly referred from a  
27 recognized pre-K or Head Start/Early Head Start partnership are exempted from the waiting list.  
28

29 New §809.18(b) will be effective October 1, 2023, and contains the amended provisions in new  
30 §809.18(a) and is further amended to remove the Board-determined process for determining the  
31 child is potentially eligible for services and the frequency in which parent information is updated  
32 and maintained. New §809.18(b)(4) creates a statewide policy to require that Boards contact the  
33 parent every three months and remove the child from the waiting list if the parent indicates that  
34 child care services are no longer required or does not respond to the Board regarding the  
35 continued need for child care services.  
36

37 **§809.19. Assessing the Parent Share of Cost**

38 Section 809.19 is amended to establish two new subsections. New subsection (a) will be  
39 effective October 1, 2023, and contains the PSoC provisions that are currently in rule with the  
40 following changes:

41 --New §809.19(a) removes the requirement that child care funded through non-CCDF sources  
42 must be assessed a PSoC.

43 --New §809.19(a)(2) clarifies that the Board policy regarding reimbursing providers if a parent  
44 fails to pay the parent share of cost must state whether or not the Board will reimburse the  
45 provider if the parent fails to pay. The new §809.19(a)(2) also combines the language in the  
46 current rule that if the Board policy does not reimburse the provider, then the Board may have a

1 policy that requires the parent to pay the provider prior to being redetermined for future TWC-  
2 funded child care services;  
3 --New §809.19(a)(10) adds blended care referrals as eligible for a PSoC reduction by Board  
4 policy.

5  
6 New subsection (b) will be effective October 1, 2023, and establishes a statewide PSoC policy.

7  
8 New §809.19(b) states that the PSoC must be assessed to all parents, except those parents  
9 exempted from the PSoC, and the amount is established by the Commission and determined on a  
10 sliding fee scale based on the family size and gross monthly income and represented by a  
11 percentage of the SMI.

12  
13 The Commission notes that the actual percentage of income to be used will be established,  
14 reviewed, and, if necessary, modified by the Commission on an annual basis as the annual SMI  
15 amounts are released.

16  
17 New §809.19(b) requires Boards to assess the PSoC in accordance with the amount established  
18 by the Commission.

19  
20 New §809.19(b) removes the requirement that Board policy include the general criteria for  
21 determining affordability of the Board's PSoC, as the PSoC is no longer determined or  
22 established by the Board. The amended rules remove the requirement that Boards have a  
23 definition of what constitutes frequent terminations and its process for assessing PSoC  
24 affordability.

25  
26 Similarly, because the Board no longer determines the PSoC, new §809.19(b) removes the  
27 requirement that Boards with frequent terminations for parent failure to pay the PSoC must  
28 reexamine its PSoC and adjust it to ensure the PSoC is not a barrier to assistance.

29  
30 The Commission notes that TWC will monitor and analyze terminations due to failure to pay the  
31 PSoC and evaluate the state PSoC policy to determine if changes are needed to ensure the  
32 amounts charged are a barrier to access.

### 33 34 **§809.20. Maximum Provider Reimbursement Rates**

35 Section 809.20(a)(2) is amended to be effective until October 1, 2023, and contains the  
36 reimbursement age groups currently in rule.

37  
38 Section 809.20(a) is amended to add new paragraph (3) to be effective October 1, 2023, and  
39 aligns the age groups for reimbursement with the age groups defined by CCR as required by  
40 amended Texas Government Code, §2308.315. The amended language adds new Board rates for  
41 Infants ages 12 through 17 months, Toddlers age 2 years, Preschool age 4 years, Preschool age 5  
42 years, and redefines school-age rates to start at six years (from the previous five years of age).

43  
44 Sections 809.20(b)(1), (c), and (d) are amended to state that the enhanced reimbursement rates  
45 are required for certified Texas Rising Star providers (Two-, Three- and Four-Star providers),  
46 which aligns with Texas Government Code, §2308.315(b-1) prohibiting providers at the Entry

1 Level designation from being eligible for the enhanced rate.

2  
3 Section 809.20(b)(2) is amended to include infants and toddlers for enhanced rates for providers  
4 participating in the Texas School Ready program for those age groups.

5  
6 New §809.20(g) is added to include in rule the current practice that Boards may establish a  
7 higher enhanced reimbursement rate for nontraditional hours, as defined by the Board.

8  
9 **SUBCHAPTER C. ELIGIBILITY FOR CHILD CARE SERVICES**

10 TWC proposes the following amendments to Subchapter C:

11  
12 **§809.41. A Child's General Eligibility for Child Care Services**

13 Section 809.41(a)(1)(B) is amended to establish a statewide policy that a child with disabilities  
14 under 19 years of age meets age eligibility for child care services. Currently, 27 of the 28 Boards  
15 allow eligibility for children with disabilities up to age 19.

16  
17 Section 809.41(a)(3)(A)(i) is amended to establish a statewide income limit of 85 percent of the  
18 state median income (SMI), which is the federal income limit. Accordingly, §809.41(e),  
19 regarding Boards that have initial income limits lower than 85 percent SMI, is removed.

20  
21 Section 809.41(a)(3)(B) is amended to allow job search as an allowable activity for child care  
22 services eligibility.

