CHAPTER 800. GENERAL ADMINISTRATION

1 2 3

4

ADOPTED RULES WITH PREAMBLE TO BE SUBMITTED TO THE TEXAS REGISTER. THIS DOCUMENT WILL HAVE NO SUBSTANTIVE CHANGES BUT IS SUBJECT TO FORMATTING CHANGES AS REQUIRED BY THE TEXAS REGISTER.

5 6 7

8

The Texas Workforce Commission (TWC) adopts the following new subchapter to Chapter 800, relating to General Administration, without changes, as published in the October 23, 2020, issue of the Texas Register (45 TexReg 7545):

9 10 11

Subchapter L. Workforce Diploma Pilot Program, §§800.500 - 800.505

12 13

14

15

16

PART I. PURPOSE, BACKGROUND, AND AUTHORITY

Senate Bill (SB) 1055, 86th Texas Legislature, Regular Session (2019), added Texas Labor

Code, Chapter 317, requiring TWC, in consultation with the Texas Education Agency (TEA), to

create and administer a Workforce Diploma Pilot Program (Program). As outlined in Texas

17 Labor Code, Chapter 317, the Program will allow eligible high school diploma--granting entities 18

to be reimbursed for helping adult students obtain high school diplomas and industry-recognized

credentials and develop technical career-readiness and employability skills.

19 20 21

22

- SB 1055 stipulates that Texas Labor Code, Chapter 317 expires on September 1, 2025, and requires TWC to develop rules that:
- 23 --outline the application process to become a qualified provider;
- 24 --define the minimum performance standards for qualified providers, which include a graduation
- 25 rate of at least 50 percent and a program cost per graduate of \$7,000 or less for the previous
- 26 calendar year; and

27 --develop formulas to make the appropriate calculations to determine the graduation rate and

28 program cost per graduate.

29

30 SB 1055 includes the stipulation that TWC "is required to implement a provision of this Act only if the legislature appropriates money specifically for that purpose. If the legislature does not 31 32 appropriate money specifically for that purpose, the Texas Workforce Commission may, but is 33 not required to, implement a provision of this Act using other appropriations available for that

34 purpose." TWC is developing rules to implement the Program upon allocation of funds for its 35 implementation.

36 37

New Chapter 800, Subchapter L, Workforce Diploma Pilot Program, provides the rules for implementing new Texas Labor Code, Chapter 317, as added by SB 1055.

38 39 40

PART II. EXPLANATION OF INDIVIDUAL PROVISIONS

41 (Note: Minor editorial changes are made that do not change the meaning of the rules and,

42 therefore, are not discussed in the Explanation of Individual Provisions.)

43 44

SUBCHAPTER L. WORKFORCE DIPLOMA PILOT PROGRAM

TWC adopts new Subchapter L:

<u>§800.500. Purpose</u>

New §800.500 provides the purpose of the Program, which is to reimburse qualified providers that provide assistance to adult students to obtain high school diplomas and attain industry-recognized credentials and to develop technical career-readiness and employability skills, to the extent that funding is available for this purpose.

§800.501. Definitions

New §800.501 provides the following definitions for Subchapter L:

--"Academic resiliency" is a student's ability to persist and academically succeed despite adversity.

--"Academic skill intake assessment" is a formal and/or informal assessment used at intake to gather information on a student's current knowledge and skills in specific academic areas (for example, literacy and numeracy). That information is then used to determine the student's appropriate instructional level as well as accommodations and/or remediation that the student needs.

- --"Career Pathway" is a combination of rigorous and high-quality education, training, and other services that:
- --aligns with the skill needs of industries in the economy of the state or regional economy involved;
- --prepares an individual to be successful in any of a full range of secondary or postsecondary education options;
- --includes counseling to help an individual achieve his or her education and career goals;
- --includes, as appropriate, education offered concurrently with, and in the same context as,
- workforce preparation activities and training for a specific occupation or occupational cluster;
- --organizes education, training, and other services to meet the particular needs of an individual in a manner that accelerates his or her educational and career advancement to the extent

30 practicable;

- --enables an individual to attain a secondary school diploma or its recognized equivalent, and at least one recognized postsecondary credential; and
 - --helps an individual enter or advance within a specific occupation or occupational cluster (29 USC §3102, Definitions).

