

Metrix Certification Tracks— Comprehensive Assistance Costs

Note: The costs listed below are provided to Local Workforce Development Boards (Boards) for information only.

Using Workforce Innovation and Opportunity Act (WIOA) statewide funds, the Texas Workforce Commission (TWC) has contracted with Metrix Learning™ (Metrix) to make available to eligible individuals job readiness skills activities and other online courses. Additionally, Boards may refer qualified participants to Metrix for certification assistance services. The amounts listed below represent the full cost of Metrix certification assistance. TWC will pay these costs for eligible WIOA statewide participants enrolled in accordance with WD Letter 28-23, Change 4.

Board Metrix liaisons may not refer eligible individuals selected for Metrix certification assistance to certifications@metrixlearning.com later than July 1, 2025.

The tracks listed below are available for Metrix industry certification assistance and training enrollment. TWC considers Metrix courses that are not directly connected to certification assistance to be short-term work readiness skills activities.

Note: The table below identifies Metrix certification tracks with practice tests in blue. Certification tracks with practice tests have a course completion deadline of July 31, 2025. Certification tracks without practice tests have a course completion deadline of August 15, 2025.