23  
24 Section 809.41(b) is amended to establish a statewide policy for parents enrolled in an  
25 educational program, which allows them to participate in CCS for a cumulative total of 60  
26 months. The limit applies only to parents enrolled in a full-time (as defined by the educational  
27 institution) education program. Accordingly, with the new 60-month requirement, §809.41(c)  
28 requiring four years of child care services for parents enrolled in a program leading to a high-  
29 growth, high-demand occupation is removed.

30  
31 Renumbered §809.41(c) is amended to change "postsecondary" to "undergraduate" degree to  
32 align with the new definition of an educational program in §809.2.

33  
34 Section 809.41(f), specifying that Subchapter C only applies to child care services using funds  
35 allocated to the Boards pursuant to §800.58 (Child Care and Development Fund), is removed.  
36 This provision is now included in §809.1.

37  
38 **§809.42. Eligibility Verification, Determination, and Redetermination**

39 Section 809.42(b) is amended to include the three-month initial job search eligibility period in  
40 new §809.56 as an exception to the 12-month eligibility period.

41  
42 **§809.44. Calculating Family Income**

43 Section 809.44(b)(5) is amended to include tax-related exemptions from the family income  
44 calculation and to clarify that all tax credits, not just the specified Earned Income Tax Credit  
45 (EITC) and the Advanced EITC, are exempted from the family income calculation. Section  
46 809.44(b)(5) is also amended to move onetime payments from this paragraph to new

1 §809.44(b)(20) related to one-time payments.

2  
3 **§809.48. Transitional Child Care**

4 Section 809.48(a)(3) is amended to clarify that the minimum weekly activity requirement of 50  
5 hours per week for a dual-parent family is a combined total from both parents. The Commission  
6 clarifies that there is no minimum activity requirement for each parent.

7  
8 Section 809.48 is amended to remove subsection (b) allowing Boards to establish a higher  
9 income limit for Transitional Child Care. This paragraph is no longer needed with the statewide  
10 income eligibility limit of 85 percent SMI established in §809.41.

11  
12 Relettered §809.48(d) is amended to change postsecondary to undergraduate to reflect the  
13 amended definition of an educational program in §809.2.

14  
15 **§809.50. At-Risk Child Care**

16 Section 809.50(a)(1) is amended to establish a statewide income limit of 85 percent SMI for At-  
17 Risk Child Care.

18  
19 Section 809.50(a)(2) is amended to clarify that the minimum weekly activity requirement of 50  
20 hours per week for a dual-parent family is a combined total from both parents. The Commission  
21 clarifies that there is no minimum activity requirement for each parent.

22  
23 Section 809.50(c) is amended to change postsecondary to undergraduate to reflect the amended  
24 definition of an educational program in §809.2.

25  
26 Section 809.50 is amended to remove subsection (e) which allows Boards to establish a higher  
27 income limit for teen parents and subsection (g) which allows Boards to establish a higher  
28 income limit for families with children enrolled in Head Start, Early Head Start, or public pre-K.  
29 These provisions are no longer needed with the statewide income eligibility limit of 85 percent  
30 SMI established in §809.41.

31  
32 Subsections are relettered accordingly.

33  
34 **§809.51. Child Care during Temporary Interruptions in Work, Education, or Job Training**

35 Section 809.51(a) is amended to include the three-month initial job search eligibility period in  
36 new §809.56 as an exception to the 12-month eligibility period.

37  
38 **§809.55. Waiting Period for Reapplication**

39 Section 809.55(a) is amended to remove specific paragraph citations in other sections of the  
40 rules.

41  
42 **§809.56. Child Care during Initial Job Search**

43 New §809.56 sets forth the requirements for child care during a parent's initial job search  
44 activities. Section 809.56(a) states that a parent, including a parent in a dual-parent family, is  
45 eligible for child care services at initial eligibility if the family does not meet the minimum  
46 participation requirements for At-Risk Child Care. Section 809.56(b) allows parents to self-attest

1 that the parent does not meet the At-Risk participation requirements.

2  
3 New §809.56(c) limits child care for job search to three months. Child care services will  
4 continue following this three-month period, if, by the end of the three months, the family meets  
5 the following activity requirements:

6 --25 hours for a single parent, with at least 12 hours in employment; or

7 --50 hours combined for dual-parent families, with at least 25 combined hours in employment.

8  
9 If the above participation requirements are met within or by the end of the three-month period,  
10 care will continue for 12 months, inclusive of the care provided during the initial job search  
11 period.

12  
13 New §809.56(d) sets forth the requirements for the PSoC during the initial job search period.  
14 Boards will initially assess the PSoC at the highest amount based on the family size and number  
15 of children in care. However, this assessed amount will immediately be temporarily reduced to  
16 zero. This reduction also applies to dual-parent families in which one parent is employed, but the  
17 family meets the requirements for job search child care (that is, the family is not meeting the At-  
18 Risk participation requirements). If the parent begins to meet the participation requirements  
19 described in §809.56(c), the PSoC will be reinstated at the initially assessed amount or the  
20 amount based on the actual family income, whichever is lower.

21  
22 New §809.56(e) limits child care during the initial job search period to one such period within a  
23 12-month period.

