

Texas Unemployment System (TxUS) UI Tax Modernization

Resumes: A New Era of Efficiency for Texas Employers

The Texas Workforce Commission (TWC) is excited to announce the resumption of the Texas Unemployment System (TxUS) UI Tax Modernization project. After a two-year pause, the project is moving forward with a continued commitment to streamlining and enhancing the UI tax experience for Texas employers.

What's New:

This project will introduce a brand-new, web-based platform designed to make managing UI tax accounts easier and more efficient for Texas employers and their designated agents. This new system will replace the current UI Tax Registration (UTR) and UI Tax Services (UTS) systems, offering these benefits:

- **Simplified Navigation:** The new platform will be easy to use, making the UI tax process smoother and more efficient.
- **One-Stop Access:** All UI tax processes will be centralized in one location, eliminating the need for multiple platforms and streamlining the experience.
- **Enhanced Functionality:** The new system will offer improved features and tools, empowering employers to manage their UI tax obligations with greater ease and efficiency.

The Future of UI Tax: Updates and Information

The TxUS UI Tax Modernization project is underway, and TWC is committed to keeping everyone informed about its progress. Here's what you need to know:

- **Revised Go-Live Date:** A new go-live date is still being determined. We will provide updates via email and on our website.
- **Project Updates:** You can stay informed about the project by visiting the TxUS Announcements page on our [website](#).

TWC Commitment: TWC is dedicated to delivering a modern, efficient, and user-friendly unemployment system for Texas employers.

This project represents a significant investment in the future of Texas' unemployment system. We appreciate your patience and understanding as we work to improve the experience for everyone.

Where to Get More Information
