

1 **Subsequent Certification for Local Workforce Development Boards**
2 **Discussion Paper**

3 **Background**

4 In accordance with the Workforce Innovation and Opportunity Act (WIOA) §107(c)(2)(A), the
5 governor must certify one Local Workforce Development Board (Board) for each workforce
6 development area every two years. This certification process validates that each Board meets the
7 required composition criteria, and its workforce investment activities support the workforce area
8 in meeting WIOA performance accountability measures.

9 **Issue**

10 Staff have reviewed all 28 Boards to ensure that each Board meets the Board creation,
11 appointment, and composition requirements set forth in Texas Government Code §§2308.253,
12 2308.255, and 2308.256, and have determined that each of the Boards are in compliance with
13 subsequent certification requirements.

14 **Recommendation**

15 Staff recommends submitting to the governor TWC’s subsequent certification approval request
16 for all 28 Boards.