24  
25 New §809.56(f) requires Boards to ensure that the parent in child care job search:

26 --registers with the state's labor exchange system (currently, WorkInTexas.com); and

27 --has access the appropriate services available through the one-stop delivery network described  
28 in 40 TAC §801.28.

## 29 30 **SUBCHAPTER D. PARENT RIGHTS AND RESPONSIBILITIES**

31 TWC proposes the following amendments to Subchapter D:

### 32 33 **§809.71. Parent Rights**

34 Section 809.71(3) is amended to require that the information about transfer policies include the  
35 two-week waiting period before the effective date of a transfer, except in cases in which the  
36 provider is placed on corrective action by CCR, when the transfer is authorized by CPS for a  
37 child in protective services, or on a case-by-case basis as determined by the Board.

38  
39 Section 809.71(4), related to information on Board policies regarding providers charging parents  
40 additional amounts above the PSoC, is amended to clarify that the information must include  
41 providers charging any amounts above the assessed PSoC, not just an amount that makes up the  
42 full difference between the PSoC and the provider's published rate.

### 43 44 **§809.72. Parent Eligibility Documentation Requirements**

45 Section 809.72 is amended to allow a child whose parents are conducting an initial job search  
46 under the respective rule provisions for these conditions to receive child care services without the

1 parent first providing the Board's child care contractor with all information necessary to  
2 determine initial eligibility.

3  
4 **§809.73. Parent Reporting Requirements**

5 Section 809.73(a) is amended to clarify that parents in initial job search are only required to  
6 report items that impact a family's eligibility or that enable the Board or contractor to contact the  
7 family or pay the provider.

8  
9 **§809.75. Child Care during Appeal**

10 Section 809.75 is amended to correct a reference in §809.19 related to nonpayment of the PSoC  
11 as it relates to a parent appeal.

12  
13 **§809.78. Attendance Standards and Notice and Reporting Requirements**

14 Section 809.78 is amended to remove or clarify requirements for attendance tracking that are  
15 specific to the former automated attendance tracking or would be specific to a particular future  
16 automated attendance system.

17  
18 Section 809.78(a)(3) is amended to remove from unexplained absences any denied or rejected  
19 attendance recording in which the parent does not contact TWC's Child Care Services unit to  
20 report the issue.

21  
22 Section 809.78(a)(5) is amended to remove language related to using attendance cards and to  
23 include language stating that parents shall adhere to TWC procedures for reporting attendance  
24 and absences, including the use of the attendance reporting system.

25  
26 Section 809.78(a) is also amended to remove paragraphs (6) - (10) as these provisions apply  
27 specifically to the previous system's use of attendance cards or use of the previous automated  
28 attendance system.

29  
30 Section 809.78(d)(1) clarifies that the written notification of potential termination due to the  
31 failure to meet attendance standards should be provided "as soon as practicable" after the child  
32 reaches the 15- or 30-day cumulative absence threshold.

33  
34 **SUBCHAPTER E. REQUIREMENTS TO PROVIDE CHILD CARE**

35 TWC proposes the following amendments to Subchapter E:

36  
37 **§809.91. Minimum Requirements for Providers**

38 Section 809.91 is amended to include Texas Rising Star certification or Entry Level designation  
39 as a requirement to provide child care services. This section is also amended to remove  
40 references to the Pre-Star designation.

41  
42 **§809.92. Provider Responsibilities and Reporting Requirements**

43 Section 809.92(c) is amended to clarify that providers must not charge any amounts over the  
44 PSoC, not just the full difference between the PSoC and the provider's published rates, to parents  
45 who are exempt from the PSoC or have a zero PSoC assessment. This subsection is also  
46 amended to add parents in initial job search child care during the initial job search period.

1  
2 Section 809.92(d) is amended to also state that Boards may have a policy that allows providers to  
3 charge amounts above the PSoC to parents not included in the subsection (c) exemptions.

4  
5 New §809.92(e) requires Boards that allow providers to charge additional amounts pursuant to  
6 §809.92(d) to ensure that the provider reports to the Board each month the:  
7 --specific families that were charged an additional amount above the assessed amount;  
8 --frequency with which each family was charged; and  
9 --amount of each additional charge.

10  
11 New §809.92(f) is added to include the federal reporting requirements regarding polices allowing  
12 providers to charge parents above the PSoC amount. The new rule language requires Boards that  
13 have a policy allowing providers to charge such amounts to:  
14 --provide the rationale for the Board's policy, including a demonstration of how the policy  
15 promotes affordability and access for families; and  
16 --describe the Board's analysis of the interaction between the additional amounts charged to  
17 families with the required PSoC and the ability of current reimbursement rates to provide access  
18 to care without additional fees.

19  
20 **§809.93. Provider Reimbursement**

21 Section 809.93(f) is amended to add in rule the current practice of blended-day enrollment  
22 authorizations. The rule language clarifies that the blended-day referrals are for children enrolled  
23 in a school program, pre-K, Head Start, or Early Head Start, in which child care is part-time with  
24 care provided occasionally on a full-day basis. The Commission clarifies that there is not a  
25 requirement in rules that providers accept part-day care as a prerequisite to receive blended-day  
26 referrals. The part-day rate, however, is used in the calculation for the blended-day rate.

