

Preparing for the New Texas Unemployment System (TxUS)

Important Update: In early 2026, TWC is transitioning to a new consolidated Texas Unemployment Insurance (UI) System, TxUS. This will replace existing tax systems and public-facing web applications.

*** Action Requested***

To ensure a smooth transition, please take the following steps:

1. **Login to your Unemployment Tax Services account:** [UTS Log On](#)
2. **Review the information:** Account Info > Quick Links Box > Update TWC account
 - **Verify and update, if needed:**
 - Mailing address
 - Phone number
 - Payroll address

New Resources Coming Soon:

New System Credentialing Process: A new authentication process will be implemented when TxUS goes live in 2026. You will need to create a new user ID, password, and security questions within the TxUS system. This applies to both individual employers and those represented by third-party administrators (TPAs) or Agents. Further details will be provided in the coming months.

Training: TWC will provide instructional videos and job aids on using TxUS. These will cover topics such as filing reports, making payments, changing addresses, creating agent accounts, and registering as a new employer. The videos and job aides will be available before Go Live on the TWC website [Texas Unemployment System \(TxUS\) Announcement](#).

New System File Specifications for TxUS: The file specifications for TxUS are available on the [TWC website](#). Please note these specifications are for the new system only, which will launch in 2026.

TWC will continue to provide updates regarding the TxUS transition. Please visit the [TWC website](#) for the latest information and resources.

Sincerely,

The Texas Workforce Commission (TWC)