- --"Eligible participant" is an individual who is over the age of compulsory school attendance prescribed by Texas Education Code, §25.085 and who, as required by TWC:
 - --is a Texas resident;
- --lacks a high school diploma;
 - --is authorized to work in the United States; and
 - --is able to work immediately upon graduation from the Program.

- --"Employability skills certification program" refers to a certification in general skills that are necessary for success in the labor market at all employment levels and in all industry sectors.
- 45 Employability skills include problem-solving, collaboration, organization, and adaptability.

--"Half credit" is based on the Carnegie Unit, which refers to the standard award of credit given for a course that lasts one semester. When determining credits, qualified providers should consider instructional time plus the amount of time that the student would take to complete the coursework in a high school semester or academic year. In traditional education models, a student typically attends a class for 55 to 60 minutes a day for four or five days a week, in addition to studying independently.

--"High school diploma" is a credential awarded by an entity based on completion of all state graduation requirements as outlined in Texas Education Code, §28.025 and §39.023 and 19 Texas Administrative Code (TAC) Chapter 74, Curriculum Requirements, and Chapter 101, Assessment.

 --"Industry-recognized credential" is a state-approved credential that verifies an individual's qualifications and competence and is issued by a third party with the relevant authority to issue such credentials (US Department of Labor, 2010). Industry-recognized credentials offered by qualified providers must align with TWC's mission to target high-growth, high-demand, and emerging occupations that are crucial to state and local workforce economies and must reflect the target occupations for the local workforce development areas (workforce areas) in which services will be provided. Qualified providers may also reference the list of industry-based certifications for public school accountability that TEA publishes.

--"Learning Plan Development" is the process by which an individualized learning plan is developed after student intake; it is maintained through coaching and mentoring.

--"One credit" is based on the Carnegie Unit, which refers to the standard award credit given for a course that lasts a full academic year. When determining credits, qualified providers should consider instructional time plus the amount of time that the student would take to complete the coursework in a high school semester or academic year. In traditional education models, a student typically attends a class for 55 to 60 minutes a day for four or five days a week in addition to studying independently.

--"Program" refers to the Workforce Diploma Pilot Program set forth in Texas Labor Code, Chapter 317.

--"Qualified provider" that may participate in the Program and receive reimbursement is a provider that:

37 -

--is a public, nonprofit, or private entity that is:

 --authorized under the Texas Education Code or other state law to grant a high school diploma, or

--accredited by a regional accrediting body, as established by the US Secretary of Education pursuant to 20 USCS §1099b, Recognition of Accrediting Agency or Association;

--has at least two years of experience providing dropout reengagement services to adult students, including recruitment, learning plan development, and proactive coaching and mentoring, leading to the obtainment of a high school diploma;

--is equipped to:

--provide:

- 1 --academic skill intake assessment and transcript evaluations;
- 2 -- remediation coursework in literacy and numeracy;
 - --a research-validated academic resiliency assessment and intervention;
 - --employability skills development aligned to employer needs;
 - --career pathways coursework;
 - --preparation for the attainment of industry-recognized credentials; and
 - --career placement services; and
 - --develop a learning plan that integrates academic requirements and career goals; and
 - --offers a course catalog that includes all courses necessary to meet high school graduation requirements in Texas, as authorized under 19 TAC <u>Chapter 74</u>, <u>Subchapter B</u>, <u>Graduation</u> Requirements.

--"Regional accrediting body" must meet the criteria established by the US Secretary of Education pursuant to 20 USCS §1099b, Recognition of Accrediting Agency or Association, and appear on the US Secretary of Education's list of federally recognized accrediting agencies in the *Federal Register* as stated in 34 CFR §602.2. A copy of the list may be obtained from the US Department of Education.

§800.502. Request for Qualifications and List of Qualified Providers

New §800.502 describes the Program's Request for Qualifications (RFQ) provisions, as outlined in Texas Labor Code, Chapter 317, to the extent that TWC funding is available.

Texas Labor Code, Chapter 317 requires TWC to publish an RFQ no later than October 15th of each year to identify Program providers. New §800.502 outlines the application process for qualified providers as follows:

TWC will identify qualified providers to participate in the Program through a statewide RFQ process conducted in accordance with state requirements.