27  
28 Accordingly, the amendment removes §809.93(h) prohibiting providers from being paid less  
29 with a child enrolled in full-day care who occasionally attends part-day, or more when a part-day  
30 child occasionally attends full-day. These occasional days should be reviewed and changed to a  
31 blended-day referral if applicable.

32  
33 New §809.93(j) is added to require Boards to pay providers prospectively every two weeks based  
34 on the monthly enrollment authorization. The Commission notes that this provision is effective  
35 October 1, 2023.

36  
37 **§809.94. Providers Placed on Corrective or Adverse Action by Child Care Regulation**

38 Section 809.94 is amended to update the change of the child care licensing entity to Child Care  
39 Regulation.

40  
41 Section 809.94(e), regarding providers appealing an Adverse Action by CCR but remain open  
42 under a court order, is removed as providers appealing an Adverse Action are prohibited from  
43 continuing operations by SB 764.

44  
45 **§809.95. Provider Automated Attendance Agreement**

46 Section 809.95 is amended to remove references specific to the former automated attendance

1 system. The amended language states that owners, directors, assistant directors, or other provider  
2 employees must not have access to a parent's information to access TWC's automated attendance  
3 system. The language is general and does not specify any specific type of future automated  
4 attendance system.

5  
6 **§809.96. Contracted Slots Agreements**

7 Section 809.96(e)(1)(A) is amended to reference a child care desert, which is now defined in new  
8 §809.2(4). The definition of a child care desert in new §809.2(4) includes the language  
9 previously specified in §809.96(e)(1)(A). Section 809.96(e)(2) and (3) are amended to clarify  
10 that eligibility for contracted slots include "recognized" pre-K, Early Head Start, and Head Start  
11 partnerships, which are defined in §809.22.

12  
13 Section 809.96(f) is amended to remove the reference to Board policies in §809.13(c) as that  
14 subsection is removed.

15  
16 Section 809.96(i) is amended to change the Board contracted slots reporting requirement from  
17 six to 12 months pursuant to amended Texas Labor Code, §302.0461(d).

18  
19 **SUBCHAPTER F. FRAUD FACT-FINDING AND IMPROPER PAYMENTS**

20 TWC proposes the following amendments to Subchapter F:

21  
22 **§809.112. Suspected Fraud**

23 Section 809.112(b)(2) is amended to include reporting requirements during the three-month  
24 initial job search period.

25  
26 **§809.115. Corrective Adverse Actions**

27 Section 809.115(d) is amended to remove language specific to the former automated attendance  
28 system.

29  
30 **SUBCHAPTER G. TEXAS RISING STAR PROGRAM**

31 TWC proposes the following amendments to Subchapter G:

32  
33 **§809.130. Short Title and Purpose**

34 Section 809.130(b) is amended to include Entry Level providers in the purpose of Subchapter G.

35  
36 Section 809.130(d) is amended to add language that the Texas Rising Star guidelines distinguish  
37 certified Texas Rising Star providers (Two-, Three-, and Four-Star providers) from designated  
38 Entry Level providers.

39  
40 **§809.131. Requirements for the Texas Rising Star Program**

41 Section 809.131 is amended to change the section name from "Eligibility for the Texas Rising  
42 Star Program" to "Requirements for the Texas Rising Star Program." This change is made to  
43 emphasize that Texas Rising Star is a mandatory program for child care services providers that  
44 meet the requirements of Subchapter G and the Texas Rising Star guidelines.

45  
46 New §809.131(a) outlines the requirements for Texas Rising Star certification. The new

1 subsection retains the previous requirements for application to the Texas Rising Star program,  
2 namely, that the provider:  
3 --has a permanent (nonexpiring) license or registration from CCR;  
4 --has at least 12 months of licensing history with CCR, and is not on:  
5 ----corrective action with a Board;  
6 ----a "Notice of Freeze" with the Commission pursuant to Texas Labor Code, Chapter 213  
7 (Enforcement of the Texas Unemployment Compensation Act) or Chapter 61 (Payment of  
8 Wages); or  
9 ----corrective or adverse action with CCR; or  
10 --is regulated by and in good standing with the United States Military.

11  
12 New §809.131(a) removes the former requirements that the provider must meet the Pre-Star  
13 designation and adds that the provider must meet the criteria for star-level (Two-, Three- or  
14 Four-Star) certification in the Texas Rising Star guidelines.

15  
16 New §809.131(a) requires that Texas Rising Star-certified provider's center director is registered  
17 in the Texas Early Childhood Professional Development System Workforce Registry (workforce  
18 registry). The new rule language removes the former requirement that teaching staff are also  
19 registered in the workforce registry.

20  
21 New §809.131(b) contains the requirements for Entry Level designation.

22  
23 Regulated child care providers not meeting the Texas Rising Star certification requirements in  
24 §809.131 shall be initially designated as Entry Level if the child care provider:  
25 --is not on corrective or adverse action with CCR; and  
26 --does not exceed the points threshold for high and medium-high CCR deficiencies within the  
27 most recent 12-month period as established in the guidelines.

28  
29 New §809.131(c) states that providers meeting the Entry Level designation is eligible for  
30 mentoring services.

31  
32 New §809.131(d) states that the Entry Level designation is limited to an initial 24 months, unless  
33 approved for a waiver.

