Adult Education and Literacy Letter

ID/No: AEL 01-20, Change 1
Date: May 5, 2020
Keyword: AEL; WIOA
Effective: Immediately

To: Adult Education and Literacy Grant Recipients
   Adult Education and Literacy Special Project Grantees
   Local Workforce Development Board Executive Directors
   Commission Executive Offices
   Integrated Service Area Managers

From: Courtney Arbour, Director, Workforce Development Division

Subject: Program Year 2019–2020 AEL Enrollment and Performance Targets—Update

Purpose:

The purpose of this AEL Letter is to provide Adult Education and Literacy (AEL) grantees1 with updated information and guidance on Program Year 2019–2020 (PY’19–’20) enrollment and performance targets based on the target renegotiations conducted with AEL grantees in February 2020. The objective of the target renegotiations was to be responsive to local needs based on enrollment trends during summer and fall 2020.

TWC understands that the efforts to slow the spread of COVID-19 will greatly impact performance on many measures. AEL performance results will be impacted by disruptions in service delivery due to COVID-19, which will impact enrollments and all WIOA measures resulting from reduced access and demand for services, as well as challenges with data entry. It is too early to know what the full impact of COVID-19 will be, and TWC is monitoring the situation to determine the appropriate recommendations to our providers related to performance. These recommendations will be informed by what the data actually show, and no grantee will fail performance solely as a result of COVID-19 and the related efforts to slow its spread.

Attachment 1 lists revised enrollment targets and includes carryforward targets from PY’18–’19. Attachment 2 outlines the original and updated targets for grantees who elected to renegotiate. Attachment 3 outlines the unchanged performance targets for grantees. Attachment 4 is a desk aid that will help grantees enter data correctly into the

---

1 For the purposes of this AEL Letter, AEL grantees are entities that receive AEL funds through the Texas Workforce Commission (TWC).
Texas Workforce Commission’s (TWC) statewide data system, Texas Educating Adults Management System (TEAMS).

RESCISSIONS:
None

BACKGROUND:
In AEL PY’18–’19, TWC contracted three sets of targets to AEL grantees, as awarded under Request for Proposals 320-18-01, for statewide AEL service delivery. These targets included participant enrollment targets, Measurable Skill Gains (MSGs), and employment and credential-based exit-based outcomes. On July 1, 2019, Year 2 contracts for these AEL statewide grants began, and in July and August 2019, TWC worked with grantees to negotiate the participant enrollment targets for PY’19–’20 using a negotiation tool.

Initial Program Year 2019–2020 Targets
On August 27, 2019, TWC’s three-member Commission (Commission) approved the PY’19–’20 AEL Participants Served targets, which include carryforward targets from PY’18–’19, MSG targets, and exit-based outcomes. The Commission also approved the renegotiation of enrollment targets during the program year, as appropriate, to account for shifts in demand and program development.

Renegotiated Program Year 2019–2020 Mid-Year Target
In February 2020, TWC offered grantees the opportunity to renegotiate PY’19–’20 Participants Served targets conducted in coordination with the grantees. This was a new model for AEL performance management, which was designed to be responsive to local needs based on enrollment trends during summer and fall 2020.

To facilitate the renegotiation, staff developed a tool that allowed grantees to look at their original targets and progress toward those goals. The renegotiations used the same service delivery tiers and cost-per assumptions as in the 2021 Legislative Appropriations Request, which was used to determine the original targets. Those tiers and cost assumptions include:

- Tier I Basic AEL services at $606 cost-per participant;
- Tier II Intensive AEL services, such as Workplace Literacy, Internationally Trained Professionals, Transition to Reentry, and Post Release Services at $1,106 cost-per participant; and
- Tier III Integrated Education and Training (IET) services, which include EL Civics IET (also called Integrated EL Civics), at $2,406 cost-per participant.

Federal MSG Targets
Although the Commission approved renegotiated grantee Participants Served targets, MSG targets remain the same as those approved on August 27, 2019, for PY’19–’20.

In 2018, TWC negotiated MSG targets with the Office of Career, Technical, and Adult Education (OCTAE), setting separate targets for each of the twelve Educational
Functioning Levels (EFLs). The MSG measure, which includes all participants served during a program year, requires participants to achieve an MSG by the end of the program year, or June 30th.