Potential providers will apply directly to TWC using the RFQ process, and, once identified as a qualified provider, must meet all deadlines, requirements, and guidelines set forth in the published RFQ.

TWC will publish a list of qualified providers by November 15th of each year to participate in the Program the next calendar year.

Each provider on the qualified provider list will be eligible to receive monthly reimbursements for this Program based on monthly invoices submitted to TWC, as prescribed in the RFQ's terms.

Each year, TWC will review and update the list of qualified providers. Qualified providers that do not meet the minimum performance standards outlined in §800.503 will be placed on probation for the remainder of the calendar year. Failure to meet both minimum performance standards for two consecutive years will result in disqualification from the Program.

TWC's determinations in the RFQ process will be based on the affirmation of the qualified provider to effectively perform all services and activities outlined in Texas Labor Code, Chapter 317.

4 5

6

§800.503. Minimum Performance Standards

As required by Texas Labor Code, Chapter 317, new §800.503 describes the minimum performance standards needed for qualified providers to remain on the qualified provider list.

7 8

- 9 New §800.503(a) states that the minimum performance standards for the calendar year must include a:
- -- graduation rate of at least 50 percent; and
- 12 --program cost per graduate of \$7,000 or less.

13 14

- New §800.503(b) provides the requirements for TWC actions if a qualified provider fails to
- maintain minimum performance standards. Section 800.503(b) requires TWC to annually review
- data from each participating provider to ensure that the services offered by the provider are
- 17 meeting the minimum performance standards. If TWC determines that a provider did not meet
- 18 the minimum performance standards in the previous calendar year, TWC shall place the provider
- on probationary status for the remainder of the current calendar year.

20 21

- New §800.503(c) requires TWC to remove any provider that does not meet the minimum
- 22 performance standards for two consecutive calendar years from the published provider list, as
- 23 authorized by Texas Labor Code, §317.005.

2425

§800.504. Graduation Rate and Graduate Cost Formulas

- As required by Texas Labor Code, Chapter 317, new §800.504(a) and (b) describe the formulas
- for calculating the graduation rate and Program cost per graduate.

28

- 29 Graduation rate is defined as and determined by dividing the number of students who received a
- 30 high school diploma from the qualified provider by the number of students for whom the
- 31 qualified provider sought and received reimbursements.
- New §800.504(b) provides the Program cost per graduate formula as the product of the number
- of students who received a high school diploma during the previous calendar year multiplied by
- \$7,000; that product may not exceed the total annual cost (reimbursements paid) to the qualified
- 35 provider for the total number of services provided.

36 37

§800.505. Reimbursement Rates

- New §800.505 provides the reimbursement amounts that a qualified provider may receive (to the
- 39 extent that funding is available). Pursuant to Texas Labor Code, §317.006, those reimbursement
- 40 rates will be as follows:

- 42 -- \$250 for completion of a half credit
- 43 --\$250 for completion of an employability skills certification program equal to at least one credit
- 44 or the equivalent
- 45 --\$250 for the attainment of an industry-recognized credential requiring not more than 50 hours
- 46 of training

- --\$500 for the attainment of an industry-recognized credential requiring at least 50 but not more
 than 100 hours of training
- 3 --\$750 for the attainment of an industry-recognized credential requiring more than 100 hours of
 4 training
 - --\$1,000 for the obtainment of a high school diploma

5 6

Additionally, §800.505 clarifies that a provider may not be reimbursed twice for one attainment of an industry-recognized credential.

9

TWC hereby certifies that the rules have been reviewed by legal counsel and found to be within TWC's legal authority to adopt.

12 13

PART III. PUBLIC COMMENTS

14 The public comment period ended on November 23, 2020. No comments were received.

15

16 PART IV. STATUTORY AUTHORITY

- 17 The rules are adopted under Texas Labor Code, §301.0015 and §302.002(d), which provide
- 18 TWC with the authority to adopt, amend, or repeal such rules as it deems necessary for the
- 19 effective administration of TWC services and activities.

20

22

21 The adopted rules implement the requirements of Texas Labor Code, Chapter 317.