34  
35 New §809.131(e) sets forth the time periods for Entry Level--designated providers to be  
36 reviewed for Texas Rising Star certification. The rule language states that Entry Level providers  
37 will be reviewed for Texas Rising Star certification after the first 12 months of the 24-month  
38 period. If an Entry Level provider is not certified after the first 12 months, the provider may  
39 receive up to two six-month extensions and:  
40 --shall continue to receive new family referrals during the first six-month extension; and  
41 --if a provider requires a second six-month extension, shall not receive new family referrals  
42 during the second six-month extension.

43  
44 New §809.131(f) and (g) sets forth the criteria for an Entry Level extension waiver. Section  
45 809.131(f) allows TWC to approve a waiver of the 24-month Entry Level time limit, if the  
46 provider is:

1 --located in a "child care desert" or an "underserved" area described in §809.96(e)(1);  
2 --unable to meet the certification requirements due to a federal- or state-declared  
3 emergency/disaster; or  
4 --unable to meet the certification requirements due to conditions that TWC determines are  
5 outside of the provider's control.

6  
7 **§809.132. Impacts on Texas Rising Star Certification**

8 Because state statute requires providers participating in the CCS program to be certified as Texas  
9 Rising Star, a certified program that drops below a Two-Star level due to licensing deficiencies  
10 or non-compliance with Texas Rising Star standards, falls into a unique category of being a  
11 certified provider, but with suspended certification and not eligible for enhanced reimbursement  
12 or Entry Level designation.

13  
14 Section 809.132(a) is amended to state that certified Texas Rising Star providers will be placed  
15 on a "suspension status" for certain deficiencies, namely, if the provider:

- 16 --is placed on corrective action with a Board;
- 17 --is under a "Notice of Freeze" with the Commission pursuant to Texas Labor Code, Chapter 213  
18 (Enforcement of the Texas Unemployment Compensation Act) or Chapter 61 (Payment of  
19 Wages);
- 20 --is placed on corrective or adverse action by CCR;
- 21 --had 15 or more total high or medium-high weighted licensing deficiencies during the most  
22 recent 12-month licensing history;
- 23 --had more than four probationary impacts during its three-year certification period;
- 24 --had a consecutive third probationary impact;
- 25 --is cited for specified CCR minimum standards regarding weapons and ammunition; or
- 26 --is not meeting at least the Two-Star level due to noncompliance with Texas Rising Star  
27 guidelines at the most recent assessment of certification.

28  
29 Section 809.132(b) regarding licensing deficiencies listed in the Texas Rising Star guidelines  
30 that result in a "star-level drop" is amended to reflect the change that a Two-Star certified  
31 provider will be placed on suspension status for the applicable licensing deficiencies.

32  
33 Section 809.132(c) and (d) regarding licensing deficiencies listed in the Texas Rising Star  
34 guidelines that result in a second probation period are amended to reflect the change that a Two-  
35 Star certified provider will be placed on suspension status.

36  
37 Section 809.132(e) relating to reinstatement at the former star level is amended to clarify that this  
38 provision is for certified providers that are not on suspension status. This primarily relates to  
39 Three- or Four-Star providers that have a star-level drop to Two- or Three-Star respectively, as  
40 these providers are not placed on suspension status.

41  
42 New §809.132(f) - (i) set forth the conditions for certified providers on suspension status.

43  
44 Amended §809.132(f) states that providers on suspension status are eligible to request a  
45 reassessment after six months following the suspension date, as long as no deficiencies in  
46 subsections (b) - (d) are cited during the previous six months. The six months is to allow

1 sufficient time to demonstrate that the provider's licensing history will not preclude the provider  
2 from eligibility. This is similar to the former requirement that providers dropping below a Two-  
3 Star level must wait six months before reapplying for the Texas Rising Star program. The  
4 Commission notes that providers can be assessed for certification at any time after the six  
5 months in which they meet eligibility and screening requirements.

6  
7 New §809.132(g) states that providers on suspension status must achieve at least a Two-Star  
8 certification no later than 12 months following the suspension and failure to achieve at least a  
9 Two-Star certification will result in the provider's ineligibility to provide subsidized child care  
10 services.

11  
12 New §809.132(h) states that providers on suspension status are:

13 --eligible to provide subsidized child care services as long as the provider meets the Entry Level  
14 criteria;

15 --not eligible for the enhanced reimburse rate and will be reimbursed at the Board's Entry Level  
16 reimbursement rate; and

17 --not able to receive referrals from a new family during the last six months of the 12-month  
18 period unless the provider is located in a child care desert or serves an underserved population  
19 and is approved by TWC to accept new family referrals.

20  
21 New §809.132(i) states that providers on suspension status and not achieving recertification by  
22 the end of the 12-month period are not eligible to provide TWC-funded child care services, are  
23 not eligible for Entry Level designation, and must subsequently meet Texas Rising Star  
24 certification eligibility and screening requirements to provide CCS.

25  
26 **§809.133. Application and Assessments for the Texas Rising Star Certification**

27 Section 809.133 is amended to describe the separate roles of the Boards for mentoring and the  
28 new TWC-designated statewide entity for conducting assessments. The following sections are  
29 amended to move responsibility from the Board to the statewide entity.