To ensure that AEL meets these statewide federal MSG targets, TWC staff proposed applying subtargets for each of the EFLs based on different cohorts of participants. Historically, TWC has found that individuals who become participants in the last quarter of the AEL program year have lower outcomes, or are less likely to achieve an MSG, than those who become participants earlier in the year. For this reason, staff proposed setting MSG subtargets to grantees for participants in Quarters 1 through 3 of the program year and another for participants in Quarter 4 of the program year, with a higher MSG subtarget assigned to Q1–Q3 participants. Each AEL grantee’s individual MSG target, often referred to as the “blended target,” is based on the blended average of these subtargets, which are customized to the PY’19–’20 enrollment pattern.

Attachment 3 of this AEL Letter outlines the unchanged MSG targets.

**State Exit-Based Outcome Targets**

The General Appropriations Act (GAA), passed during the 86th Texas Legislature, Regular Session (2019), outlines three Workforce Innovation and Opportunity Act (WIOA) exit-based outcome measures for TWC’s AEL program. Like the MSG targets, AEL exit-based outcomes remain the same as those approved on August 27, 2019 for PY’19–20.

Attachment 3 of this AEL Letter outlines the unchanged exit-based measure targets.

**PROCEDURES:**

**No Local Flexibility (NLF):** This rating indicates that AEL entities must comply with the federal and state laws, rules, policies, and required procedures set forth in this AEL Letter and have no local flexibility in determining whether and/or how to comply. All information with an NLF rating is indicated by “must” or “shall.”

**Local Flexibility (LF):** This rating indicates that AEL entities have local flexibility in determining whether and/or how to implement guidance or recommended practices set forth in this AEL Letter. All information with an LF rating is indicated by “may” or “recommend.”

**Enrollment Targets**

**NLF:** AEL grantees must deliver services to meet the renegotiated PY’19–’20 Participants Served targets described in Attachment 1 of this AEL Letter in the following categories:

- EL Civics
- Integrated EL Civics
- Intensive Services
- IET
- Total Enrollment (Total Participants Served)
AEL grantees must be aware that Participants Served targets outlined in Attachment 1 of this AEL Letter include carryforward targets from PY’18–’19.

AEL grantees must be aware that a participant is an individual who has taken a pretest that establishes basic education eligibility and attains 12 direct contact hours. To receive credit toward participant enrollment targets, grantees must correctly code participants in TEAMS using the funding codes found in Attachment 4 of this AEL Letter. Participants must have at least one direct contact hour of service in the enrollment target category for EL Civics, Integrated EL Civics, Intensive Services, or IET to be counted toward that target.

Cost-Per Calculation and Local Distribution

AEL grantees must be aware that a participant may count toward more than one enrollment target category, such as EL Civics, Integrated EL Civics, Intensive Services, or IET, but he or she will only count once toward the overall Participants Served target. Participants who receive different types of Intensive Services, such as Workplace Literacy or Internationally Trained Professionals services, will only count toward the Intensive Services target category one time for the program year.

AEL grantees must be aware that enrollment targets in each service delivery tier are calculated at a certain cost-per that reflects an estimated expected expenditure for service delivery in that tier to meet the enrollment target; and costs, on average, may be higher or lower than the planned amount if the average cost is maintained.

AEL grantees that are consortia must include, where applicable to the service, enrollment targets in each service delivery tier in subrecipient contracts and include corresponding cost-pers to support the level of service delivery quality that TWC expects and the full expenditure of grant funds to meet the demand for year-round service delivery.

MSG and Exit-Based Performance Targets

AEL grantees must meet MSG, employment, and credential targets outlined in Attachment 2 of this AEL Letter, using the MSG and credential options described in AEL Letter 01-18, Change 1, issued September 7, 2018, and titled “Educational Outcomes for Adult Education and Literacy—Update,” and subsequent issuances.

AEL grantees must be aware of the Q1–Q3 and Q4 MSG subtargets in Attachment 3. Each grantee’s individual MSG target will be based on the blended weighted average of those targets customized to the grantees’ individual enrollment pattern in PY’19. AEL grantees are held accountable for these blended MSG subtargets so that AEL meets its federal MSG target, as negotiated with OCTAE.

AEL grantees must be aware of the following exit-based outcome targets in Attachment 2, which are applicable to exiters in the denominators outlined in AEL 01-18, Change 1, and subsequent issuances:

- Employed/Enrolled in Q2 Post-Exit: 34 percent
- Employed/Enrolled in Q2–Q4 Post-Exit: 83 percent
- Credential Attainment: 34.5 percent
**NLF:** AEL grantees must be aware that TWC holds them accountable for exit-based outcomes so that AEL meets its state targets, as outlined in the GAA.
