Join us to raise awareness and promote safety for individuals who are visually impaired. This event is a fantastic opportunity to learn more about the significance of using a white cane, connect with community resources, and support an inclusive and accessible environment for all. Mark your calendars and come be a part of this important educational awareness celebration!

This activity is funded by a grant award totaling \$362,073 (100%) from the US Department Health and Human Services with \$0 (0%) financed from non-federal sources.