30  
31 Section 809.133(b) is amended to clarify that TWC's designated assessment entity is responsible  
32 for the following application and certification requirements:

33 --Written acknowledgment of receipt of the application and self-assessment is sent to the  
34 provider;

35 --Within 20 days of receipt of the application, the provider is sent an estimated time frame for  
36 scheduling the initial assessment;

37 --An assessment is conducted for any provider that meets the eligibility requirements in  
38 §809.131 and requests certification to participate in the Texas Rising Star program; and

39 --Texas Rising Star certification is granted for any provider that is assessed and verified as  
40 meeting the Texas Rising Star provider certification criteria set forth in the Texas Rising Star  
41 guidelines.

42  
43 Section 809.133(c) is amended to clarify that TWC's designated assessment entity is responsible  
44 for the following assessment requirements:

45 --On-site assessment of 100 percent of the provider classrooms at the initial assessment for  
46 certification and at each scheduled recertification; and

1 --Recertification of all certified providers every three years.

2  
3 Section 809.133(d) is amended to clarify that TWC's designated assessment entity is responsible  
4 for the following monitoring requirements:

5 --At least one unannounced on-site visit; and

6 --A review of the provider's licensing compliance as described in §809.132.

7  
8 Sections 809.133(e) and (f) are amended to clarify that TWC's designated assessment entity is  
9 responsible for complying with the process and procedures in the Texas Rising Star guidelines  
10 for:

11 --conducting assessment of nationally accredited facilities and facilities operated by the United  
12 States Military; and

13 --conducting assessments of certified Texas Rising Star providers that have a change of  
14 ownership, move, or expand locations.

15  
16 **§809.134. Minimum Qualifications for Texas Rising Star Staff**

17 Section 809.134 is amended to clarify the minimum qualifications specific to Board mentor staff,  
18 qualifications specific to the statewide entity assessor staff, and qualifications applying to both  
19 mentors and assessors.

20  
21 New §809.134(a) states that Boards and the statewide assessment entity are responsible for  
22 ensuring that Texas Rising Star staff:

23 --meet the CCR background check requirement consistent with Chapter 745 (formerly in  
24 §809.134(e)); and

25 --complete the Texas Rising Star standards training, as described in the Texas Rising Star  
26 guidelines (formerly in §809.134(g)(1)).

27  
28 Relettered §809.134(b) is amended to clarify that mentor staff must meet the minimum  
29 education, experience, and microcredentialing requirements in relettered §809.134(c) - (f).

30  
31 Renumbered §809.134(c)(3), relating to the requirements for mentors with associate degrees, is  
32 amended to state that the mentor must also have two years of "suitable" experience in early  
33 childhood education, as determined by the Board. The former language required that mentors  
34 with associate degrees be required to have two years of experience as a director in an early  
35 childhood program.

36  
37 New §809.134(f) requires that all mentors must attain mentor microcredentialing as described in  
38 the Texas Rising Star guidelines (formerly in §809.134(g)(3)).

39  
40 Section 809.134(g) is amended to retain only the requirement that assessors attain and maintain  
41 the Texas Rising Star Assessor Certification, as described in the guidelines.

42  
43 Section 809.134(f), regarding all Texas Rising Star staff to demonstrate early childhood  
44 education knowledge and best practices and an understanding of early childhood evaluations,  
45 observations, and assessment tools for both teachers and children, is removed, as these practices  
46 are demonstrated through the mentor microcredentialing and assessor certifications.

1  
2 **§809.135. Texas Rising Star Process for Reconsideration**

3 Section 809.135 is amended to clarify that the statewide assessment entity is responsible for  
4 ensuring that there is a process for reconsiderations of a facility assessment.  
5

6 **§809.136. Roles and Responsibilities of Texas Rising Star Staff**

7 Section 809.136 is amended to clarify and separate the roles of mentor and assessor staff.  
8

9 Section 809.136(1) is amended to specify that a mentor is a Board or Board contractor staff  
10 member.  
11

12 Section 809.136(2) is amended to specify that an assessor is a staff member or contractor of the  
13 statewide assessment entity.  
14

15 Section 809.136(3) is amended to clarify that a "dual-role" staff member is an individual who  
16 meets the definition of both mentor and assessor staff.  
17

18 Section 809.136(4) is amended to state that both the Board and the statewide assessment entity  
19 are responsible for ensuring that "dual-role" mentoring staff members do not perform the  
20 assessment function of the same provider, and that assessment staff members do not perform  
21 mentoring for the same provider.  
22

23 **PART III. IMPACT STATEMENTS**

24 Chris Nelson, Chief Financial Officer, determined that for each year of the first five years the  
25 rules will be in effect, the following statements will apply:  
26

27 There are no additional estimated costs to the state and to local governments expected as a result  
28 of enforcing or administering the rules.  
29

30 There are no estimated cost reductions to the state and to local governments as a result of  
31 enforcing or administering the rules.  
32

33 There are no estimated losses or increases in revenue to the state or to local governments as a  
34 result of enforcing or administering the rules.  
35

36 There are no foreseeable implications relating to costs or revenue of the state or local  
37 governments as a result of enforcing or administering the rules.  
38

39 There are no anticipated economic costs to individuals required to comply with the rules.  
40

41 There is no anticipated adverse economic impact on small businesses, microbusinesses, or rural  
42 communities as a result of enforcing or administering the rules.  
43

44 Based on the analyses required by Texas Government Code, §2001.024, TWC has determined  
45 that the requirement to repeal or amend a rule, as required by Texas Government Code,  
46 §2001.0045, does not apply to this rulemaking.

1  
2 Takings Impact Assessment

3 Under Texas Government Code, §2007.002(5), "taking" means a governmental action that  
4 affects private real property, in whole or in part or temporarily or permanently, in a manner that  
5 requires the governmental entity to compensate the private real property owner as provided by  
6 the Fifth and Fourteenth Amendments to the United States Constitution or the Texas  
7 Constitution, Article I, §17 or §19, or restricts or limits the owner's right to the property that  
8 would otherwise exist in the absence of the governmental action, and is the producing cause of a  
9 reduction of at least 25 percent in the market value of the affected private real property,  
10 determined by comparing the market value of the property as if the governmental action is not in  
11 effect and the market value of the property determined as if the governmental action is in effect.  
12 TWC completed a Takings Impact Analysis for the proposed rulemaking action under Texas  
13 Government Code, §2007.043. The primary purpose of this proposed rulemaking action, as  
14 discussed elsewhere in this preamble, is to comply with statutory changes resulting from the 87th  
15 Texas Legislature, Regular Session (2021), and to provide program improvements and  
16 operational consistency.

17  
18 The proposed rulemaking action will not create any additional burden on private real property or  
19 affect private real property in a manner that would require compensation to private real property  
20 owners under the United States Constitution or the Texas Constitution. The proposal also will  
21 not affect private real property in a manner that restricts or limits an owner's right to the property  
22 that would otherwise exist in the absence of the governmental action. Therefore, the proposed  
23 rulemaking will not cause a taking under Texas Government Code, Chapter 2007.

24  
25 Government Growth Impact Statement

26 TWC determined that during the first five years the rules will be in effect, they:

- 27 --will not create or eliminate a government program;
- 28 --will not require the creation or elimination of employee positions;
- 29 --will not require an increase or decrease in future legislative appropriations to TWC;
- 30 --will not require an increase or decrease in fees paid to TWC;
- 31 --will create a new regulation;
- 32 --will not expand, limit, or eliminate an existing regulation;
- 33 --will not change the number of individuals subject to the rules; and
- 34 --will not positively or adversely affect the state's economy.

35  
36 Economic Impact Statement and Regulatory Flexibility Analysis

37 TWC determined that the rules will not have an adverse economic impact on small businesses or  
38 rural communities, as the proposed rules place no requirements on small businesses or rural  
39 communities. The rules govern child care providers that voluntarily participate in TWC-funded  
40 child care services.

41  
42 Mariana Vega, Director, Labor Market Information, determined that there is not a significant  
43 negative impact upon employment conditions in the state as a result of the rules.

44  
45 Reagan Miller, Director, Child Care and Early Learning, determined that for each year of the  
46 first five years the rules are in effect, the public benefit anticipated as a result of enforcing the

1 proposed rules will be to improve program quality, efficiency, and operational consistency.

2  
3 TWC hereby certifies that the proposal has been reviewed by legal counsel and found to be  
4 within TWC's legal authority to adopt.  
5

6 **PART IV. COORDINATION ACTIVITIES**

7 In the development of these rules for publication and public comment, TWC sought the  
8 involvement of Texas' 28 Boards and stakeholders. TWC conducted several calls with Boards  
9 and stakeholders prior to the development of the policy concept. TWC provided the policy  
10 concept regarding these rule amendments to the Boards and stakeholders for consideration and  
11 review on December 21, 2021. TWC also conducted a conference call with Board executive  
12 directors and Board staff on January 14, 2022, to discuss the policy concept. During the  
13 rulemaking process, TWC considered all information gathered in order to develop rules that  
14 provide clear and concise direction to all parties involved.  
15

16 **PART V. PUBLIC COMMENT**

17 Comments on the proposed rules may be submitted to [TWCPolicyComments@twc.texas.gov](mailto:TWCPolicyComments@twc.texas.gov)  
18 and must be received no later than May 31, 2022.  
19

20 **PART VI. STATUTORY AUTHORITY**

21 The rules are proposed under Texas Labor Code, §301.0015 and §302.002(d), which provide  
22 TWC with the authority to adopt, amend, or repeal such rules as it deems necessary for the  
23 effective administration of TWC services and activities.  
24

25 The proposed rules affect Texas Labor Code, Title 4, particularly Chapters 301 and 302, as well  
26 as Texas Government Code, Chapter 2308.

2 exemption under subparagraph (B) of this paragraph ~~(2) of this~~  
3 ~~subsection~~ applies;

27 (V)(v) upon resumption of work, job training, or education  
28 activities following temporary changes described in  
29 §809.51(a)(2) of this chapter, and upon resumption of

22  
23 (2)(e) A Board shall establish a policy stating whether or not the Board will

10  
11 ~~(4)(e)~~ A Board with frequent terminations of care for lack of payment of the parent

13 are not a barrier to assistance for families at certain income levels.

14  
15 ~~(f) A Board that does not have a policy to reimburse providers when parents fail to~~  
16 ~~pay the parent share of cost may establish a policy to require the parent to pay~~  
17 ~~the provider before the family can be redetermined eligible for future child care~~  
18 ~~services.~~

19  
20 ~~(5)(g)~~ The Board or its child care contractor may review the assessed parent share

29 contractor shall not waive the assessed parent share of cost under any  
30 circumstances.

34 the parent a minimum share of cost amount.

36 ~~(8)(j)~~ A Board may establish a policy to reduce the parent share of cost amount  
37 assessed pursuant to paragraph (1)(A)(ii) of this subsection ~~(a)(1)(B) of this~~

41 ~~(A)(1)~~ that the parent continues~~continue~~ to receive the reduction if:

42  
43 ~~(i)(A)~~ the Texas Rising Star provider loses Texas Rising Star

1 area and no Texas Rising Star--certified providers are available  
2 to meet the needs of the parent's changed circumstances; and  
3

4 (B)(2) ~~that~~ the parent no longer receives the reduction if the parent  
5 voluntarily transfers the child from a Texas Rising Star--certified  
6 provider to a non-Texas Rising Star--certified provider.  
7

8 (9)(k) A Board may establish a policy to reduce the parent share of cost amount  
9 assessed pursuant to paragraph (1)(A)(ii) of this subsection ~~(a)(1)(B) of this~~  
10 ~~section~~ upon the child's referral for part-time or blended care. Such Board

14 full-time care; and  
15

16 (B)(2) a parent who qualifies for a reduction in parent share of cost for both  
17 selecting a Texas Rising Star--certified provider (as defined in paragraph

9 (V) upon resumption of work, job training, or education activities  
10 following temporary changes described in §809.51(a) of this

7 parent share of cost pursuant to subparagraph (B) of this paragraph, and a  
8 possible temporary reduction pursuant to paragraph (4) of this subsection

27 this subsection, then the Board or its child care contractor shall not waive the  
28 assessed parent share of cost under any circumstances.

29  
30 (6) If the parent share of cost, based on family income and family size, is

33  
34 (7) A Board may establish a policy to reduce the parent share of cost amount  
35 assessed pursuant to paragraph (1)(A) of this subsection upon the parent's  
36 selection of a Texas Rising Star--certified provider. Such Board policy shall  
37 ensure:

38

42 or

43  
44 (ii) the parent moves or changes employment within the workforce area  
45 and no Texas Rising Star--certified providers are available to meet  
46 the needs of the parent's changed circumstances; and

1  
2 (B) the parent no longer receives the reduction if the parent voluntarily  
3 transfers the child from a Texas Rising Star--certified provider to a non-  
4 Texas Rising Star--certified provider.

5  
6 (8) A Board may establish a policy to reduce the parent share of cost amount  
7 assessed pursuant to paragraph (1)(A) of this subsection upon the child's  
8 referral for part-time or blended care. Such Board policy shall ensure that:

9  
10 (A) the parent no longer receives the reduction if the referral is changed to  
11 full-time care; and

12  
13 (B) a parent who qualifies for a reduction in parent share of cost for both  
14 selecting a Texas Rising Star--certified provider (as defined in paragraph  
15 (7) of this subsection) and a child's part-time or blended care referral will  
16 receive the greater of the two discounts.

23 access to child care in the local market and in a manner consistent with state and  
24 federal statutes and regulations governing child care. At a minimum, Boards shall  
25 establish reimbursement rates for full-day and part-day units of service, as described

28  
29 (c) The minimum enhanced reimbursement rates established under subsection (b) of this  
30 section shall be greater than the maximum rate established for providers not meeting

7 cost of the additional staff or equipment needed by a child with disabilities. The  
8 Board shall ensure that a professional, who is familiar with assessing the needs of  
9 children with disabilities, certifies the need for the higher reimbursement rate  
10 described in this subsection.

11  
12 (f) The Board shall determine whether to reimburse providers that offer transportation as  
13 long as the combined total of the provider's published rate, plus the transportation  
14 rate, is subject to the maximum reimbursement rate established in subsection (a) of  
15 this section.

16  
17 (g) A Board may establish a higher enhanced reimbursement rate for nontraditional  
18 hours, as defined by the Board.

29 temporary change in accordance with subsection (a)(2) of this section. However,  
30 Boards must ensure that care continues at the same level for a period of not less than  
31 three months after such loss of work or cessation of attendance at a job training or

2 months, eligibility will continue for a total of 12 months, inclusive of the care  
3 provided during the initial job search period. If the family does not meet minimum  
4 activity requirements under this subsection within three months, care must be  
5 terminated.

11 based on the family size and number of children in care.

12  
13 (2) The initially assessed amount will immediately be temporarily reduced to zero.  
14 This provision also applies to dual-parent families in which one parent is  
15 employed but the family meets the requirements in subsection (a) of this  
16 section for child care during initial job search.

19 section within or by the end of the three-month job search period, the parent  
20 share of cost shall be reinstated at the initially assessed amount or the amount  
21 based on the actual family income, whichever is lower.

38  
39 (b) Boards shall ensure that parents sign a written acknowledgment indicating their
